Stormwater rules and regulations were updated from 1989 in 2015. Concerns included continued run off during heavy storms that don't seem to be able to handle the overflow in new developments adjacent to older ones; Wesley Lynn Park for one. Other concerns involved toxic waste in runoff.

6. Grievance Committee Report – Amy and Karin recused themselves; Barbara acted as Chair. Mark chose not to recuse himself. Staff left the decision for Mark to remain to the CIC. Jesse challenged Mark's decision because he didn't feel Mark should vote. Mark said he wouldn't vote, so Mark remained.

Mike made it clear there would be a time for public comment, but only on information already submitted. He also explained the format of the report. Top half of the report are findings, including the code; bottom half are additional work items to present to CIC for help in any future grievance.

Mike reported the Grievance Committee, 4 members present out of 5, found that the social media postings were done by private citizens and did not find Miranda Sierra was harmed by anyone representing themselves as CIC members.

Each voting member of each NA was asked to either recuse themselves from voting, due to X Party conflict. Shelley Batty chose to recuse herself. The 7 remaining voting NA members all approved the decision.

Mark continued to object and offer challenges on several issues, which can be seen/heard on the video.
