

CITY OF OREGON CITY

NATURAL RESOURCES COMMITTEE

AGENDA

Virtual Meeting
Wednesday, June 14, 2023 at 6:00 PM

This meeting will be held online via Zoom; please contact ocplanning@orc.org for the meeting link.

CALL TO ORDER & ROLL CALL

ADOPTION OF THE AGENDA

Natural Resources Committee members have the opportunity to rearrange, remove, or add items on the agenda. Adding an item to the agenda requires the consensus of the Natural Resources Committee.

PUBLIC COMMENT

Citizens are allowed up to 3 minutes to present information relevant to the City but not listed as an item on the agenda. The Chair has the discretion to waive limitations. Prior to speaking, citizens shall complete a comment form and deliver it to the Staff Member. The Natural Resources Committee does not generally engage in dialog with those making comments but may refer the issue to the City Manager.

NEW BUSINESS/DISCUSSION ITEMS

1. Natural Resources Committee input on the Clackamette Park Master Plan
2. Pollinator Gardens Webpage

COMMUNICATIONS

FUTURE AGENDA ITEMS

ADJOURNMENT

NRC APPLICANT INTERVIEW

PUBLIC COMMENT GUIDELINES

Complete a Comment Card prior to the meeting and submit it to the City Recorder. When the Mayor/Chair calls your name, proceed to the speaker table, and state your name and city of residence into the microphone. Each speaker is given three (3) minutes to speak. To assist in tracking your speaking time, refer to the timer on the table.

As a general practice, the City Commission does not engage in discussion with those making comments. Electronic presentations are permitted but shall be delivered to the City Recorder 48 hours in advance of the meeting.

ADA NOTICE

The location is ADA accessible. Hearing devices may be requested from the City Recorder prior to the meeting. Individuals requiring other assistance must make their request known 48 hours preceding the meeting by contacting the City Recorder's Office at 503-657-0891.

Agenda Posted at City Hall, Pioneer Community Center, Library, City Website.

Video Streaming & Broadcasts: The meeting is streamed live on the Oregon City's website at www.orcity.org and available on demand following the meeting. The meeting can be viewed on Willamette Falls Television channel 28 for Oregon City area residents as a rebroadcast. Please contact WFMC at 503-650-0275 for a programming schedule.

CITY OF OREGON CITY

Staff Report

625 Center Street
Oregon City, OR 97045
503-657-0891

To: Natural Resources Committee
From: Pete Walter, Planning Manager

Agenda Date: 06/14/2023

SUBJECT:

Natural Resources Committee input on the Clackamette Park Master Plan

STAFF RECOMMENDATION:

Provide comments on the Clackamette Park Master Plan

EXECUTIVE SUMMARY:

Planning Commission will review the General Development Plan for the Clackamette Park Master Plan on June 26, 2023. Planning staff requests NRC input on the proposal to forward to the Planning Commission.

Given its location and amenities, Clackamette Park has long been a well loved park, central to the community and a draw to the wider region. Because of general usage and ever evolving usage trends, several key amenities of the park were in need of upgrades or replacement, including the boat ramp, RV park, restroom building and pedestrian trail system. Oregon City Parks conducted an extensive outreach campaign to solicit input on the future of the park. Specific improvements to Clackamette Park that are included in this master plan include reorienting the main park entry, upgrades to site pedestrian and vehicular circulation, parking, a new boat launch facility, upgrading the existing boat launch facility to serve human powered craft, a new play area and large flexible open lawn spaces. Improvements also include relocating the RV park out of the flood plain, upgrading the restroom facilities, expanding the existing skate park, sport courts, art installations and extensive habitat restoration that includes plantings of trees, shrubs and ground cover.

City Code requires that Institutionally Zoned properties over 10 acres in size have a master plan approved pursuant to the standards in OCMC 17.65 by the Planning Commission prior to development.

The entirety of the park falls within the Natural Resources Overlay District, the Flood Management Overlay District and the Willamette River Greenway Overlay District.

BACKGROUND:

See project website: <https://www.orcity.org/planning/project/glua-23-00012>

OPTIONS:

1. Provide comments for the consideration of the Planning Commission.
2. Do not provide comments for the consideration of the Planning Commission.

CITY OF OREGON CITY

Staff Report

625 Center Street
Oregon City, OR 97045
503-657-0891

To: Natural Resources Committee
From: Pete Walter, Planning Manager

Agenda Date: 06/14/2023

SUBJECT:

Pollinator Gardens Webpage

STAFF RECOMMENDATION:

Provide comments on the new Pollinator Gardens Webpage
<https://www.orcity.org/communitydevelopment/pollinator-gardens>

EXECUTIVE SUMMARY:

Staff has created a basic webpage to provide information to the public about Pollinator Gardens. We welcome the NRC's comments about the website and seek input on what can be improved or expanded to maximize its usefulness.

BACKGROUND:

See project website: <https://www.orcity.org/communitydevelopment/pollinator-gardens>

OPTIONS:

1. Provide comments on the webpage
2. Do not provide comments on the webpage

BUDGET IMPACT:

Amount: \$
FY(s): TBD
Funding Source(s): TBD

Pollinator Gardens Webpage Content

Date: 5/31/2023

NOTE – this page content exists to allow the new page to be created on the old website, and will need to be recreated with the new website launch.

Why Create a Pollinator Garden?

You're probably aware that the populations of our native bees, butterflies, and other insect pollinators have been declining for several decades. Perhaps you've noticed fewer butterflies and bees in your own backyard?

Why does this matter? First, no insects means no food. About three-fourths of all flowering plants are pollinated by insects, as well as the crops that produce more than one-third of the world's food supply. Second, insects are the bedrock of our entire ecosystem (birds, lizards, frogs, and other wildlife). Without insects, the birds, fish, and small mammals that depend on them decline; if they decline, the entire food web and local ecosystem is affected.

Animal pollinators are needed for the reproduction of 90% of flowering plants and one third of human food crops. Each of us depends on these industrious pollinators in a practical way to provide us with the wide range of foods we eat. In addition, pollinators are part of the intricate web that supports the biological diversity in natural ecosystems that helps sustain our quality of life.

Even a single plant that supports pollinators can make a BIG difference. Let's help the bees and butterflies which, in turn, make our flowers bloom and our vegetables grow!

Discover ways to work with nature to make a pollinator garden, including plants that support pollinators.

On-line Education Resources for Pollinator Gardens:

At the bottom of this page is a selection of links to on-line educational resources about pollinator gardens. Happy browsing!
