

CITY OF OREGON CITY BUDGET COMMITTEE AGENDA

Commission Chambers, Libke Public Safety Facility, 1234 Linn Ave, Oregon City
Thursday, May 1, 2025 at 6:00 PM

Ways to participate in this public meeting:

- Attend in person, location listed above. Please see the public comment guidelines below.
- Attend the livestream of the meeting on the City's YouTube Channel: <https://www.youtube.com/user/CityofOregonCity>
- Register to provide electronic testimony (email recorderteam@orcity.org or call 503-496-1509 by 3:00 PM on the day of the meeting to register)
- Email recorderteam@orcity.org (deadline to submit written testimony via email is 3:00 PM on the day of the meeting)
- Mail to City of Oregon City, Attn: City Recorder, P.O. Box 3040, Oregon City, OR 97045

1. CONVENE MEETING AND ROLL CALL

2. PUBLIC HEARINGS

- a. Elect to Receive State Shared Revenues

3. PUBLIC COMMENT

4. GENERAL BUSINESS

- a. Approval of Minutes
- b. Budget Deliberations

5. RECESS

- a. Recess to the May 8, 2025 Oregon City Budget Committee meeting.

ORDINANCE NOTICE

If an ordinance is noticed above in this agenda, the text of the ordinance is available online with the posted agenda packet. In addition, three copies are provided for public review in the Office of the City Recorder upon request.

PUBLIC COMMENT GUIDELINES

Complete a Comment Card prior to the meeting and submit it to the City Recorder. When the Mayor/Chair calls your name, proceed to the speaker's table, and state your name and city of residence. Each speaker is given 3 minutes to speak. Representatives of neighborhood associations may be given 5 minutes to speak if requested. As a general practice, the City Commission does not engage in discussion with those making comments. Complaints shall first be addressed at the department level prior to addressing the City Commission. Electronic presentations are permitted but must be delivered to the City Recorder 48 hours in advance of the meeting.

ADA NOTICE

The location is ADA accessible. Hearing devices may be requested from the City Recorder prior to the meeting. Individuals requiring other assistance must make their request known 48 hours preceding the meeting by contacting the City Recorder's Office at 503-657-0891.

Agenda Posted at City Hall, Pioneer Community Center, Library, City Website.

Video Streaming & Broadcasts: The meeting is streamed live on the [Oregon City's website](#) and available on demand following the meeting. The meeting can be viewed on Willamette Falls Television channel 28 for Oregon City area residents as a rebroadcast. Please contact WFMC at 503-650-0275 for a programming schedule.

City of Oregon City

Public Hearing on State Shared Revenues

May 1, 2025

The City is eligible to receive a portion of certain state revenues: fuel taxes, cigarette taxes, marijuana, and cities' 20% of OLCC net revenues.

Description	2019-2021 Actual	2021-2023 Actual	2023-2025 Amended Budget	2025-2026 Proposed Budget	2026-2027 Proposed Budget	2025-2027 Proposed Biennium
STATE REVENUE SHARING	\$ 875,533	\$ 937,417	\$ 1,032,400	\$ 408,000	\$ 427,000	\$ 835,000
STATE - LIQUOR TAX	1,325,733	1,435,005	1,482,000	638,000	669,000	1,307,000
STATE - CIGARETTE TAX	72,579	57,827	52,000	18,000	15,000	33,000
STATE - MARIJUANA TAX	281,153	84,593	127,300	67,000	67,000	134,000
STATE - GASOLINE TAX	5,070,272	5,932,204	6,061,100	3,089,500	3,097,100	6,186,600
Total Resources	\$ 7,625,270	\$ 8,447,046	\$ 8,754,800	\$ 4,220,500	\$ 4,275,100	\$ 8,495,600

To be eligible, Oregon City has to provide at least four (4) of a list of services:

- Police protection
- Fire protection
- Street construction, maintenance, and lighting,
- Sanitary sewer
- Storm sewers
- Planning and zoning
- One or more utility services (Water)

Oregon City offers more than four of these services and is eligible. Before June 30th, the Commission is asked to pass a resolution that certifies this. Staff will present that Resolution at the Budget Adoption meeting on June 4th, 2025.

Tonight we are holding a required Public Hearing before the Budget Committee to elect to receive an 'additional allocation' of state money: the 14% Oregon Liquor Control Commission OLCC tax. The purpose of the Public Hearing is to give the public an opportunity to comment or inquire verbally or in writing about the proposed use of the funds. We are combining this public hearing with the hearing on the entire proposed budget because the 14% OLCC tax is included in Intergovernmental general revenues on page 15 of the 2025-27 Proposed Biennial Budget. It is used for general government services.

Another Public Hearing is then required before the Commission on the proposed uses of the funds in relation to the entire budget. This hearing will be held during the same meeting as Budget Adoption.

Motion to approve the receipt of certain state revenues: fuel taxes, cigarette taxes, marijuana, and cities' 20% of OLCC net revenues.

Subject: Public Comment: Oregon City Budget Committee hearing

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Greetings Oregon City Budget Committee:

I write respectfully to comment on the current biennial budget deliberations.

Having observed both the earlier urban renewal budget committee meeting, and the first city budget committee meeting, I think henceforth there should be a rule of thumb, or a practice, if not an outright written rule, that the city budget deliberations should always take place PRIOR TO the urban renewal budget deliberations.

This year, the urban renewal budget committee voted to recommend to the urban renewal commission that the latter collect 100% of available TIF revenues over the coming biennium. This would leave the city with less funds to expend on city programs than if the URC did not collect 100% of available TIF revenues.

The manifest problem is that the UR budget committee made its recommendation within a significant information deficit: the city budget officer had not yet given the formal budget message to the city budget committee, which occurred later.

When that budget message was later presented, the difficult financial condition of the city itself was brought to light in detail. Furthermore, public comment on that situation was given, most notably by the Oregon City Police Employees' Association.

The city budget committee proceeded on the assumption that nothing could be done to increase city expenditures to address the city's needs, because the UR budget committee had recommended collecting 100% TIF revenues, and therefore less funds would be available for city expenditures such as one or more police officers, or alternatively for the city's building rehabilitation grant program.

I simply do not accept that the needs of the entire city and community of Oregon City should be subordinated to the needs of the urban renewal agency, which can only spend money within a geographically limited area of Oregon City.

As a citizen, taxpayer and voter, I would respectfully request that the city budget committee members, and more importantly, the city commissioners (particularly in their dual role as urban renewal commissioners), ignore the urban renewal budget committee's recommendation to the URC to collect 100% of available TIF revenues during the forthcoming biennium.

I would suggest UR TIF revenue collection at percentages of 0/0, 0/25, or 25/25 over the coming biennium. The key fact that permits such proposed TIF collection levels is the approximately \$9 million sitting in the URA's account.

If the city commission retained the building rehabilitation program with the city using general fund, these funds could be reserved for programs that by their nature require more than one year to complete. Such a program would not run afoul of the one-year limitation on "bonded indebtedness" in Section 59 of the charter, and in the approved urban renewal plan.

On the other hand, the \$9 million in URA TIF funds could be spent over the biennium on either a) projects that require more than one year to complete, and are approved by a public vote (the courthouse has been discussed as such a project) or b) other projects that can be completed in less than one year's time.

With these city and URA funding programs, the community can have a very impactful downtown redevelopment program, which I believe is critical over the coming biennium given the severe uncertainties downtown faces due to the national economy (tariffs, etc.) and, locally, the closure of the courthouse.

I would supplement my argument by countering what I feel was a harmful talking point often repeated during the recent campaign by some to extinguish Section 59 legally. Much rhetoric was expended on the argument that "we can't do anything" based on the one-year limitation on bonded indebtedness in Section 59.

The facts simply, and glaringly, prove otherwise. I give two examples of successful within-one-year UR grants to businesses that are now community favorites in Oregon City.

One is Nebbiolo's, which received a one-time start-up grant of \$45,000.

The other is White Rabbit Cafe, which received two grants, one for interior rehabilitation, and one for exterior rehabilitation. I am linking to this email as evidence the UR meeting documentation for the interior rehabilitation grant of \$120,000. The projected timeline was only three or four months, far, far less than one year.

<https://ormswd.synergydcs.com/HPRMWebDrawer/Record/9873152>

<https://ormswd.synergydcs.com/HPRMWebDrawer/Record/5346542>

Needless to say, these modest grants had significant positive impacts on downtown Oregon City. At those levels, one can just imagine what \$9 million can do over the biennium. Add to this a city fund for building rehabilitation grants for periods of over one year. Add furthermore the possibility of leveraging other funding such as state and federal historic tax credits.

In sum, over the next biennium there should be a minimum of available TIF revenue collected, and the additional revenue available to the city can be used on services like police, and perhaps the proposed city-funded building rehabilitation program. Over the biennium, the URA can use its existing \$9 million to make numerous impactful grants that are consistent with the one-year limitation on bonded indebtedness in Section 59 of the city charter, as incorporated into the urban renewal plan.

Oregon City

Downtown Oregon City Association
814 Main Street
Oregon City, OR 97045

April 29, 2025

Dear Members of the Oregon City Budget Committee,

First, I want to thank you for your time, dedication, and service to our community. We recognize the significant responsibility you carry in managing city resources, especially during such a challenging economic climate, and we are grateful for your work.

On behalf of the Downtown Oregon City Association, I would like to formally rescind our request for additional funding during this upcoming budget cycle. After watching last week's Budget Committee meeting and listening carefully to the broader needs presented, we believe this is not the right year to ask for additional support. We understand that other departments are facing serious challenges that are critical to the overall health and safety of our city, and we want to do our part to help prioritize those needs.

That said, we do want to be clear that continued funding at our current level remains vital to our organization's ability to serve the downtown district. Like many others, we are feeling the impacts of the current economic environment—sponsorships and donations are trending lower, while expenses and fixed costs continue to rise. In addition, we are facing upcoming unknowns, including the impact of the Clackamas County Courthouse relocation and the uncertainty around the future public use of Liberty Plaza. These dynamics make your continued support through existing funding all the more important, and we are incredibly grateful for it.

We also want to take a moment to specifically acknowledge and thank the City's Public Works Department, Economic Development, Permitting Division, and the Oregon City Police Department. Their partnership has been essential in helping us successfully organize events, enhance public spaces, and contribute to a safe, welcoming downtown environment. As we move forward, we hope to continue leaning on those valued partnerships and, when appropriate, may reach out to ask for additional logistical or operational support to help ensure the success of our city-partnered events and the well-being of the district.

While we are stepping back from requesting additional funding this year, we do want to share some context around why we initially made the request. Our funding from the City has remained at the same level since 2019. When adjusting for inflation, that original amount of \$60,000 would equate to closer to \$77,500 in 2025. Recognizing the City's broader financial pressures, we were planning to request a modest increase to \$75,000—below the full inflationary adjustment. Our request was made to account for the rising costs of delivering the same level of service and impact to downtown. We hope to revisit this conversation in the future when economic conditions are more favorable.

Thank you again for all that you do for our community and we look forward to continuing to work together to ensure Downtown Oregon City remains a thriving, welcoming destination for all.

Best Regards,

Juliana Allen (she/her)
Executive Director
Downtown Oregon City
Association

CITY OF OREGON CITY BUDGET COMMITTEE DRAFT MINUTES

Pioneer Community Center, 615 5th Street, Oregon City
Thursday, May 11, 2023 at 6:00 PM

1. CONVENE BUDGET COMMITTEE MEETING

Chair McGriff convened the meeting at 6:05 PM.

2. ROLL CALL

PRESENT: 10 - Committee Members Adam Marl, Mike Mitchell, Rocky Smith, Jr., Kyle Arnhart, Laurie Ariniello, Casey Flesch, Frank O'Donnell, William Gifford, Andie Smith, Denyse McGriff

STAFFERS: 16- City Manager Tony Konkol, Finance Director Matt Zook, Deputy Finance Director Erin Wilkie, Senior Financial Analyst Jennifer Waverly, Community Development Director Aquilla Hurd-Ravich, Library Director Greg Williams, Parks and Recreation Director Kendall Reid, Economic Development Manager James Graham, Human Resources Director Patrick Foiles, Communications Manager Jarrod Lyman, Public Works Director John Lewis, City Recorder Jakob Wiley, Assistant City Recorder Angelique Nomie, Police Captain Shaun Davis, Business Manager Kelly Dilbeck, IT Director Mike Dobaj

3. APPROVAL OF THE MINUTES

3a. Minutes of the April 27, 2023 Budget Committee Meeting

Motion made by Vice Chair Andie Smith, seconded by Secretary Gifford to approve the minutes of the April 27, 2023 Budget Committee Meeting. The motion carried by the following vote:

Yea: Committee Members Marl, Mitchell, Rocky Smith, Arnhart, Ariniello, Flesch, O'Donnell, Secretary Gifford, Vice Char Andie Smith, Chair McGriff

4. PUBLIC COMMENT

4a. Public Comments Received Prior to the Meeting

Candice Henkin, resident of Oregon City and member of the Oregon City Together Coalition. She asked that the city renew its grant funding Oregon City Together and spoke about the mission of Oregon City Together.

Bob LaSalle, chair of the Citizen Involvement Committee (CIC) provided a review of the budget request of the CIC. He said that the current budget of the CIC is \$52,000 for the biennium. The CIC requested \$97,926 to break even and an additional \$20,000 for miscellaneous expenses. There was discussion about the request for a miscellaneous fund, the financial responsibilities of the CIC, how the CIC budgets its money, and the efficacy of postcards.

Trieste Andrews, resident of Oregon City, discussed the funding request of the Arts Commission. She noted that the Arts Commission was reestablished in 2021 with a biennial budget of \$40,000 and discussed the activities of the Arts Commission to date. The Arts Commission asked for a biennial budget of \$160,000.

She said the Arts Commission would use the money for art grants, repairs for a sculpture, and a survey of art in the city.

5. BUDGET DELIBERATIONS

5a. Review Proposed Budget by Section

Tony Konkol, City Manager, began the budget review with the police department. The police department had a total budget of approximately \$27,300,000 and represented 45% of general fund expenditures. The department consisted of 46 sworn officers and 14 non-sworn positions. He noted that the proposal contained an increase in one full-time employee (FTE) for code enforcement and also one FTE for dedicated IT support.

Committee Member O'Donnell asked for an additional code enforcement officer on top of the proposal to ensure code enforcement officers were available on weekends.

Committee Member Flesch asked for an explanation of the police FTE changes. Mr. Konkol said that one police FTE had been funded by a contract with the community college, and that contract had ended. He said that a part-time officer had not been included in the count previously, so the city added .25 of an FTE to account for this officer.

There was discussion about the cost increase for 911 Dispatch services, the county jail, an code enforcement officer, adding a part time case management position, police response times, police staffing levels, special programs, and \$440,000 for vehicle purchases over the course of the biennium.

Mr. Konkol introduced the community development department section of the budget. This budget is broken into two pieces: planning and building. Mr. Konkol began with the planning portion.

The planning portion of the budget included \$150,000 for goal 6 of the commission, housing strategy. The budget did not include the \$90,000 needed for a tree canopy survey, which was part of commission goal 7. There was discussion about the creation of a public meeting space in the community development building, the addition of an administrative assistant FTE,

The building portion of the budget operated under a dedicated fund. The city proposed adding one additional plans examiner to handle an anticipated increase in permitting activities. Vice Chair Andie Smith pointed out that the budget proposal projected fewer permitting activities than in 2021 and 2022. Community Development Director Aquilla Hurd-Ravich responded that the projections were a conservative estimate that was still substantially higher than the years 2018-20. There was discussion about the changing state mandates and associated compliance deadlines.

Mr. Konkol introduced the economic development portion of the budget. He broke down the economic development funding sources into two groups. The first was the transient room tax, which was dedicated to tourism. The second came from the general fund and grants. Mr. Konkol then detailed the various programs and initiatives funded by economic development and the plan to create a Destination Marketing Organization to take over most or all of the tourism promotion activities of the city.

There was discussion about how the city could keep, grow, and attract businesses.

The committee took a break from 8:05 PM to 8:25 PM

Mr. Konkol introduced the parks and recreation portion of the budget. There was discussion about a proposed \$140,000 renovation of the kitchen at the Pioneer Center.

Vice Chair Andie Smith asked why the city did not have turf fields for athletics. Parks and Recreation Director Kendall Reid said that it was cost prohibitive. The city had worked with Oregon City Youth Sports

to install turf infield on a baseball field, and that along cost \$100,000. The department had \$12 million in expenses and \$23 million in deferred maintenance. The city did not charge for use of its fields, so there was no mechanism to raise funds devoted to this cause. There was discussion about using SDCs to fund turf fields and the potential of sports facilities as an economic development tool.

In response to a public comment, the parks and recreation department requested three additional FTEs and reclassifying one existing position at a combined annual cost of \$350,000 per year. This request was not part of the city's original proposed budget. There was discussion about the proposal, re-assessing how maintenance costs were calculated for the cemetery, how to show maintenance costs for End of the Oregon Trail Interpretive Center and the Ermatinger House in the budget, and a request to see revenue line items for donation funds.

There was discussion about the budget process, including the responsibility of the committee to approve a total budget amount in one number, the timeline, and establishing the tax rate.

Mr. Konkol introduced the library budget. The library proposed adding one librarian and two part-time library assistants. This change would be offset by eliminating 1.5 FTEs worth of on-call library assistants. Secretary Gifford asked why the on-call staff were not receiving benefits. The library had 11 benefited employees and 22 unbenefited on-call employees. Library Director Greg Williams explained that it was a cost issue that was not uncommon with Clackamas County Libraries. The library still had 10 years of \$415,000 per year left to pay on a bond.

There was discussion about overdue fines, how the Clackamas County libraries would have to create a successive district to increase its taxing rates to a sustainable level, and what an ideal number of benefited employees at the library would be.

6. APPROVE CITY BUDGET AND APPROVE PROPERTY TAX RATES

APPROVE THE 2023 - 2025 BIENNIAL BUDGET IN THE AMOUNT OF \$281,337,900 AS PROPOSED AND AMENDED, TO BE FORWARDED TO THE CITY COMMISSION FOR ADOPTION

APPROVE THE GENERAL OPERATING TAX RATE OF \$4.409 PER \$1,000 OF ASSESSED VALUE FOR FISCAL YEARS ENDING 2024 AND 2025

7. ADJOURNEMENT OR RECESS TO MAY 18, 2023 AT 6:00 PM

The Budget Committee will either approve and adjourn or recess to Thursday, May 18, 2023.

Motion made by Committee Member Mitchel, seconded by Secretary Gifford to recess the meeting to Thursday, May 18, 2023. The motion carried by the following vote:

Yea: Committee Members Marl, Mitchell, Smith, Jr., Arnhart, Ariniello, Flesch, O'Donnell, Gifford, Smith, McGriff

Chair McGriff recessed the meeting at 9:59 PM.

Respectfully submitted,

Jakob S. Wiley, City Recorder

CITY OF OREGON CITY BUDGET COMMITTEE DRAFT MINUTES

Pioneer Community Center, 615 5th Street, Oregon City
Thursday, May 18, 2023 at 6:00 PM

1. CONVENE BUDGET COMMITTEE MEETING

Chair McGriff convened the meeting at 6:05 PM.

2. ROLL CALL

PRESENT: 10 - Secretary William Gifford, Committee Member Rocky Smith, Vice Chair Andie Smith, Committee Member Adam Marl, Committee Member Casey Flesch, Chair Denyse McGriff, Committee Member Kyle Arnhart, Committee Member Mike Mitchell, Committee Member Laurie Ariniello, Committee Member Frank O'Donnell

STAFFERS: 18 - City Manager Tony Konkol, Finance Director Matt Zook, Deputy Finance Director Erin Wilkie, Senior Financial Analyst Jennifer Waverly, Community Development Director Aquilla Hurd-Ravich, Police Chief Jim Band, Library Director Greg Williams, Parks and Recreation Director Kendall Reid, Economic Development Manager James Graham, Human Resources Director Patrick Foiles, Communications Manager Jarrod Lyman, IT Director Mike Dobaj, City Engineer Dayna Webb, City Recorder Jakob Wiley, Assistant City Recorder Angelique Nomie, Police Captain Shaun Davis, Business Manager Kelly Dilbeck, Library Operations Manager Denise Butcher

3. PUBLIC COMMENT (3 minutes each)

3a. Public Comments Received Prior to the Meeting

Public comments received prior to the meeting were included in each committee member's printed agenda packet.

Pam Wilson, resident of Oregon City, spoke on behalf of Oregon City Together. She asked that the committee consider allocating a percentage of marijuana tax revenue to help fund Oregon City Together's prevention programs.

Kent Ziegler, resident of Oregon City, asked that the committee grant the parks and recreation department's request for more staff.

Karla Laws, resident of Oregon City, also asked that the committee grant the parks and recreation department's request for more staff.

Jerry Hermann, resident of Oregon City, also asked that the committee grant the parks and recreation department's request for more staff.

4. BUDGET DELIBERATIONS

4a. Review Proposed Budget by Section

City Manager Tony Konkol recapped the discussion about the personnel structure of the parks and recreation department and its request for additional staff, the proposal to hire an assistant city manager, line items for dedicated donation funds, and the estimated cost of all additional budget requests that had come up during the previous budget committee meetings.

Mr. Konkol discussed the money the city was receiving from opioid settlements, which could only be spent on specific uses. He also explained that the city wanted to use American Rescue Plan Act (ARPA) money for one-time capital projects, not for long-term staff hires. He explained the restrictions on how system development charges (SDCs) could be used for upgrading and increasing capacity at an existing park.

Secretary Gifford asked for benchmarks and metrics for success for the additional requests that had come up during the budget process. There was discussion about what the visible results would be from an addition of more parks and recreation maintenance staff.

Committee Member Mitchell asked how much unallocated ARPA money was left. Mr. Konkol said \$220,000. Committee Member Mitchell then asked how much time it would take to hire a new assistant city manager and if the funds dedicated to that position could be proportionally reduced to match how long it would take. Mr. Konkol said it would take 6 months, and the \$125,000 for those 6 months could be reallocated. He added that the City Commission could make that change at a later date without requiring a budget amendment.

There was consensus among the committee to accept the city's proposed budget and look at the individual requests separately.

There was discussion about whether or not to wait for the parks master plan to be completed before considering turf fields. Chair McGriff asked when the parks master plan would be complete. Parks and Recreation Director Kendall Reid said the parks master plan was on course to be completed in the early part of the biennium. He confirmed that revisions to the parks SDC methodology and analysis of what the community had identified as needs would both be part of the master plan. There was consensus to defer this until the parks master plan was completed.

There was discussion about the addition of four additional parks and recreation employees. There was consensus to add two.

There was consensus to set aside \$40,000 per year from opioid settlement funds to support youth opioid use prevention. The committee agreed that the City Commission would distribute this money at its discretion.

There was discussion about the funding request by the Citizen Involvement Committee (CIC). There was consensus to support what was already in the budget.

There was discussion about the proposal for the library to add \$350,000 per year to convert part-time staff to full-time and the funding sources of the library.

The committee took a break from 8:09 PM to 8:23 PM.

Chair McGriff asked if staff had calculated how much it would cost to convert one part-time library staff member to full-time. Mr. Konkol said that it would cost approximately \$60,000. There was consensus to do this.

There was discussion about the Arts Commission request for an additional \$60,000 per year. There was a question of where the money would come from. Mr. Konkol stated that the money could come from the unallocated transient room tax (TRT). Committee Member Rocky Smith added that the unallocated TRT funds were being accumulated to create a destination marketing organization to help the city take the next step in tourism development.

There was discussion about whether Arts Commission funds would prioritize restoration of existing art or creation of new art and if ARPA funds could be used. There was consensus to give the Arts Commission \$20,000 of ARPA funds for the biennium to be used on restoration of existing art.

The committee discussed the proposal to hire an arborist. There was discussion on whether or not hiring an arborist would represent a cost savings versus consulting with arborists when issues with trees arise and the difference between hiring an arborist and a forester. The committee chose to come back to this discussion later.

The committee began discussion of hiring additional code enforcement officers. Committee Member O'Donnell advocated for hiring two additional officers to ensure the city had weekend code enforcement coverage and ensure police officers are not being called for code enforcement cases. There was discussion about how code enforcement complaints are dealt with outside of code enforcement hours. There was consensus to hire one additional code enforcement officer, beyond the recommendations of the original budget.

The committee began discussion of hiring a case worker to support the behavioral health specialist in the police department. There was discussion about how the role would function and the cost of the position. Mr. Konkol added that he believed some portion of the position could be funded through agreements with neighboring cities or grants. There was discussion about community need, funding sources, and overlapping responsibilities with the county. There was consensus to add this position.

Finance Director Matt Zook gave an update on the combined dollar amount of the approved asks and broke them down by funding source. Fully funding each of these requests would result in the city being approximately \$330,000 over the biennium. The committee discussed covering the difference through raising the revenue by increasing the tax rate by 5 cents per \$1,000. Mr. Konkol said the difference could be covered by staggering the hiring of new FTEs. Committee Member Ariniello pointed out that that this would only solve the problem for one biennium.

There was consensus to move forward with the additional proposals by staggering hiring dates.

The committee took a break from 9:46 PM to 9:57 PM.

5. APPROVE CITY BUDGET AND APPROVE PROPERTY TAX RATES

APPROVE THE 2023 - 2025 BIENNIAL BUDGET IN THE AMOUNT OF \$281,337,900 AS PROPOSED AND AMENDED, TO BE FORWARDED TO THE CITY COMMISSION FOR ADOPTION

Mr. Zook updated the proposed 2023-2025 biennial budget from \$281,337,900 to \$282,481,529.

Motion made by Vice Chair Andie Smith, seconded by Committee Member Mitchell to approve the 2023-2025 biennial budget in the amount of \$282,481,529 as proposed and amended, to be forwarded to the City Commission for adoption. The motion passed by the following vote:

Yea: Committee Members Gifford, Rocky Smith, Andie Smith, Marl, Flesch, McGriff, Arnhart, Mitchell, Ariniello, O'Donnell

APPROVE THE GENERAL OPERATING TAX RATE OF \$4.409 PER \$1,000 OF ASSESSED VALUE FOR FISCAL YEARS ENDING 2024 AND 2025

Motion made by Committee Member Marl, seconded by Committee Member Mitchell, to approve the general operating tax rate of \$4.409 per \$1,000 of assessed value for fiscal years ending 2024 and 2025. The motion passed by the following vote:

Yea: Committee Members Gifford, Rocky Smith, Andie Smith, Marl, Flesch, Arnhart, Mitchell, Ariniello, O'Donnell

Abstain: Chair McGriff

6. ADJOURNMENT

Chair McGriff adjourned the meeting at 10:01 PM.

GOVERNMENT FINANCE OFFICERS ASSOCIATION

*Distinguished
Budget Presentation
Award*

PRESENTED TO

City of Oregon City

For the Biennium Beginning

July 01, 2023

Christopher P. Morill

Executive Director

The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to the City of Oregon City for its biennial budget for the period beginning July 1, 2023 and ending June 30, 2025. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communication device. This award is valid for a period of two years only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for the award.

BUDGET MESSAGE

April 24, 2025

Honorable Mayor McGriff and City Commissioners,
Budget Committee Members, and Citizens of Oregon City

INTRODUCTION

It is my pleasure to present the 2025 - 2027 Biennial Budget for the City of Oregon City. The budget is balanced, does not propose any increase to the existing Oregon City property tax rate of \$4.409 per thousand of assessed value, and has been prepared in accordance with Oregon budget law. Oregon City's biennial budget is designed to coordinate with the City Commission election and goal-setting process. In addition, budgeting every two years saves significant administrative time, allowing policy makers and staff more time to focus on important projects for the community.

As a result of the leadership of our City Commissioners, Oregon City is positioned to serve our residents and continues to provide services and programs in an efficient and effective manner. The Commissioners, City staff and community volunteers have worked hard to achieve extraordinary goals in the past few years. As discussed below and throughout the budget document, the City will continue to focus on providing programs that are valuable to the community, making needed investments in our infrastructure, supporting our workforce, and improving livability for our residents while also budgeting strategically to remain fiscally strong. Increasing personnel, material and services, and operating costs are pressuring the existing available revenue streams, requiring prudent budgeting and careful staffing level decisions.

This message provides an executive summary of the budget document and is divided into four sections. First is a budget overview, including an explanation of the total biennial budget and some of the changes being made to better support our community while also addressing escalating operating and personal costs and ensuring the long-term fiscal health of the City. The second section provides budget highlights of City Commission priorities and important department specific goals. The third section gives information on the City's major funds including summaries of revenues, expenditures, and key programs. Finally, the message includes a description of the fiscal policies and budget assumptions that guided the development of the budget.

BUDGET OVERVIEW

The proposed budget for the period July 1, 2025 through June 30, 2027 is \$318.1 million. The budget is designed to continue core services provided for the citizens of Oregon City. These core services include police protection, parks and recreation, community planning, safe buildings, maintenance of streets, and the provision of safe drinking water and sewer treatment services. In addition, Oregon City continues to provide services to both city and county residents at the library and is working to improve tourism opportunities through the creation of a Destination Marketing and Management Organization.

Along with prioritization of core services, the City Commission is dedicated to improving livability in the community through the accomplishment of *City Commission Goals*. The proposed budget includes

Budget Message

funding for the priorities that were identified by the City Commission during their biennial goal-setting process.

There are two types of funding available to provide core services and accomplish Commission goals and priorities – *discretionary* and *dedicated*. Dedicated funds make up the vast majority of the City’s budget and include resources that are legally or contractually restricted for specific services. For example, water utility payments are exclusively used to maintain the City’s drinking water system.

Discretionary revenues can be used for general purposes and are typically accounted for in the City’s General Fund. Property taxes are the most specific example of discretionary revenues and are allocated to police and parks and recreation. Each budget cycle, the City estimates discretionary resources and determines if additional funding will be available for core services or to address City Commission priorities. While many General Fund expenditures are technically not discretionary, the level at which they are funded is discretionary.

City of Oregon City Proposed Budget 2025 - 2027 Biennium					
Discretionary			Dedicated		
General Fund:			General Fund:		
Policy & Administration	\$ 13.1	19%	Policy & Administration	\$ 5.2	2%
Police	29.7	42%	General Government	1.6	1%
Parks & Recreation	13.5	19%	Tourism/Grants/Opioid/DOJ	3.0	1%
General Government	3.1	4%	Pass-Through	0.4	0%
Transfers to:			Unappropriated Fund Balance	6.0	2%
Library	0.6	1%	Library	12.2	5%
Planning	1.3	2%	Planning	3.7	2%
Engineering	0.1	1%	Building	10.7	4%

Reserves	4.6	6%	Water	41.6	17%
Equipment Replacement:			Wastewater	45.5	18%
Police	1.7	2%	Stormwater	13.5	5%
Parks & Recreation	1.5	2%	Public Works (Eng., Fleet, Billing)	8.7	4%
General Government	0.1	0%	System Development Charges	42.0	17%
Total Discretionary	<u>\$ 70.9</u>	<u>100%</u>	Equipment Replacement (PW)	8.8	4%
			Community Facilities	13.7	6%
			Park Donations	1.0	0%
			Debt Service	6.6	3%
			Total Dedicated	<u>\$247.2</u>	<u>100%</u>
			Total Budget	<u>\$318.1</u>	

(amounts presented in millions)

The table above provides a breakdown of discretionary and dedicated resources for the entire City budget. The budget includes \$70.9 million in programs funded with discretionary revenues. Policy and Administration comprises \$13.1 million in the General Fund, totaling 19% of the discretionary budget. The collection of departments in this category includes the City Commission, City Manager, Communications, City Recorder, Finance, Municipal Court, Human Resources, Economic Development,

and Information Technology. The proposed budget maintains the existing service levels for Policy and Administration.

A portion of Policy and Administration includes \$5.2 million of funding from dedicated resources. For example, support departments, such as City Manager, Communications, City Recorder, Finance, Human Resources, and Information Technology, provide services to Library, Community Development, and Public Works funds. The General Fund budget also includes \$3.0 million in dedicated funds for the City's Tourism program, Community Enhancement Grant program, national opioid settlement funds, and Federal seizure forfeiture funds. In addition, \$0.4 million is budgeted for pass-through payments to the County and State. Finally, \$6.0 million of Unappropriated Fund Balance in the General Fund is considered dedicated in compliance with City Reserve policy.

The Police Department is the primary focus of the City's discretionary resources with \$29.7 million in the General Fund and an additional \$1.7 million in equipment replacement reserve for equipment and vehicles. The Department represents 44% of discretionary resources.

Parks and Recreation is budgeted at \$13.5 million in the General Fund and \$1.5 million in reserves for equipment and vehicles, totaling 21% of discretionary funding. Key funding is included in this budget to expand the Parks Master Plans for the Municipal Pool and the End of the Oregon Trail, ADA improvements at various parks, Phase II of Park Place Park improvements, and Park projects potentially using Metro Local Share revenue.

The General Government category includes \$3.1 million in expenditures for shared costs and programs that benefit the entire city, as well as \$0.1 million in reserves for equipment replacement, the total of which represents 4% of discretionary funding. Examples of shared costs are general liability, property insurance, and building maintenance and utilities. Other discretionary support is provided by transfers to Library, Planning, Engineering and Transportation (to operate the Municipal Elevator and street light utility costs) funds. A portion of General Government includes \$1.6 million in funding from dedicated resources through the services of the Facilities Department to Library, Community Development, and Public Works funds.

The General Fund budget includes an ending balance of \$11.9 million, which is comprised of three types of reserves. *Contingency* represents a reserve for unanticipated events or opportunities during the biennium and is accessible through approval of the City Commission. The City's target is 10% of annual operating expenses. Contingency for the biennium is 10% of operating expenses, or \$4.6 million. *Unappropriated Ending Fund Balance* represents operating funds set aside to begin the following biennium. The City's reserve policy follows the recommendation by the Government Finance Officers Association of at least 17% (two months) of annual operating expenses, or \$6.0 million. Oregon budget law restricts access to unappropriated ending fund balance to emergency situations (involuntary conversion, civil disturbance, or natural disaster). Strong reserves also help to maintain the City's strong credit rating, significantly lowering the costs of borrowing. *Reserve for Future Expenditures* represents \$1.3 million of funds at the end of the biennium that are restricted for specific purposes to be spent in a future budget period. There is no specific target for this balance as it is based solely on specific purposes, such as grant funds, donations, or tourism revenue.

BUDGET PRIORITIES

The City Commission holds a formal goal setting process every two years to establish policy direction and goals for the upcoming biennium. The proposed budget is then prepared based on achieving those goals. This budget includes City Commission priorities and meets legal and departmental operating requirements.

The City Commission and executive staff participated in the goal-setting process in February 2025 and developed the **CITY COMMISSION 2025 – 2027 GOALS**. A list of the Commission's goals and priorities can be

Budget Message

found immediately following this budget message. In addition, copies of the Goals are available at City Hall and on the City's website.

Highlights of the proposed budget include continuing funding toward Commission goals, continued investment in information technology infrastructure, increased investment in transportation, water, wastewater, and stormwater projects, working to address homelessness in the community, design work for Clackamette Park, further development of the City's Economic Development and Tourism Plans, kickoff of a Destination Management and Marketing Organization, investments in Diversity, Equity and Inclusion, and improving citizen engagement in the local government process.

MAJOR FUNDS

General Fund

The General Fund includes programs that are funded by property taxes and general revenues, rather than specific dedicated revenue sources. Police and parks are the primary service areas, as well as economic development and departments that provide city-wide support.

Property tax revenues are projected at \$36.4 million for the biennium. This reflects estimated increases of 3.5% in the assessed value of property for each of the two years, with minimal compression, and 95.17% collection rates after discounts and delinquencies. The budget maintains a property tax rate significantly below the maximum allowed under law. This is very rare for cities in Oregon and saves single family homeowners in Oregon City more than \$325 annually, based on a typical new home's taxable assessed value of approximately \$500,000.

The remaining major sources of revenue for the General Fund are right-of-way user (franchise) fees in the amount of \$10.8 million for the biennium, intergovernmental revenues of \$5.3 million, charges for services (primarily park programs and parking revenues) of \$3.8 million, Municipal Court and other program fines and penalties of \$2.2 million and internal service charges of \$6.8 million. Internal service charges provide a mechanism for all departments to pay a fair share for administrative functions like the city manager's office, communications, city recorder, finance, human resources, information technology, general government and facilities management. Other revenues totaling \$4.8 million include pass-through revenues paid to the County and State on traffic fines, licenses and permits, assessments and other taxes (lodging and marijuana), proceeds from leases and subscription-based information technology arrangements and interest income.

The Police Department, with a total budget of \$30.0 million, is the largest department in the General Fund, representing 44% of expenditures. Policy and Administration (City Commission, City Manager, Communications, City Recorder, Finance, Municipal Court, Human Resources, Economic Development, and Information Technology) has a budget of \$18.5 million, which is 27% of expenditures. Parks and Recreation (Parks and Cemetery Maintenance, Recreation and Aquatics, and Pioneer Community Center operations) has a budget of \$13.1 million, which is 19% of expenditures. General government expenditures are budgeted at \$4.6 million, which is 7% of expenditures, and include overall community enhancements (investments in heritage assets and elevator operation) and shared City services (including facilities maintenance and general liability insurance). Pass-Through Expenses and Principal & Interest round out the remaining General Fund expenditures with a total budget of \$1.6 million, which is 3% of expenditures.

Transfers Out, while not classified as expenditures, comprises the remaining planned use of funds from the General Fund and includes transfers for equipment reserves and to support the Library, Planning, Development Engineering, and Transportation service areas.

At the conclusion of the biennium, the fund balance is budgeted at \$11.9 million. The fund balance is comprised of Contingency, Reserved for Future Expenditure, and Unappropriated Fund Balance. These

funds are necessary to provide protection against unexpected changes in financial conditions (Contingency at \$4.6 million) and to provide working capital for the beginning of the next budget cycle (Unappropriated Fund Balance at \$6.0 million). Reserved for Future Expenditures (\$1.3 million) represents dedicated resources restricted for the City's Tourism Program, Opioid Settlement funds, Department of Justice Forfeiture funds, and Community Enhancement Grant. General Fund reserves are particularly important to municipalities in Oregon because of limitations on the ability to increase tax revenues.

Library

The Library Fund is budgeted at \$12.2 million for the biennium. District property taxes are projected at \$5.9 million and comprise 49% of total resources. The remaining significant resources are a beginning fund balance of \$4.9 million and transfers in of \$0.6 million from the General Fund.

The Fund accounts for all Library operations. The budget for staffing and materials purchases is \$7.3 million. Principal and interest payments on the new library bonds are \$0.8 million. The Fund is left with \$3.4 million in ending fund balance (contingency). The Library continues to provide exceptional service to the residents of Oregon City, achieving high marks on the recent community survey.

Community Development Funds

The Community Development Department manages two funds: the Planning Fund and the Building Fund.

The Planning Fund is budgeted at \$3.7 million for the biennium. The primary revenues are charges for services, including \$0.6 million to customers, primarily for review of land use applications, and \$0.7 million for long-range planning services provided to other departments. Transfers in from the General Fund are \$1.3 million to support the Planning Division and services provided to the community.

Pass-through revenues and expenditures total \$0.6 million. The City collects school excise taxes on behalf of the Oregon City School District and remits the funds to the district for construction of school facilities.

The Building Fund total budget is \$10.7 million. Licenses and permits revenue of \$3.5 million are projected to fund operations for the biennium, with excess resources over operating expenses added to reserves. Pass-through revenues of \$0.6 million include State surcharge and Metro construction excise tax monies that are collected and remitted to those agencies. Operating costs are budgeted consistently with the prior biennium.

The building program ensures that new facilities constructed in the City are safe and structurally sound. Because the economy and development trends have such a significant impact on revenues, managing the program requires balancing immediate service needs with sustaining the program over a long-term. As a result, it is common for Building funds to accumulate larger ending fund reserves (contingency) during times of active development. The Building Fund ending reserve is budgeted at \$4.8 million, 81% of expenditures.

Public Works Funds

The Public Works Department operates in a series of funds, including the Engineering Fund and one for each of the City's utilities: Transportation, Water, Wastewater, and Stormwater. The utility systems all have unique operational and infrastructure maintenance needs.

Budget Message

Transportation

The Transportation Division is responsible for the construction and maintenance of roadways, pathways, sidewalks, traffic signalization and guardrails. Street Operations (gas tax funded) and Pavement Maintenance (utility fee funded) are accounted for separately within the Transportation Fund.

The Transportation Fund includes state gasoline tax revenue, which is anticipated at \$6.2 million for the biennium and, in accordance with State law, is required to be spent on transportation system improvements, safety enhancements, and roadway maintenance. The Fund also includes nearly \$1.4 million in Clackamas County vehicle registration fee revenue. The Transportation Fund also collects revenues estimated at \$6.6 million from the pavement maintenance utility fee. That revenue is restricted for use in accordance with the City’s annual pavement maintenance plan.

Expenses in the fund include \$10.7 million for transportation operations and maintenance, \$0.5 million for the Highway 213 and Beaver Creek Road turn lane project, and \$5.2 million for city-wide roadway reconstruction projects. Other important capital projects include several sidewalk enhancements designed to improve pedestrian safety. Additionally, transfers of \$0.8 million will be made to save for future facility needs, as well as for the funding of fleet replacement reserves.

Water

The Water Division maintains and distributes the City’s potable water supply and protects public health by closely monitoring the distribution system and complying with all safe drinking water standards. Division activities are accounted for in the Water Fund.

The Water Fund is budgeted at \$41.6 million for the biennium. Water utility charges are projected to be \$19.3 million, of which nearly \$4.8 million is remitted to South Fork Water Board for the purchase of treated water. Water rates are budgeted with a slight growth in accounts as well as inflationary increases of 3% each year. Additionally, the budget includes \$12.9 million in Water Infrastructure Finance and Innovation Act (WIFIA) loan proceeds. Operating expenses are generally consistent with the prior biennium, with an increase in internal service charges as referenced in the General Fund section above.

As a result of voter approval, the City was successful in obtaining a loan in the amount of \$16.3 million from the U.S. Environmental Protection Agency (EPA) in 2023 at 3.94% interest. Loan proceeds represent 49% of \$33.3 million in water projects, with the remaining \$16.9 million funded through water rates, ARPA funds, and system development charges. Loan funds are drawn down as needed until final project completion in 2028. Detailed information may be found in the Water Fund portion of this budget.

Wastewater

The Wastewater Division is responsible for the operation, maintenance, and improvement of the City’s sanitary sewer collection system. Division activities are accounted for in the Wastewater Fund.

The Wastewater Fund is projected to receive \$15.9 million in utility revenue for the biennium. This includes inflationary increases of 3% each year. For the biennium, approximately \$0.8 million in right-of-way usage charges are collected from the County’s regional treatment plant and are allocated to support wastewater infiltration and inflow reduction programs. The fund is budgeted to collect \$13.5 million in pass-through charges as well. Those funds are collected from customers for the Clackamas County Tri-City Sewer District. The City also entered into an intergovernmental agreement (IGA) with Water Environmental Services to help fund the City’s Infiltration and Inflow (I & I) projects. The IGA is anticipated to generate \$5.0 million in Wastewater revenue.

The proposed budget includes projects to address I & I in the sanitary sewer collection system. The Wastewater expenditure budget includes \$14.0 million in capital spending to further the City’s efforts to reduce the infiltration and inflow of ground water into the sanitary sewer system. Additional projects

include generator replacements at five pump station facilities and various pipe and manhole replacement projects.

Stormwater

The Stormwater Division is responsible for the operation, maintenance, and improvement of the City's systems of water runoff conveyance, flood control, and pollution remediation and reduction. Division activities are accounted for in the Stormwater Fund.

The Stormwater Fund is budgeted to receive utility revenue of approximately \$9.5 million. The City Commission adopted a new Stormwater Master Plan in 2020 through the execution of Ordinance 19-1014 and became effective April 17, 2020. A rate study completed in 2021 recommended an annual increase of 8% for five consecutive years beginning January 1, 2022 and ending January 1, 2027. The new rates were adopted by the City Commission resolution in July 2021. The proposed budget reflects the 8% increase each year of the biennium.

Expenditures are for staffing and contracts to clean and maintain 23 drainage basins, 97 detention ponds, 4,600 catch basins, 25 miles of streams and 26 underground detention tanks. The catch basins are cleaned annually, and the detention ponds undergo scheduled maintenance eighteen times each year. The Stormwater capital budget includes \$2.2 million for various projects throughout the City.

System Development

System Development Charges (SDCs) are collected on new development to fund future capacity-increasing projects required to meet the demands of related growth. SDCs fund projects in Parks, Transportation, Water, Wastewater, and Stormwater. Each utility is accounted for separately.

The Parks Division is projected to receive \$1.0 million in SDCs during the biennium. The Parks and Recreation Department will soon be updating the Parks and Recreation Master Plan to inform development decisions; however, several important projects are already identified. The SDC budget includes \$0.6 million in capital outlay for potential property purchases.

Transportation Division SDC revenue is budgeted at \$6.9 million for the biennium, which includes \$2.8 million in SDCs and \$3.9 million in a State grant for the Main Street project. Project funding totals \$5.8 million, including \$4.3 million for Main Street improvement from 10th to 15th, \$0.7 million for Highway 213 and Beaver Creek Road, \$0.5 million for Washington Street Corridor, and \$0.3 million for sidewalk and bike path infill.

The Water Division anticipates \$0.7 million in SDCs for the biennium. Revenues and reserves will be utilized to fund Water Infrastructure Finance and Innovation Act (WIFIA) projects to match the loan funds.

Wastewater Division SDC revenue is budgeted at \$0.3 million for the biennium, with \$1.0 million in SDC eligible capital projects proposed.

The Stormwater Division is anticipated to receive approximately \$0.1 million for the biennium, with no eligible SDC capital projects proposed.

FISCAL POLICIES AND BUDGET ASSUMPTIONS

As discussed above, the Biennial Budget was developed with a focus on achieving City Commission goals and priorities and maintaining vital municipal operations and important departmental goals that are designed to provide efficient and quality services to our citizens. The following fiscal policies and assumptions were also used to guide the budget process.

Revenues

Revenues are forecasted moderately to maintain operations and support necessary ending reserves. Major revenue assumptions include assessed value increases for property taxes of 3.5% in each year of the biennium. Utility rates for water, wastewater, stormwater, and pavement maintenance are budgeted for inflationary increases only, and stormwater rates are budgeted as prescribed by City Commission resolution in 2021 to increase by 8% from 2022 to 2026. Consistent with restrictions imposed in the Oregon City Municipal Code, the Community Safety Advancement Fund fee will not be adjusted. Other charges for services and general revenues are calculated based on a historical average with consideration for external economic factors.

Expenditures

To support our employees, personnel services are budgeted with cost-of-living increases that are consistent with contractual and regional inflation expectations. While medical costs have remained stable for eight years (the City requested proposals for medical services this year), medical renewal rates for the biennium are estimated to increase 9.8% to 11% per year over the two years, with minimal increases for dental.

Public Employees Retirement System (PERS) rates will increase by 1.9% to 3.50% of covered payroll effective July 1. Rate increases are lower than originally projected or anticipated. However, these rates are subject to change each biennium, so the City will continue to carefully monitor the impact of PERS.

As part of the budget request process, departments prepared budgets with flat or inflationary increases in materials and services costs and in capital purchases, assuming minimal change for each of the two years over current budget funding levels. Requests for expanded services were measured against available discretionary resources. Capital improvement/development fund budgets are exceptions to the capital guidelines because projects are often funded with non-operating resources and reserves accumulate in these funds over time to pay for required improvements. Departments were directed to maintain existing service levels while continuing to provide the highest quality service possible.

CONCLUSION

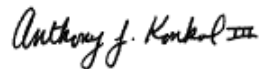

Oregon City continues to embrace the wealth of historical resources in our City while planning for the community that we would like to be in the future. The City Commission has emphasized the need to begin implementing and completing projects that have been identified and prioritized. The proposed budget, guided by the Commission’s Goals, balances the investment of the existing revenues being received to continue to provide the vital municipal services, infrastructure, and programs that are benefiting the community.

The proposed budget was created to address current needs of the City and to position our resources to address the fiscal challenges that lie ahead, such as the inflationary impacts on wages, materials, and services provided by the City. While revenues have generally returned or are nearing pre-Pandemic levels, new challenges associated with staffing levels, materials and labor inflation, and utility costs are increasing faster than revenues being generated. Balancing the need to address immediate needs with long-term, prudent fiscal decision making has resulted in a budget that has reduced staffing by not filling vacant positions, assumes higher general fund revenues due to the Urban Renewal Commission not collecting 100% of the available tax revenue within the district, includes funding for priority projects, and does not raise taxes. This will also require that, as we move forward, we actively monitor the budget and the programs that the City provides to ensure that we meet the revenue and expenditure assumptions that we have made.

I would like to thank the Directors, Managers and Staff that helped to prepare this budget. Their understanding of upcoming projects and programming needs and their commitment to making Oregon City an amazing community is greatly appreciated and evident in the work they complete.

I would also like to thank the Mayor and the Commission for their leadership and guidance in preparing the goals for the City and representing the community through their many hours of volunteerism. I look forward to working with the Commission and the Budget Committee members as we review the proposed budget and continue to make Oregon City a wonderful place to live and work.

Sincerely,

A handwritten signature in black ink that reads "Anthony J. Konkol III". The signature is written in a cursive style with a distinct "III" at the end.

Anthony J. Konkol III
City Manager

CITY COMMISSION GOALS

The City Commission of Oregon City has adopted the following Commission Goals and Priorities to focus on through the 2025-2027 budget cycle. The Goals and Priorities have been identified to meet the needs of residents through the community survey and to implement the City’s mission, which is to build a dynamic community that leads the State in safety, economic opportunity, livability, and historic significance. The following Goals and Priorities are all considered important to the City Commission and are not listed in order of priority.

OREGON CITY VISION

Embrace and advance Oregon City’s historic role as a regional leader

MISSION

Build a dynamic community that leads the State in safety, economic opportunity, livability, and historic significance

Goal: DIVERSITY, EQUITY, AND INCLUSION / SAFE COMMUNITY & WORKPLACE – Integration of principles and values that provide for a diverse, equitable, inclusive, and safe City that is welcoming for community members and visitors and strives to create an environment that supports the long-term tenure of employees.

Priorities:

- Identify methods to reduce barriers for community members to participate in city processes and to increase access to city services and programs
- Find methods to encourage Oregon City-based businesses to take part in City procurement processes and to prioritize buying local
- Empower staff to identify, implement, and operationalize the principles of a diverse, equitable, safe, and inclusive workplace
- Strive to internalize DEI into the organization and reduce the long-term need for consultant assistance to successfully continue and expand workplace advancements, education, and training
- Work with the External Community DEI taskforce to increase involvement and engagement with the community

All above – General Fund - Human Resources - \$250,000

Goal: FACILITIES & INFRASTRUCTURE – Completion of strategic planning, funding opportunities, and long-term investments to provide safe, updated, and sustainable infrastructure as well as improvements to, and construction of, needed city facilities.

Priorities:

- Create development plans for the Oregon City Pool and End of the Oregon Trail Museum that reflect a community-supported vision for the future location and costs to update or reconstruct the facilities

System Development Fund – Parks – \$300,000

- Increase community engagement, education, and outreach about the need for new funding sources to maintain, update, and expand parks and recreation facilities

General Fund – Parks and Communications - Staff

City Commission Goals

- Consider lobbyist support to identify and secure federal, state, county, and regional funding and grants for needed transportation, water, sewer, and stormwater infrastructure investments and to influence Legislative actions that impact the City

[Multiple Funds \(General, Planning, Public Works\) – \\$35,000](#)

- Strategically invest in Information Technology Systems that can keep pace with technological changes and advances, such as Artificial Intelligence, while providing for an accessible, safe, and secure Information Technology Environment

[General Fund – Information Technology](#)

Goal: COMMUNITY ENGAGEMENT – Increase participation opportunities for all residents and create an informed community that participates in the public process.

Priorities:

- Increase the material and content on the City’s website and social media channels, as well as the methods by which they are produced and delivered, to maximize the information provided in a short and concise manner, including possible expanded use of video

[General Fund – Communications – Staff](#)

- Expand community engagement and participation opportunities through the creation of new public events and programs such as community open houses, forums, surveys, and town halls

[General Fund – Communications – \\$10,000](#)

- Utilize community events, such as Concerts in the Park, National Night Out, and others to increase community education and engagement

[General Fund – Communications, Police, and Parks](#)

- Continue to support the Citizen Involvement Committee and Neighborhood Associations and strive to identify methods to increase community involvement and improve communication with the City Commission

[General Fund – Commission – \\$8,400](#)

[General Fund – Communications – \\$90,000](#)

- Investigate opportunities and costs to enhance Trail News and focus on more up to date material and information that is produced on a more regular basis

[General Fund – Communications – \\$90,000](#)

Goal: HOMELESSNESS – Advocate for proportional resources to address homelessness and leverage partnerships to achieve equitable funding for the population being served.

Priorities:

- Advocate for proportional federal, state, regional, and county funding to address the impacts on the community and to provide adequate local services to support the demands created by increased housing and social services
- Work with business partners downtown, Clackamas County, and non-profits to address existing impacts and identify solutions, especially the impacts associated with the existing after-hours and weekend homeless service gaps

- Provide for social services while utilizing enforcement as needed to meet community members and businesses expectations for a safe and inviting City
- Increase communication about the services, resources, and the role of the City and steps that are being taken to address homelessness in the community
- Continue to be a regional leader in identifying and implementing creative solutions and partnerships to reduce homelessness and its impact on the community
- Strive to embed the Oregon City Support Services Community Court into the proposed Caring Place facility to consolidate supportive services into one location

General Fund – Municipal Court - \$560,000

- Advocate for engagement and partnerships with neighboring communities to provide resources within their jurisdictions to increase services throughout the region

Additional funds in the budget to address homelessness are included in General Fund – Police – Behavioral Health Specialist (\$416,700), Case Worker (\$311,000) and camp cleanup (Police \$60,000 and Parks \$40,000).

Goal: ECONOMIC DEVELOPMENT & TOURISM – Create economic development and tourism programs and opportunities to promote a healthy and sustainable local economy that supports and contributes to the surrounding neighborhoods, businesses, and visitors.

Priorities:

- Ensure a smooth transition and the necessary support and coordination between the Destination Marketing and Management Organization and the City

General Fund – Economic Development - \$375,000

- Review the process for public and private event planning, the City grant processes, and the Metro Enhancement Grant program to determine if the application submittal and review process can be simplified and improved

General Fund – Economic Development – Staff

- Focus on the marketing and development of the employment lands within the Thimble Creek Concept Plan and along Meyers Road

General Fund – Economic Development – \$10,000 - \$20,000

- Complete the feasibility study for the expansion opportunities of broadband in Oregon City

General Fund – Economic Development – Staff

- Participate in discussions with Clackamas County to determine the future of the downtown County Courthouse and how to safely and securely manage the building while it is vacant to ensure it does not negatively impact the downtown businesses and visitor experience, while maintaining public access to Liberty Plaza

General Fund – Multiple departments – Staff

City Commission Goals

- Identify opportunities to support downtown Oregon City businesses in response to the relocation of the County Courthouse, including updating the parking study, potential business support programs, and employee parking opportunities
[General Fund - Economic Development – \\$10,000](#)
- Investigate opportunities to expand the enterprise zone, vertical housing tax credit, and other programs in the mixed use, commercial, employment, and industrial areas to support and encourage businesses, employment, and housing investments in Oregon City
[General Fund – Economic Development – Staff](#)

Goal: HOUSING – Increase the availability of housing options and the construction of mixed-use commercial buildings using incentives and available public lands, with a priority of creating work force housing.

Priorities:

- Create pre-approved designs for accessory dwelling units that would be allowed throughout the city, with the exception of the McLoughlin Conservation and Canemah Historic Districts
[Planning Fund - \\$20,000](#)
- Continue the process of discontinuing City use of the Center Street property
[Engineering Fund - Staff](#)
- Investigate the use of the Center Street property for workforce housing and potential public access to the upper yard and the two parking lots for private residential development
[Multiple Funds \(General, Engineering\) - Staff](#)
- Consider the creation of an inclusionary zoning program and extend the vertical housing tax credit where appropriate, primarily in the mixed-use zones
[General Fund – Economic Development – Staff](#)
- Implement tiered system development charges that reduce charges on workforce housing and smaller housing units while remaining revenue neutral
[Multiple Funds \(General, Engineering\) - \\$25,000](#)
- Advocate for infrastructure funding at the regional, state, and federal levels that would support the construction of new housing and the implementation of state mandates
[Multiple Funds \(Planning, Engineering\) – Staff](#)
- Identify opportunities to use public land in partnership with non-profits for the development of long-term workforce housing
[General Fund – Economic Development – Staff](#)

Goal: PARK LANDS & NATURAL RESOURCES – Transition from planning to constructing amazing parks and open spaces and create a plan to share with the community about the costs, revenue generation opportunities, and potential improvements to the City’s Park system to address the existing deferred maintenance.

Priorities:

- Adopt a 5-year Parks Capital Improvement Plan that prioritizes projects and will guide budget investments, revenue options, and grant opportunities for potential funding sources for deferred maintenance throughout the parks and recreation system
[General Fund – Parks staff](#)
- Strive to become recognized as a Bee City USA and increase high-quality habitat for pollinators, in particular native bees
[General Fund – Parks staff](#)
- Maintain our Tree City USA designation
[General Fund and Planning Fund – Staff](#)
- Identify and apply for grant funding to complete a tree canopy assessment and determine the need and costs associated with a City Arborist
[General Fund and Planning Fund – Staff](#)
- Identify funding and grants to begin the design and construction of a replacement boat ramp and park improvements at Clackamette Park
[General Fund – Parks – \\$400,000](#)

Oregon City Commission:
Rocky Smith, Jr., Adam Marl, Mayor Denyse McGriff, Scott Wilson and Michael Mitchell

The estimated timelines for each different goal are based on the priorities of the City Commission. The [2025-2027 City Commission Goals](#) are intended to all be started and worked on throughout the 2025-2027 Biennial Budget.

Each department’s section of the budget includes a Goals and Projects list. Each department’s Goals and Projects are intended to support and deliver the overall City Commission Goals. The City Manager assigns each department specific goals and projects that bring the City Commission Goals to fruition. Throughout the 2025-2027 Biennial Budget period the City Manager will share status reports with the City Commission and give updates on the timelines of the 2025-2027 Commission Goals.

BUDGET GUIDE

One of Oregon City's most important priorities is adopting a budget which establishes how the City plans on meeting the needs of its residents. As such, the budget document serves four purposes:

- ❖ A policy document: Oregon City reviews the priorities and goals for the community for the next two years and establishes policy on which ones will be funded in the next biennium.
- ❖ A communication device: It is a resource for residents to learn more about the operations of the city government; it summarizes significant budget issues (needs, economic factors and constraints), trends and choices made.
- ❖ A financial plan: It summarizes major revenues and expenditures and shows how the organization plans to fund the choices made.
- ❖ An operational guide: It identifies work programs and goals to be achieved for each department or unit in the coming fiscal year.

This budget document has been organized to ensure it meets those four functions. The document is arranged to provide City-wide information, fund summaries, and department detail budgets. Oregon City's budget document is divided into the sections as shown below:

INTRODUCTION

- ❖ Budget Message: Highlights the major provisions that have been included in the budget, describes fiscal policies for the coming fiscal year and any significant changes, discusses the major changes from the previous year in appropriations and revenues and the major policy issues that were considered
- ❖ City Commission Goals: City vision and mission along with Commission goals and

priorities which provide the foundation and direction for this budget

- ❖ Budget Guide: Instructions on how to use the Budget Document
- ❖ City Profile: Demographic, statistical and economic information, trends and assumptions that impact the budget
- ❖ Budget Process: Discussion of several specific steps that must be followed during the budgeting process including a budget calendar, an overview of how Oregon City's budget is developed, and information on budgeted funds and their organization
- ❖ Financial Policies: The City's major financial policies that shape or impact the budget process
- ❖ Citywide Organization Chart

BUDGET SUMMARY

- ❖ Total Budget: This section gives the reader a snapshot of the City's entire budget. This section contains high level summaries and charts.
- ❖ Fund Summary: This section breaks down the City's budget by fund. Under Oregon budget law, expenditures are generally broken down first by fund, then by department and/or program, then by object classification. A fund is a balancing set of accounts set aside to carry on a specific activity or to meet certain objectives in accordance with a specific regulation. Later in this book, expenditures will be described by department, program and object classification.
- ❖ Revenue Assumptions and Trends: This section contains information about the City's primary sources of revenue across all funds, including historic trends. The section also provides a brief explanation of Oregon's property tax system and the City's property tax revenues and assessed valuation.

FUNDS AND DEPARTMENTS

Oregon City’s budget is organized by service area reflecting the major functions the City provides for its residents. These service areas are then broken out into funds which account for the revenues, expenditures and reserves. The funds are then broken down further into one or more organizational units.

General Services, which are all included in the General Fund, include Policy and Administration, Police, Parks & Recreation, and General Government as organizational units.

Library, Community Development, and Public Works are each broken down further into funds in which the service area is the sole organizational unit within the fund.

Capital Projects and Other each include multiple funds with multiple organizational units.

The graphic below further explains this relationship. More information about the City’s funds and organizational units can be found in the Budget Organization portion of the Budget Process section.

The information in the Funds and Departments section is organized as follows:

- ❖ Organization Chart
- ❖ Budget Overview: Provides a snapshot of revenues and expenditures including budgetary highlights
- ❖ Department Narrative: Provides an overview of the department and programs, long term goals and objectives tied back to the organizational goals, accomplishments, selected performance measures, and significant budget changes
- ❖ Summary of Department and Program Expenditures: Additional information on departmental expenditures by Object Classification:
 - ♦ Personnel Services
 - ♦ Materials & Services
 - ♦ Capital Outlay
 - ♦ Special Payments
 - ♦ Debt Service

- ♦ Transfers
- ♦ Operating Contingency
- ♦ Reserved for Future Expenditures
- ♦ Unappropriated Ending Fund Balance

ADDITIONAL INFORMATION

This final section contains a variety of other budget-related information that may be useful to the reader in understanding Oregon City’s budget and policies. This section includes:

- ❖ Personnel: Summary of personnel changes, positions, costs, and trends
- ❖ Capital Improvement Program: Overview of capital program and highlights of major capital projects and property purchases
- ❖ Debt Administration: Debt outstanding, future debt service, compliance, and limitation
- ❖ Long-Range Planning
- ❖ Required compliance schedules and information (Oregon Budget Law)
- ❖ Glossary

DID YOU KNOW?

Oregon City is the first permanent Euro-American settlement in the Willamette Valley and the first incorporated city west of the Rocky Mountains. Founded in 1829 and incorporated in 1844, it first became the home to fur traders and missionaries. As “the end of the Oregon Trail,” it soon became the final destination for many early immigrants.

GOVERNANCE

Oregon City is the County seat of Clackamas County in Northwest Oregon, thirteen miles south of Portland, Oregon at the confluence of the Willamette and Clackamas Rivers. The City was established in 1829 and incorporated in 1844, later becoming the capital of the Oregon Territory. It currently encompasses 10.27 square miles and is part of the Portland Greater Metropolitan Area.

The City operates under the provisions of its own charter and applicable state law with a Council-Manager form of government. The elected officials consist of the Mayor and four Commissioners who serve staggered four-year

terms. All positions have term limits, and no person shall hold office for more than two terms of four years in any ten-year period. The Mayor and Commission vote on all ordinances and legislative matters, set policies for City government, and appoint, direct, and evaluate the City Manager. (The City Commission also appoints the Municipal Judge.) The City Manager is appointed by the City Commission to oversee the delivery of public services and is responsible for all administration and management.

The City provides a full range of municipal services to the community which includes police protection, traffic control and improvements, street maintenance and improvements, water, sewer and storm drain services, planning, zoning and building regulation and inspection, community library service, municipal court and parks and recreation. Fire protection is provided by the Clackamas County Fire District #1 which has its own tax rate.

DEMOGRAPHICS

Oregon City’s population is currently estimated at 38,029. The City is one of Oregon’s fastest growing with an 12.05% increase since 2016. Future growth will likely continue in the 0.75% – 2.0% range as the City still contains undeveloped land within its Urban Growth Boundary. The state forecasts population to increase by slightly higher percentages than the rest of the country. The table to the right shows 10-year historic and forecasted population for Oregon City, according to estimates from the Population Research Center.

ECONOMY

Oregon City’s economy is linked with that of Clackamas County, the Portland Metropolitan Service Area (MSA), and the State of Oregon. Oregon City’s status as the Clackamas County seat has broadly positive impacts on employment and the local economy. Interstate 205 and State Highways 99E and 213 link Oregon City to Portland, Salem and Southwest Clackamas County. The Portland MSA comprises Clackamas, Columbia, Multnomah, Washington and Yamhill Counties in Oregon, which together include over 47 percent of the State’s population according to U.S. Census estimates. Oregon City is home to shopping areas, recreational opportunities, businesses, a wide variety of historical and cultural attractions, and several interpretive centers and museums dedicated to celebrating the pioneer spirit.

City Profile

Key economic clusters, which account for a great portion of the area’s gross domestic product and have a greater presence in this area relative to the region, include health care, professional business services, high tech and advanced manufacturing, software and media production, and agriculture. Specifically, government and education are the top employment sectors in Oregon City, constituting 31% of all employment. As the Clackamas County seat, Oregon City is home to several County facilities that serve the region. The City is also home to Clackamas Community College’s main campus. Founded in 1966, it is now one of the largest community colleges in the state of Oregon, serving an average of 20,000 students annually. Providence Willamette Falls Medical Center, a not-for-profit acute care hospital employing over 625 people, also operates in Oregon City. The following chart shows the top ten employers in the City as of 2024 based on the City’s business license data and County records.

Employer	Type of Business
Clackamas County	Government
Oregon City School District	Education
Clackamas Community College	Education
Providence Health	Health Services
Benchmade Knife Co., Inc	Manufacturing
Home Depot	Retail
Fred Meyer	Retail
City of Oregon City	Government
Orchid Orthopedic Solutions Oregon, Inc	Health Services
Ivory Coast Management LLC DBA McDonalds	Retail
Safeway	Retail

The Oregon unemployment rate is now slightly higher than it was pre-pandemic. As of December 2024, Oregon’s unemployment stood at 4.3%. The unemployment rate in the County is slightly less than the rate for the State overall, though changes in the County’s rate over time have remained consistent with those of the State.

The most recent State of Oregon Economic and Revenue Forecast has indicated that the labor market is expected to remain at or near full employment. The unemployment rate is expected to remain in the low 4% range, while the share of working-age Oregonians with a job will be at or near an all-time high. The current household income in Oregon City is estimated at \$94,648, approximately 20.5% higher than the National average of \$78,538 and 17.7% higher than the State average of \$80,426.

The real property market value and assessed value continue to increase as the City grows. However, residential construction and real estate remain constrained by poor affordability attributable to both high prices and elevated mortgage rates. The median home value in Oregon City is approximately \$587,000, approximately 31.7% higher than the national average and 13.2% higher than the State average.

Oregon City’s real property market value and assessed value has also steadily increased after seeing declines in 2008; the assessed (or taxable) value, however, remains significantly lower than the real market value. Expectations call for continued slow growth over the next year. Further information on tax

growth and the difference between assessed and market value is provided later in the budget in the Revenue Trends section. Additional information on housing prices in the City are shown below.

The Consumer Price Index (CPI) is a leading economic indicator that measures inflation and represents the changes in prices of all goods and services over time. This indicator is tracked and published by the U.S. Department of Labor’s Bureau of Labor Statistics. The change in the CPI for the West Region from December of 2022 to December of 2024 was a decline of 3.7%. This means that in December 2024, goods, on average, cost 3.7% less than in December 2022. The chart to the right highlights the percent change in the CPI over the past ten years.

BUDGET PROCESS

BUDGET DEVELOPMENT AND ADOPTION

According to City Charter and Oregon Revised Statute (ORS 294), the City of Oregon City must prepare and adopt a balanced budget. Local Budget law allows governments to budget either on a one-year or a two-year cycle, as approved by the governing body. The Oregon City budget is presented in fund and department categories for a biennial (two-year) period. Spending in excess of appropriations in any category is prohibited and unexpended budget appropriations lapse at the end of the biennium.

This represents Oregon City’s sixth biennial budget. A biennial budget period is a 24-month period beginning July 1 and ending June 30 of the second succeeding year. For this biennial budget, the period commences July 1, 2025 and ends June 30, 2027.

Staff begins preparing the biennial budget several months prior to adoption. Starting in December, staff forecasts revenues, expenditures and fund balances based on known future changes in fees, economic conditions, and other factors. In January, meetings are held with department heads, the Mayor, and City Commission to set goals and priorities for the upcoming biennium.

In February and March, department staff prepares their requested budgets to fulfill the City goals as set by the Commission. These goals and the necessary resources to accomplish them are included in the budget requests and roll up into the overall budget and forecasts. After departments submit their requested budgets, Finance staff reviews the requests and meets with the departments. After analyses and reviews are completed, Finance and the departments meet with the City Manager in March to review the requested budgets. The City Manager makes decisions which are then incorporated into the proposed budget.

In April, a preliminary budget (the proposed budget) is prepared. Budget Committee meeting notices are published in April as well.

In late April or early May, the proposed budget is presented to the Budget Committee, which, by

law, comprises the Mayor, City Commission, and the same number of resident members (in this case, five). A notice of a public meeting is published in the local newspaper and posted on the City website. At each budget meeting, time for public comment and input is provided. After all input has been received, the Budget Committee approves the budget with any changes and forwards it to the Commission for adoption.

The City Commission holds a public hearing to review and adopt the final budget in June. If they propose a change that increases property taxes or expenditures within a fund by more than ten percent or \$10,000, whichever is greater, the amended budget must be republished, and a separate public hearing must be held by the Commission. The City Commission adopts the budget by resolution and approves the tax levy prior to June 30 each year. The adopted budget is filed with the county clerk and State of Oregon, and the property tax levy is certified to the County Assessor by July 15 each year.

BUDGET MONITORING AND ADJUSTMENTS

During each year, expenditures and revenues are monitored for compliance with the adopted budget and state law. Monthly revenue and expenditure status reports, including budgetary information are provided to Management. Annually, an audit is performed and filed with the State of Oregon by an independent certified public accountant. This report includes comparisons of budgeted to actual revenues and expenditures and documents the City’s budgetary compliance.

Oregon Budget Law allows for changes to the City budget for reasons unforeseen at the time of adoption. For instance, a transfer from one appropriation category to another can be adopted by resolution of the City Commission. On the other hand, certain changes, such as appropriation increases, require a supplemental budget. Though a supplemental budget does not require the involvement of the budget committee, it does require a public hearing similar to the process followed during the adoption of the budget. Further detail is located in ORS 294.

BASIS OF BUDGETING

The City budgets all of the funds using the modified accrual basis of accounting in accordance with budgetary accounting practices and Generally Accepted Accounting Principles (GAAP) for governmental funds. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collected within the period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. Debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when the payment is due.

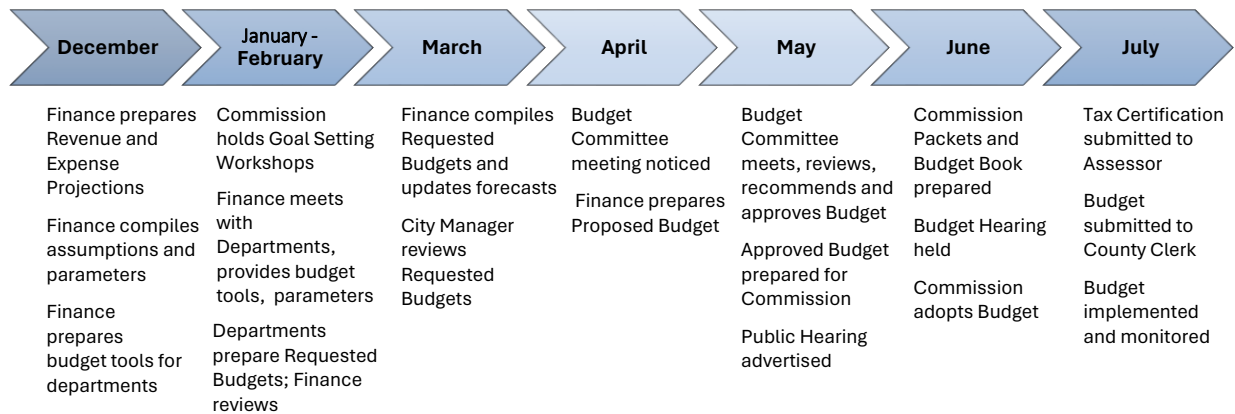

For financial reporting purposes the enterprise funds are converted from the modified accrual

basis to the accrual basis of accounting, but the budgetary enterprise statements are reported with the modified accrual basis of accounting. Additionally, the audit, as reported in the Annual Comprehensive Financial Report, accounts for the City’s Downtown Urban Renewal Agency (URA), a component unit of the City. A component unit is a legally separate organization for which the elected officials of the City are financially accountable. The URA adopts a separate budget which may be obtained from the City, 625 Center Street, Oregon City, Oregon 97045. Pursuant to Budget law, this budget also includes historical information for any closed funds that were closed during the years presented.

BUDGET CALENDAR

The City’s Biennial Budget development cycle begins in December of even-numbered years and concludes in June of odd-numbered years.

Phase I

Phase II

Budget Process

BUDGETED FUNDS

Oregon City uses various funds to account for its revenues and expenditures. Each fund is categorized by type as prescribed by GAAP and Oregon Budget Law. Revenues in each fund may be spent only for the purpose specified by the fund with the exception of the General Fund which is used to account for general purpose, or unrestricted, revenues and operations of the City. Most of the City's principal operations are budgeted in the General Fund as they are funded by general purpose revenues (property taxes, franchise fees, and certain state shared revenues). General Fund operations include Administration, Court, Parks and Recreation, and Police. Other City functions, such as the Library and Utilities are budgeted in separate funds due to the specified purpose of their revenues (library tax or utility charges). The definitions for the fund types utilized and budgeted by the City are as follows:

Governmental Funds:

General Fund – accounts for all financial resources not accounted for in another fund

Special Revenue funds – account for proceeds and spending of specific revenues restricted or committed for specified purposes other than debt service or capital

Capital Projects funds – account for financial resources to be used for the acquisition or construction of capital equipment and facilities

Debt Service funds – account for the accumulation of resources for, and the payment of, long-term debt principal and interest

Proprietary Funds: account for activities where the emphasis is placed on net income determination (The City maintains two different types of proprietary funds: **Enterprise** and **Internal Service.**)

BUDGET ORGANIZATION

The following chart further helps to illustrate, by service area, the City’s funds and organizational units.

			ORGANIZATIONAL UNIT / APPROPRIATION LEVEL								
	FUND TYPE	FUND CATEGORY	Policy and Administration	Police	Parks and Recreation	General Government	Library	Community Development	Public Works	Debt Service

	Utility Customer Service Fund	Internal Service	Proprietary	✓				✓			
	Equipment Replacement Fund	Internal Service	Proprietary	✓	✓	✓	✓	✓	✓		

⊕ = major fund

A major fund is defined as any fund whose revenues or expenditures, excluding other financing sources and uses, constitute more than 10% of the revenues or expenditures of the total budget. For the 2025-2027 biennium, the following funds meet this criterion:

General Fund – Accounts for the City’s legislative activities and administration, human resources, finance, information technology, police, municipal court, and parks and recreation; primary revenues are property taxes, franchise fees, fines and forfeitures, and intergovernmental revenues.

Water Fund – Accounts for the operation of the City's water system; customer charges are the primary revenues.

Wastewater Fund – Accounts for the operation of the City's sanitary sewer collection system; customer charges are the primary revenue source.

BUDGETARY CONTROL

The legal level of budgetary control, which is the level at which management cannot overspend the budget without the approval of the governing body, is based on the level at which the governing body appropriates amounts, referred to as the appropriation level. For the City, amounts are appropriated by department (Policy and Administration, Police, Public Works, etc.) within each fund. Departments represent organizational units of the City. Requirements not specific to a department, such as transfers and contingency, are budgeted separately within each fund. Appropriations lapse at the conclusion of each budget period, and incomplete projects must be re-appropriated in the following period as part of the adoption process.

FINANCIAL POLICIES IMPACTING THE BUDGET

GOALS AND PURPOSE:

- ❖ Provide accurate and relevant financial information for the City Commission and management to enable them to make and implement policy
- ❖ Ensure the financial integrity of City operations
- ❖ Promote and assist with sound management of City government
- ❖ Protect and enhance the City's bond rating
- ❖ Ensure accountability and transparency
- ❖ Ensure surplus cash is prudently invested
- ❖ Ensure that adequate reserves are maintained
- ❖ Provide adequate funds to operate desired programs and meet the City's debt provisions and obligations

REVENUE POLICY:

- ❖ The City will strive to maintain a diversified and stable revenue system to protect the City from fluctuations in any one revenue source.
- ❖ One-time revenues should not be used for ongoing expenditures, but instead for one-time expenditures.
- ❖ All City funds shall be safely invested to provide first a sufficient level of liquidity to meet cash flow needs and second to provide the maximum yield possible.
- ❖ Utility rates will be set at levels sufficient to cover operating expenditures, meet debt obligations and debt service requirements, and provide adequate levels of working capital.
- ❖ The City will periodically review and revise user fees to recover the costs of those services to the extent possible.
- ❖ The City will estimate its annual revenues objectively, analytically and conservatively.

BUDGET POLICY:

- ❖ The City shall prepare, present, adopt and amend its operating budget in accordance with Oregon Local Budget Law.
- ❖ The City is required to prepare a balanced budget according to Oregon Administrative Rules which state that:
 1. The budget must be constructed in such a manner that the total resources in a fund equal the total requirements for that fund, and
 2. The total of all resources of the City must equal the total of all requirements for the City.
- ❖ The City will avoid budgetary procedures that balance current year expenditures at the expense of meeting future years' expenses.
- ❖ Departmental objectives will be integrated with the City's biennial budget.
- ❖ The City Commission shall adopt the budget at the fund or department level (if a fund contains more than one department) as a total dollar amount for all appropriations except contingency, unappropriated ending fund balance and reserves, which shall be stated separately.
- ❖ Funding sources for capital projects will be identified and ongoing operating costs will be quantified.
- ❖ The City will plan for vehicle, equipment, and building replacement to ensure resources are available when needed.
- ❖ Cost analysis of salary increases will include the effect of increases on the City's share of related fringe benefits and will incorporate estimated market and/or merit adjustments as well as all union and other contract obligations.
- ❖ All non-salary benefits will be estimated and their impact on future budgets assessed annually.
- ❖ Monthly reports comparing actual to budgeted expenditures will be prepared by the Finance Department and will be distributed to Management.

- ❖ The City will prepare budgets on a biennial basis to coincide with the Commission visioning and will provide annual updates including financial updates and operational progress.
- ❖ The City will submit the Adopted Budget Document for consideration for the Award for Distinguished Budget Presentation from the Government Finance Officers Association (GFOA) for each budget cycle.

CAPITAL IMPROVEMENT POLICY:

- ❖ The City will capitalize all capital assets and improvements of a long-term character which are to be held or used, such as land, buildings, improvements other than buildings, and machinery and equipment with a value of \$10,000 or more.
- ❖ The City will develop a multi-year plan for capital improvements and update it biennially.
- ❖ The future operating costs associated with new capital improvements will be projected and included in the operating budget forecast.
- ❖ The City will determine the most effective and efficient financing method for all new projects.
- ❖ System development charges will be used for infrastructure capacity expansion and improvements including in-house engineering and design.

DEBT POLICY:

- ❖ The City will not use long-term debt for current operations.
- ❖ The City will follow a policy of full disclosure on every financial report and required debt disclosure.

- ❖ Capital projects financed through bond proceeds shall be financed for a period not to exceed the useful life of the project.
- ❖ The City shall review its outstanding debt periodically for the purpose of determining if the financial marketplace will afford the City the opportunity to lessen its debt service costs.
- ❖ The City shall periodically review possible actions to maintain or improve its bond ratings and maintain good communications with bond rating agencies about its financial condition.

RESERVE POLICY:

- ❖ The City shall establish a contingency reserve to provide for unanticipated expenditures of a nonrecurring nature and to meet unexpected increases in service delivery costs; these funds may not be directly disbursed from the contingency reserve but only in accordance with local budget law in the State of Oregon.
- ❖ The City will maintain an unallocated and unappropriated fund balance or retained earnings to provide working capital until sufficient revenues arrive to fund current operations equal to a minimum of two months, or 17%, of general operating expenditures.
- ❖ Contingency and unappropriated reserve calculations are based on the budget for all operating funds excluding debt service, capital project, internal service, and reserve funds.
- ❖ It is the intent of the City to use all surpluses generated to accomplish three goals: meet reserve policies, avoid future debt, and reduce outstanding debt.

DID YOU KNOW?

GFOA recommends that governments maintain a minimum unrestricted fund balance in their general fund of no less than two months of regular general fund operating expenditures plus extra reserves based on a government’s particular situation.

Organization Chart

ORGANIZATION CHART

BUDGET SUMMARY – ALL FUNDS COMBINED

RESOURCES AND REQUIREMENTS

The table below summarizes all resources and requirements by category for the 2025-2027 biennium and compares them to the current biennial budget and the activity for two previous biennial periods.

All Funds	2019-2021 Actual	2021-2023 Actual	2023-2025 Amended Budget	2025-2026 Proposed Budget	2026-2027 Proposed Budget	2025-2027 Proposed Biennium
Resources						
Beginning Fund Balance	\$ 91,044,035	\$ 81,513,862	\$ 91,418,800	\$ 98,018,800	\$ 92,404,900	\$ 98,018,800

Budget Summary

WHERE THE MONEY COMES FROM

Resources to meet Oregon City's obligations and service needs are derived from three primary sources: beginning fund balance, current revenues, and transfers in from other funds. Beginning fund balance consists of revenues carried forward from previous fiscal years, including reserves for specific purposes (e.g., debt reserves and capital improvements) and monies used for working capital cash flow. Current revenues are those earned from city operations or taxes collected during the fiscal year. The third source is transfers between funds to pay for either direct or indirect costs. The first chart below compares the relative percentage of each source of revenue and the second chart breaks down current revenues (excluding beginning fund balance and transfers) for the biennium.

Resources by Type

Revenues by Source

WHERE THE MONEY GOES

Oregon City’s requirements fall into three primary categories: expenditures, transfers, and contingency/reserves. Total requirements consist of all monies appropriated for use during the fiscal year plus contingency, which may be used to meet unanticipated operating needs, and reserve for future expenditures. The first chart below breaks down total requirements into expenditures, transfers, and contingency, and the second chart further breaks down expenditures (excluding Contingency & Reserves and Transfers) by category for the biennium.

BUDGET HIGHLIGHTS

- ❖ The budget is balanced at \$318.1 million with a tax rate of \$4.409 per \$1,000 assessed value, the same rate as the previous biennium.
- ❖ The 2025-2027 budget represents an increase of \$34.6 million over the amended 2023-2025 biennial budget of \$283.5 million.
- ❖ Total expenditures, excluding transfers, are \$218.8 million, an increase of \$16.0 million from the prior biennial budget. Most of this change is in Personnel Services and Materials and Services, each with a \$6.7 million and \$12.7 million budgeted increase, respectively, over the biennium. These increases were primarily offset by a \$3.4 million decrease in Pass-Through Expenses.
- ❖ The budget approves a 5.12 net decrease in Full Time Equivalent (FTE) positions. More information can be found in the Personnel portion of the Additional Information section of this document.

BUDGET TRENDS BY YEAR

The following economic assumptions were used in developing the 2025-2027 Biennial Budget.

General

- ❖ The City's population is estimated to grow 0.89% in each of the next two years.
- ❖ The economy in Oregon appears moderately healthy but vulnerable to federal policy changes. Moderate economic deceleration and persistent inflation have resulted in underperforming state revenues. GDP growth is projected to slow and the unemployment rate is projected to drift higher. The labor market in Oregon is expecting a growth rate between .5% to .6% over the next two years.

Resources

- ❖ Assessed value, the basis of property taxes, are estimated to grow by 3.5% in each year of the biennium, or \$146.2 million in 2026 and \$151.3 million in 2027.
- ❖ Property tax revenues are estimated to increase by approximately 4.7% over the two-year period due to a combination of

- anticipated property value increases and new development net of reductions for discounts, delinquencies and agency loss.
- ❖ Intergovernmental revenue is expected to decrease slightly by \$246 thousand, or .89%. There is anticipated receipt of \$5 million in funds from the Inflow and Infiltration Intergovernmental Agreement and \$4 million of Transportation funds from State Grants.
- ❖ Revenue sources adversely impacted by the pandemic, such as Charges for Services and Fines and Forfeitures, are expected to continue to return to pre-pandemic levels during the 2025-2027 biennium.
- ❖ Debt proceeds of approximately \$12.9 million are anticipated in the Water Fund.
- ❖ Interest rates on investments are budgeted conventionally for the biennium. When inflation is higher interest rates increase, however inflation is predicted to slow during the biennium.
- ❖ All other revenue sources are estimated using trend analysis. More information on revenue trends is provided later in this Budget Summary section.

Requirements

- ❖ Costs for goods and contracts are projected with inflationary increases; exceptions or significant variances are explained under Budget Highlights of each Department budget.
- ❖ Capital outlay (projects and equipment) is budgeted at projected acquisition or construction cost based on preliminary estimates.
- ❖ Cost of living increases are 3.0% for all employees; step increases are included on employees' anniversary dates for represented employees.
- ❖ Health benefit costs are projected at 10.0% to 11.1% annual increases based on claims and premiums projections.
- ❖ Public Employees Retirement System (PERS) contributions rates provided by PERS will increase 1.9% to 3.48% of covered wages.

Further discussion of the changes in fund balance is presented in the Budget Message and individually in each fund's Budget Overview.

Budget Summary

The chart below compares each year of the biennial budget (fiscal years 2026 and 2027) to each year of the prior year amended budgeted expenditures (2024 and 2025) by category for all budgeted funds. An explanation of the variances and assumptions used are explained below.

Personnel Services

Personnel costs increased by \$6.7 million, or 9.6%, in the biennium. This increase is mainly due to cost of living and pay grade (step) increases along with projected health insurance increases. Total FTEs decreased by a net 5.12. The reductions include a Homeless Liaison Officer, Code Compliance Officer, part-time Code Enforcement, part-time Plans Examiner, Senior Construction Inspector, Senior Project Engineer, Parks Administrative Assistant and the eliminations of all Parks Seasonal positions. These position adjustments are required to maximize efficiencies in the City and still meet the needs of its residents. The approved budget also reflects an increase in PERS retirement contributions of 1.9% to 3.48% of covered wages, which results in an increase in cost of \$1.8 million over the biennium. Further analysis of personnel costs and changes is found in the Personnel portion of the Additional Information section at the end of this document.

Materials & Services

Excluding internal service charges, which increased by \$3.4 million over the prior biennium, Materials and Services increased by \$6.0 million, or 10.9%. While departments budgeted primarily inflationary increases, materials and services increased due to specific contractual obligations, various grant projects, and special projects that support Commission goals. More information about these projects is included in the departmental budgets later in this document, as well as in the Commission

Goals section earlier in this document. Internal service charges are for services provided between departments and have increased as the City improves its cost allocation methods to better reflect services provided across departments and funds. Inflationary increases have unquestionably affected the Enterprise Funds expenses for numerous professional service agreements. For example, the Stormwater Division contracts for landscaping maintenance at over 117 sites and 35 acres of stormwater ponds, roadside planters, swales, ditches, City-owned tracts, and abutting right-of ways.

Capital Outlay

Budgeted capital decreased by \$1.3 million, or 2.0%, over the biennium. This decrease is mainly due to cyclical changes. Capital Outlay includes the investment in the Inflow and Infiltration (I & I) Program and the State funded Main Street Connective Corridor Project between 10th Street and 15th Street. The projects included in the upcoming biennium are explained in more detail in the Budget Message and in the Capital Improvement Program portion of the Additional Information section at the end of this document.

Debt Service

The City's most recently acquired debt was voter approved WIFIA debt acquired in 2023 for the construction of water infrastructure. Information on the City's debt is in the Debt Administration portion of the Additional Information section at the end of this document.

Transfers & Other Uses

In the biennium, transfers increased by \$1.6 million, due in part to the departments increasing transfers to the Community Development and Transportation Funds.

REVENUE ASSUMPTIONS AND TRENDS

The City’s major revenue sources are explained below, including the underlying assumptions for the revenue estimates and trend information. Revenues are forecasted conservatively in response to uncertainties about the regional and national economy and legislation.

Property Taxes

Property tax revenues are calculated by applying the City’s tax rate, not to exceed the permanent rate, to the assessed value. At the beginning of each fiscal year, the Clackamas County Assessor determines assessed values of properties. With the approval of Measure 50 in 1997, assessed values on individual properties were rolled back to 1995-96 levels and then reduced by 10%.

Assessed value increases are limited to 3% per year. City-wide increase of 3.5% in assessed value for property taxes are built into the calculation due to economic factors, anticipated new properties added to the tax roll,

and county assessor information. For fiscal year 2025, Oregon City's total assessed value was approximately 52% of the real market value. This gap has widened as expected due to the cap on assessed value increases. Assessed value is used for spreading the operating levies, while market values are used to meet Measure 5 cap requirements, approved by voters in 1990, which limit tax rates to \$15 per \$1,000 of real market value (\$5 for schools and an aggregate \$10 for all other governments), and to spread debt service levies, which are exempt from Measures 5 and 50.

The maximum authorized (permanent) tax rate for Oregon City is \$5.0571 per \$1,000 of assessed value. The budgeted rate of \$4.409 per \$1,000 is consistent with that approved during the last two years and is still below the City’s permanent tax rate limit.

The City’s total projected assessed value is multiplied by its permanent or proposed tax rate per \$1,000 of assessed value to calculate the anticipated property taxes to be received. Due to discounts and collection history, the City assumes a 95.2% collection rate on property taxes for the 2025-2027 biennium. This is in line with previous year’s collection estimates and reflective of the current collection rate.

Fiscal Year	Real Market Value	Assessed Value	Ratio of AV to RMV	Total Extended Tax Levy
2020	\$5,648,405,668	\$3,395,555,692	60.1%	\$14,155,665
2021	\$5,942,361,957	\$3,556,637,128	59.9%	\$14,784,687
2022	\$6,549,215,161	\$3,689,012,464	56.3%	\$15,336,496
2023	\$7,417,940,334	\$3,847,250,431	51.9%	\$16,043,879
2024	\$7,964,640,264	\$4,036,971,719	50.7%	\$17,801,420
2025	\$7,964,559,877	\$4,176,318,531	52.4%	\$18,181,918
2026 Est.	\$8,362,787,871	\$4,322,489,680	51.7%	\$18,818,285
2027 Est.	\$8,948,183,022	\$4,473,776,818	50.0%	\$19,476,925

The chart and table above show assessed value by year in comparison to real market value from 2020 through the upcoming biennium.

Budget Summary

Franchise Fees

Franchise fees are charged to private utilities for the use of publicly owned rights-of-way (ROW). Private franchised activities include electricity, telecommunications, natural gas, and cable television. Additionally, the City's water, wastewater and stormwater funds pay franchise fees. Franchise fees are charged as a

percentage of gross proceeds generated within Oregon City's city limits.

Revenues are estimated based on 6-year trend information assuming no growth in the projected year in the rates charged based on individual agreements with the different franchisees. Current franchise rates and projected revenues are shown below.

Service	Rate	2019-2021 Actual	2021-2023 Actual	2023-2025 Amended Budget	2025-2026 Proposed Budget	2026-2027 Proposed Budget	2025-2027 Proposed Biennium

Total Franchise Fees		\$ 8,576,011	\$ 9,724,801	\$ 9,744,500	\$ 5,640,000	\$ 5,914,100	\$ 11,554,100

Intergovernmental Revenues

In the biennial budget, State Shared Revenues make up the majority of total intergovernmental revenues. State revenues are distributed to cities per Oregon Statutes; revenues are calculated using a formula based on population and income for the individual city. State Shared Revenues include general revenues, cigarette taxes, liquor taxes, marijuana taxes, and gas taxes. Revenues are forecasted based on data provided by the League of Oregon Cities.

The Oregon City Library is a member of the Clackamas County Library Tax District and as such receives an annual tax allotment based on population according to District estimates.

Grants and governmental assistance programs are awarded for operations (such as the Police Department’s Crime Prevention grant) and capital programs (such as funding received for highway reconstruction). These are estimated based on approved grants and projected annual eligible grant spending.

Other local grants and government charges include grants provided by other local governmental entities, as well as charges to other local governmental agencies for goods or services provided, often per the terms of an intergovernmental agreement (IGA). These revenues are estimated based on the terms of the IGA.

State shared revenues have recently been declining, as library district tax revenues have been growing. State share of marijuana taxes started in 2018. However, this revenue was capped in 2020 with Measure 110 and state marijuana tax distributions to cities has significantly decreased. In the approved biennium, the City expects to receive \$5 million in funding from the Inflow and Infiltration Program IGA. The City anticipates receiving \$4 million in funding from grants related to State Lottery Bonds.

The table and chart below show total intergovernmental revenue, by source, for the upcoming biennium and the previous three biennia.

Budget Summary

Charges for Services

Charges for Services consists primarily of utility service charges and system development charges (SDCs). Utility service charges include water, wastewater, pavement maintenance, public safety, and stormwater. These charges are billed monthly to all utility customers throughout the City. The amount of the charge is based on the cost to provide the service, which is informed by individual utility master plans and rate studies. Utility charges are adopted by resolution of the City Commission in accordance with the City Charter. Revenues are estimated based on number of utility customers (total connections) times approved rates, which include allowances for annual inflationary adjustments of 3%. System development

charges are driven by development, billed at the time of the issuance of a building permit, and vary from year to year.

Charges for Services also includes fees charged to users of various city services, such as parks, library services and cemetery. Revenue estimates for these charges are based on projected users derived from previous trend analysis for the past six years assuming a 1% annual growth or other adjustments as requested by departments.

A breakdown of Charges for Services is shown in the table below. The chart below shows utility service charge revenue and SDC revenue, specifically. The data shown is for the upcoming biennium and the previous three biennia.

Type of Charge	2019-2021 Actual	2021-2023 Actual	2023-2025 Amended Budget	2025-2026 Proposed Budget	2026-2027 Proposed Budget	2025-2027 Proposed Biennium

Licenses and Permits

The table and chart below show the various types of license and permit revenue. Building permits make up the largest share of all permitting revenue at 30%. The subsequent chart compares building permit revenues on an

annual basis for the upcoming biennium and the previous three biennia.

Permit estimates are based on historical information including number of permits issued and projected building activity based on number of building and engineering plans and land use applications submitted.

License / Permit Type	2019-2021 Actual	2021-2023 Actual	2023-2025 Amended Budget	2025-2026 Proposed Budget	2026-2027 Proposed Budget	2025-2027 Proposed Biennium

Budget Summary

Pass-Through Revenue

A local government may collect taxes, fees, or charges on behalf of other governmental entities that are then paid, on a pass-through basis, to another local government under an intergovernmental agreement or statute. The

City is required to budget these collections as pass-through revenues and the remittances as special payments. The following chart shows the pass-through payments collected by the City and the funds where they are recorded. State and County fines were recorded.

Fund	Type of Charge	2019-2021 Actual	2021-2023 Actual	2023-2025 Amended Budget	2025-2026 Proposed Budget	2026-2027 Proposed Budget	2025-2027 Proposed Biennium

Total Pass-Through Revenue		\$13,926,218	\$18,361,578	\$18,798,600	\$ 7,733,200	\$ 7,660,300	\$15,393,500

Internal Service Charge Revenue

Services are provided between City departments daily. Each department providing a service is reimbursed a "charge for service" which is then recorded as an expenditure in the department receiving that service. The City calculates these charges based on the approximate time spent and other associated fees. It is important that each City function recover its cost of service, even internally, so that funds entrusted by the public are used for

intended purposes and in accordance with applicable laws and regulations. The City Recorder has not charged for services in the past. The City Recorder department and property/liability insurance internal service charges have been added to the 2025-2027 biennium.

The table below shows the departments that incur expenditures for the internal services they receive, along with the departments that provide, and are reimbursed for, those services.

		Revenue

* Subtotal represents total internal service charges by department, excluding vehicle maintenance internal service charges, which are included in total internal service charge revenue, but are presented in each department's expenditure budget in the "Repair and Maintenance Services" and "Gas/Diesel/Fuel" categories.

GENERAL FUND

OVERVIEW

The General Fund is the principal operating fund of the City and is used to account for all revenues and expenditures that are not required to be recorded in another fund. General Fund revenues include property taxes, fees and charges for services, income from other agencies, interest, and transfers in from other funds. General Fund expenditures include program costs for services provided by the City Commission, City Manager, Communications, City Recorder, Finance, Municipal Court, Human Resources, Economic Development and Information Technology (service area departments grouped as Policy and Administration), and the Police and Parks and Recreation departments. Additional requirements include transfers to other funds for capital improvement projects and support for programs in those funds.

In the General Fund, it is important to carry over sufficient unappropriated ending fund balance (an amount not appropriated for spending in the

previous year) to provide cash flow for specific operations until current year revenues are received; payroll and bills need to be paid for several months prior to when property taxes are collected. Additionally, maintaining an emergency ending reserve in the event of revenue losses, state mandates, or natural disasters provides stability to meet the City’s current and future needs. The target amount is 27% of the annual operating budget, or \$9.5 million. The General Fund Operating Contingency at \$4.6 million and Unappropriated Fund Balance at \$6.0 million total approximately \$10.6 million, or 30%, at the end of the biennium, with an additional \$1.3 million reserved for future program expenditures. These reserves include funding restricted for the Tourism Program, the Metro Enhancement Grant program, Department of Justice Forfeiture funds, and Opioid Settlement funds.

Total resources and requirements in the General Fund are shown below for the 2025-2027 biennium and the previous three biennia.

General Fund

BUDGET HIGHLIGHTS

The 2025-2027 biennial revenues (excluding beginning fund balance, internal service charges and transfers) increased over last biennial budget by a combined total of \$6.4 million, or approximately 11.3%. Total expenditures (excluding transfers, internal service charges and contingencies) increased by a combined total of \$5.6 million, or approximately 8.9%.

Property tax growth makes up most of the increase to revenues as these continue to be the largest revenue source for the general fund, at 43% of total resources. Property tax revenues are expected to increase over the next two years due to projected 3.5% increases in assessed value for each of the two years. Franchise fees (paid by utility companies for their use of public rights-of-way), are projected to stay relatively stable over the next biennium. Intergovernmental revenue is expected to increase by \$0.7 million due to the receipt of funds for a community court program. Revenue sources, such as Charges for Services and Fines

and Forfeitures, are included in the budget at an increased amount compared to the prior biennium.

Increases to General Fund expenditures can be attributed to an increase in Personnel Services costs due to annual cost of living adjustments and step increases for employees, coupled with anticipated health insurance and PERS rate increases. These items contributed to a 9.6% increase in General Fund personnel expenditures. Materials and Services costs increased by 4.5% due to several continued initiatives associated with specific Commission goals. This includes a Diversity, Equity and Inclusion initiative, various Economic Development initiatives, and initiatives to help reduce homelessness. Capital outlay expenditures reflect continued focus on deferred capital maintenance, remaining relatively flat as compared to the prior biennium.

The charts below show the relative percentages of resources by type, and requirements by category, for the biennium.

POLICY AND ADMINISTRATION

Total FTE 32.70

This chart reflects the City’s organizational reporting structure. For information about how budgeted expense is allocated to, and reported within, funds and departments, see the Personnel portion of the Additional Information section at the end of this document.

¹ Utility Customer Service personnel report to Finance. However, the budgeted expense associated with the FTE are reported within the Utility Billing Fund.

² GIS personnel report to Information Technology. However, the budgeted expense associated with the FTE are allocated between the General Fund and various Public Works funds.

Policy and Administration

POLICY AND ADMINISTRATION

OVERVIEW

The Policy and Administration departments connect the City with the public; they provide the organizational and business management foundation for the City. They include a wide variety of functions that encompass the areas of civic leadership, communication and engagement, administrative support, strategic planning, economic development, city management, financial management and services, customer service, municipal court, human resource and risk management, information technology, and records management.

The City Commission and City Manager are the focal points of resident requests for service. The City Manager, acting with the Commission's direction, guides the various departments.

DEPARTMENT GOALS

- ❖ To provide leadership, engaged governance, and responsive customer service, and to be

transparent, efficient and effective with public funds

- ❖ To oversee and implement the City Commission Goals as established for the 2025-2027 biennium

SIGNIFICANT BUDGET CHANGES

- ❖ Includes the addition of a full-time Community Engagement Specialist and limited duration Municipal Court FTE, offset by a 0.97 net decrease in City Recorder and Economic Development part-time for a net FTE increase of 1.07
- ❖ Professional and Technical Services includes additional funding for Diversity, Equity and Inclusion initiatives related to the City Commission's goals
- ❖ Capital Outlay includes additional funding for implementation to move software to a full virtual environment
- ❖ Pass-through payments include fines collected on behalf of county and state agencies

CITY COMMISSION

OVERVIEW

The Oregon City Commission is composed of the Mayor and four Commissioners elected by the residents of Oregon City. The Commission provides legislative and policy leadership for City government. The Mayor and Commissioners are elected to four-year terms. Elections are held in even numbered years, with two Commissioners elected at large. The next Mayoral election is scheduled for 2026. The City Commission also composes five of the ten Budget Committee members, while the other five resident members are appointed. The Commissioners are also the governing board for the Oregon City Urban Renewal Commission, along with two appointed resident members.

City Commission business meetings occur twice a month and work sessions are held once a month. City Commissioners receive no compensation for their time. They are reimbursed for expenses incurred during their time of service.

GOALS AND ACCOMPLISHMENTS

Every two years, the City Commission prepares goals and priorities for the upcoming biennium. These goals provide major policy direction for the coming years, specifically as they relate to budget and time allocations. The Commission Goals are listed in the Introduction section of this document and are summarized below. Accomplishments are reflected throughout this document.

- ❖ Invest in City Facilities and Infrastructure
- ❖ Improve the City’s Park Lands and Natural Resources
- ❖ Support Economic Development and Tourism throughout Oregon City
- ❖ Increase Community Engagement Opportunities
- ❖ Create a Diverse, Equitable, Inclusive, and Safe Community and Workplace
- ❖ Increase Housing Opportunities
- ❖ Reduce Homelessness in Oregon City

BUDGET HIGHLIGHTS

Professional & Technical Services include legal costs relating to attending meetings and addressing Commission specific ordinances and issues.

Employee Costs include League of Oregon Cities annual membership and training.

Office & Administrative Supplies include meeting expenses, commissioner electronic equipment, and miscellaneous costs.

CITY MANAGER

OVERVIEW

The City Manager is appointed by the Commission and serves as the Chief Executive Officer of the City. The City Manager is responsible for ensuring that the organization carries out the goals, objectives, policies and directions of the City Commission. It is the City Manager's responsibility to advise the City Commission in its deliberations on all business and policy matters. The City Manager assists the City Commission in developing their vision, goals, and policies. The City Manager is responsible for communicating the activities and actions of the City to the Commission, staff and the public. The City Manager is also charged with administering the day-to-day operations of the City, and for ensuring enforcement of the laws, regulations, and ordinances within the City's jurisdiction. Additionally, the City Manager serves as the City's Budget Officer.

The City Manager's Office is dedicated to the principles of effective, democratic and transparent local government and to the highest ethical standards as adopted by the International City Management Association. The Office strives to deliver services fairly and sustainably, recognizing that the best interests of the entire community should be considered in each decision. The City Manager and staff acknowledge and respect the values of Oregon City as reflected in the decisions rendered through its governing body.

ACCOMPLISHMENTS

The accomplishments of the City Manager's Office are reflected through the efforts of the entire municipal organization. Each department and program strives to achieve the goals of the Commission as established for the entire City. It is the goal of this office to support achievement of those goals, while taking on specific projects

and leadership where needed to obtain desired outcomes. The major accomplishments of the City are documented throughout each department and project. Overall, the City Manager's accomplishments were as follows:

- ❖ Project work plans were developed to support all major Commission goals and objectives
- ❖ Progress on Commission goals was monitored and communicated

GOALS AND PROJECTS

This department provides overall administration of the municipal organization. Thus, the goals of the Office are to implement the broad City-wide goals adopted by the City Commission. Specifically, the goals of the City Manager are:

- ❖ To maintain City services and daily operations to meet the needs of the community
- ❖ To implement and complete the Commission goals throughout each City department within the required time frame
- ❖ To support the Mayor and City Commission activities
- ❖ To provide leadership, guidance and direction to every City department
- ❖ To ensure City departments are engaged and proactively manage issues and achieve stated goals
- ❖ To support and direct communication, internally and externally
- ❖ To pursue and sustain intergovernmental and community relationships and partnerships
- ❖ To evaluate, develop, and implement strategies to provide municipal services in a cost effective and efficient manner

BUDGET HIGHLIGHTS

The 2025-2027 budget shows a decrease over last biennial budget due to the creation of a new

Communications department. City communications staff and communication programs costs were reallocated to the new department as well.

COMMUNICATIONS

OVERVIEW

The Communications department is tasked with utilizing existing and identifying new tools to help ensure residents are well informed about what is happening within their City and with providing residents the opportunity and options for involvement that best suit them and their goals.

ACCOMPLISHMENTS

- ❖ Oversaw a redesign of the popular Trail News publication to meet the City’s brand standards.
- ❖ Nearly doubled Facebook following and grew Instagram following by 58%
- ❖ Completed a brand confirmation process to bring City’s materials in line with matching brand standards
- ❖ Created the Ivy League, a volunteer group that works to remove invasive English ivy from public property in Oregon City

- ❖ Supported the Neighborhood Associations, increasing the total number of active associations to increase to 11
- ❖ Fostered positive relationship with Citizen Involvement Committee and worked with the group to formulate a budget solution that satisfied the group’s goals
- ❖ Increased resident approval of communications in the latest Community Survey

GOALS AND PROJECTS

- ❖ Identify possible changes to Trail News that allow for increased communication while lessening the budgetary impact of rising costs
- ❖ Continue to grow volunteer base for Ivy League and identify other opportunities
- ❖ Work with departments to increase content to share with residents to further highlight the high level of work that City staff perform on a regular basis
- ❖ Increase the number of active subscribers to the City’s E-Trail News email newsletter

BUDGET HIGHLIGHTS

The Communication/Community Engagement budget encompasses line items from the City Commission and City Manager’s divisions for the prior biennium. These items are being consolidated into one separate budget for the coming biennium.

Special Programs are as follows:

Trail News	\$ 90,000
Neighborhood groups	<u>90,000</u>
Total	<u>\$ 180,000</u>

CITY RECORDER

OVERVIEW

The Mission of the City Recorder is to accurately maintain the proceedings of the City Commission; manage and provide accessibility to all official records of the City; administer regular and special municipal elections; provide for a City-wide records management program; coordinate the agenda process for City Commission meetings; facilitate codification of the City Code; and manage the administration of City boards and committees.

ACCOMPLISHMENTS

- ❖ Conducted comprehensive update to the audio-video system at the Libke Public Safety Building
- ❖ Successfully conducted the May 16, 2023 Special Election (Urban Renewal Debt Authorization ballot measure) and November 5, 2024 General Election
- ❖ Continued progress on a variety of goals from the Records Management Strategic Plan 2019-2023, including an evaluation of current electronic records management software capacity and determined next steps
- ❖ Developed and managed the new intergovernmental agreement with Clackamas County for storage of physical records, reducing storage costs and enabling cost-effective scanning options

- ❖ Efficiently processed a minimum of 431 public records requests in the 2023-2025 budget cycle
- ❖ Successfully hired and trained a new Assistant City Recorder, as well as provided records management and agenda management training across all departments
- ❖ Continued to electronically archive records in the Oregon Records Management Solution (ORMS) cloud-based database

GOALS AND PROJECTS

- ❖ Develop and implement a renewed Records Management Strategic Plan, which includes an analysis of current business processes, database integrations, compliance metrics, and adds newly arisen information technology improvement efforts
- ❖ Implement automated solutions for records management and embed records management in our normal business practices
- ❖ Improve public access to our public officials and meetings through improved live-streaming and online forms
- ❖ Continue to digitize large volumes of physical records stored offsite and at City Hall
- ❖ Improve the resilience of our electronic records management system to ensure continuity of operations during emergencies

BUDGET HIGHLIGHTS

The budget includes funds for professional assistance with scanning large volumes of documents stored offsite and at city facilities.

Professional & Technical Services relate to legal expenses, updating city code, as well as technical consultants for assistance with audio-visual equipment.

Other Services consists of the following:

Recording of meetings	\$ 205,000
Bulk records scanning	15,000
Minutes transcription	12,000
Physical records scanning	6,300
Shredding	3,000
Total	\$ 241,300

Repair & Maintenance Services represent program software maintenance costs:

Electronic Records Management	\$ 71,000
Public records request portal	21,000
Agenda management	21,000
Audio/Visual equipment maintenance	8,000
Boards & committee software	5,800
Other	2,000
Total	\$ 128,800

FINANCE

OVERVIEW

The Finance Department supports responsible planning and management of the City's financial resources. Core services include: financial accounting and reporting, financial analysis, budget administration, treasury and debt management, accounts receivable/collections, administration, payroll, accounts payable, and compliance.

Finance forecasts operating fund balance reserves, revenues, and expenditures, to support policy decisions and guide in the development of the biennial budget. The department coordinates the budget process and provides analyst support to the City Manager and departments for budget decisions.

Treasury and debt functions involve protecting and investing the City's cash assets, including banking and investment advisory services, and monitoring the City's debt portfolio and making recommendations on the structure of debt issuances. General accounting includes oversight of financial transactions, receipt of utility payments and general revenues, and processing vendor payments.

Finance prepares the City for annual financial audits required under Oregon law and prepares and issues the Annual Comprehensive Financial Report. Finance also prepares the City for Federal grant audits, when applicable.

The Department performs internal compliance and financial reviews and audits on a periodic basis and recommends control procedures for

departments. Finance also provides general accounting services for South Fork Water Board.

ACCOMPLISHMENTS

- ❖ Completed annual audits and financial reports for City of Oregon City, Oregon City Urban Renewal Agency and South Fork Water Board (no audit findings)
- ❖ Received Award for Distinguished Budget Presentation for 2023-2025 biennium
- ❖ Received Award for Excellence in Financial Reporting for the years ended June 30, 2022 and 2023. Submitted June 30, 2024 annual financial report for award consideration
- ❖ Implemented a new Investment Policy and enhanced the City's financial investment portfolio securing \$60 million in investments at a 4.5% interest rate
- ❖ Implemented new budgeting and financial forecasting software

GOALS AND PROJECTS

- ❖ Develop a robust long term forecasting model
- ❖ Continue to expand utilization of existing software for project accounting for capital projects, grants, and other restricted resources
- ❖ Develop and implement a formal Indirect Cost Allocation Plan
- ❖ Strengthen purchasing policy and procedures and train departments for greater effectiveness as well as incorporating the City's Diversity, Equity and Inclusion (DEI) initiative

BUDGET HIGHLIGHTS

Professional and Technical Services reflects an increase for inclusion of audit service costs budgeted in General Government in the prior biennia.

Repair and Maintenance Services decreased in anticipation of consolidation of software services costs to Information Technology for the migration of the ERP system to their Software as a Service (SaaS) environment.

MUNICIPAL COURT

OVERVIEW

The Municipal Court functions to provide the judicial branch of City government. The Court's mission is to support the quality of life of the residents of Oregon City by promoting public safety, traffic safety, and respect for the administration of justice by applying sanctions for violations of municipal ordinances.

The mission includes administration of: Subject Matter Jurisdiction, Territorial Jurisdiction, and Personal Jurisdiction. This is accomplished by processing the law enforcement efforts with Oregon City for the Motor Vehicle Code, Criminal Code and City Code. The mission also includes efficient and equal justice for all people, as well as the protection of residents' individual and property rights as outlined in the City Charter, Chapter V Powers and Duties of Officers, Section 22 Municipal Judge. This is in accordance with the City Commission's Mission Statement.

The Oregon Legislature sets maximum and minimum fines for all traffic tickets. The Municipal Court handles approximately 5,000 traffic cases annually. Additionally, the Court handles approximately 400 criminal cases annually. Services provided also include court-appointed attorneys for indigent defense on criminal cases and trials and traffic safety diversion programs for traffic citations.

ACCOMPLISHMENTS

- ❖ Acquired additional pro-tem judge
- ❖ Contracted bailiff services with Oregon Patrol
- ❖ Renewed the contract with Trans Union-TLO-XP for detailed and up to date information on customers for data base and collections. Added Utility Billing to the contract
- ❖ Attended OACA Spring and Fall conferences
- ❖ Continue to train and improve Tyler software
- ❖ Visited Lake Oswego to learn to utilize queues to expedite processes. Online payments are now reporting to a queue

- ❖ Prosecutor reviewed and cleared old warrants
- ❖ Utilizing electronic dockets and check in process for efficiency. Dockets are automatically sent out every Friday
- ❖ New microphones and upgrades in audio have improved hearing
- ❖ Implemented text reminders for court dates and payments
- ❖ Regularly attended homeless meetings and worked with providers when possible. Sent dockets to The Father's Heart to reduce failures to appear
- ❖ Passed LEDS audit
- ❖ Added Passport to Languages for interpreting in-person services
- ❖ Executed Amnesty Program to help individuals clear debt and get their license reinstated

GOALS AND PROJECTS

- ❖ Attend Oregon Association for Court Administration and judicial conferences, Oregon Law Enforcement Data Systems, and software training for compliance with statutes, consistency with other municipalities, and benefit court and the community served
- ❖ Continue to enhance security and training with Oregon Patrol Services but always willing to consider any new options for security providers
- ❖ Continue to develop procedures and forms to streamline processes
- ❖ Renew contracts of court appointed attorneys and prosecutor
- ❖ Continue to improve forms and processes
- ❖ Judge will apply to become a court of record and utilize For the Record equipment to record all court proceedings
- ❖ Process DUII cases in Municipal court rather than sending to Circuit Court
- ❖ Adding jury online services to assist jury coordinator and eliminate the call line
- ❖ Clackamas County approved a grant and Judge preparing to offer Caring Court for

- ❖ individuals that qualify to enter into a specialized program
- ❖ Focusing efforts to reduce failure to appear counts for both criminal court and traffic with text reminders
- ❖ Additional acoustic panels will be added to court to assist with audio
- ❖ Utilize Laserfiche for records and fillable forms on our website
- ❖ Utilize Demand Star if any postings are needed for providers

BUDGET HIGHLIGHTS

The Municipal Court’s budget is consistent with the prior biennium with the exception of a new, three-year grant from Clackamas County to establish a Caring Court program where it will be able to offer a localized and community-driven approach for low-level criminal offenses that may arise from chronic and short-term homelessness. An individual’s unstable housing situation may often snowball to create more legal problems and a revolving door of arrests, warrants, and additional criminal charges. The court expects to refer eligible individuals to social service programs as a deferred prosecution or condition of probation while relieving the burden on Oregon City’s traditional court system. A peer support specialist will be assigned from Love One and they will be linked to services and programs to work toward a court supported, self-identified goal. Some examples

may include obtaining identification, signing up for Oregon Health Plan, food stamps, and staying connected to an outreach worker. A successful participant would have their pending charges dismissed, although a small percentage of participants may be placed on probation with no dismissal. The court would like to enhance trust of the community in the justice system, reduce reoffending, increase efficiency and improve safety and quality of life for all community members in Oregon City.

Professional & Technical Services include the following:

Court Attorneys	\$ 154,400
Prosecution	147,000
Technical Services	<u>64,700</u>
Total	\$ 366,100

HUMAN RESOURCES

OVERVIEW

The Human Resources Department serves as a strategic resource to all City employees and departments of the City of Oregon City in relation to the City's workforce. The mission is to support the City's efforts to attract, develop, and retain a diverse and productive workforce that is capable of providing quality services to the residents of Oregon City today and in the future.

The primary services provided by Human Resources include Employee and Labor Relations, Recruitment and Selection, Workforce Development, Classification and Compensation, Employee Benefits Administration, Learning & Development, Personnel Policy Development, Performance Management, Management Coaching & Support and Risk Management.

Risk Management is responsible for providing strategic and progressive risk management, insurance, claims management, safety and loss control services, and compliance with local, state and federal laws. Risk Management is dedicated to protecting the City's human and financial assets by using various proven risk techniques such as cost-effective insurance and the continuous development and implementation of safety and loss control programs.

ACCOMPLISHMENTS

- ❖ Facilitated and supported the initiatives to support Commission Goal - Diversity, Equity, and Inclusion (Belonging) by engaging Triangle Advising Group who delivered projects and activities that advance Commission Goal 1 including an employee workgroup, DEI Community Task

Force, staff training and learning and a staff stay survey

- ❖ Recruitment and Selection – Over the last two years, HR successfully coordinated 83 recruitments, received, and processed 4,681 applications, and on-boarded 45 regular status employees including two new department directors
- ❖ Established a Deferred Compensation Program Committee and contracted with the Hyas Group to act as a co-fiduciary, to consult, guide, and assist in the management of the City's deferred compensation (457b, 401a) plans and programs.

GOALS AND PROJECTS

- ❖ **COMMISSION GOAL – CREATE DEI AND SAFE COMMUNITY AND WORKPLACE**
 - ♦ Develop additional initiatives, policies and procedures to advance Diversity, Equity and Inclusion throughout city services
 - ♦ Develop and provide opportunities for city staff supporting and inclusive workplace
- ❖ Finalize comprehensive update to the City's Personnel Policies
- ❖ Successfully reach agreement to successor Collective Bargaining Agreements (CBAs) with AFSMCE and OCPEA Unions
- ❖ Deliver a series of meaningful leadership training courses to all managers, supervisors, and leaders
- ❖ Improve engagement with the Safety Committee through enhanced training and a more effective incident and near miss review process

BUDGET HIGHLIGHTS

The approved budget includes funding Diversity, Equity and Inclusion (DEI) initiatives consistent with the City Commission’s Goals. Special Programs represents recruitment costs.

The approved budget reflects an increase in Personnel Services for retirees’ insurance costs due to multiple upcoming retirements across many departments.

Professional & Technical Services includes the following:

DEI Initiatives	\$250,000
Legal fees	165,000
Deferred comp investment management services	74,000
Employee assistance services	17,200
City-wide training	10,000
Unemployment and COBRA administrative services	6,200
Other	<u>1,800</u>
Total	<u>\$524,200</u>

ECONOMIC DEVELOPMENT

OVERVIEW

Economic development is a strategic and collaborative process that creates an environment that systemically supports new investment, creates jobs that pay a livable wage and broadens the tax base. The Economic Development Department is focused on working with key stakeholders to fulfill this definition. Therefore, it is recognized that successful economic development does not occur in a vacuum but relies on effective partnerships to implement a comprehensive approach to growth and resiliency.

ACCOMPLISHMENTS

- ❖ The Economic Development Department assisted Advantis Community Credit Union to establish its headquarters in Oregon City, providing over 200 jobs, annually paying approximately \$300,000 in property taxes
- ❖ BIZ POD is a six-week curriculum-based program which supports emerging entrepreneurs by providing training and technical assistance to program participants. Graduates of the program received \$3,000 in grant funding to jumpstart their businesses. At the time of this report all sixteen entrepreneurs are still in business
- ❖ The department was instrumental in making changes to the Oregon City Business Licensing Program, making it less expensive and providing for a more business friendly application process
- ❖ Talent Ready was created by the Economic Development Department to bring together social services and private employers to help local residents overcome barriers to employment and become ready for work
- ❖ Partnered with EMBOLD, a multi-county community credit union, and Micro Enterprise Services loans to start up ventures
- ❖ In partnership with Oregon BIZ (Oregon's State Economic Development Agency), and the Micro-Enterprise Services of Oregon ("MESO") the department provided grants to low-to-moderate income business owners.

The grants up to \$10,000 for existing micro-enterprise businesses--five or fewer employees--to help these entrepreneurs overcome financial barriers

- ❖ By serving on the Mt Hood Economic Alliance Program regional board, the Oregon City Economic Development Department strengthened its commitment to small businesses by supporting entrepreneurs across Clackamas, Hood River, and Wasco counties, enhancing opportunities and resources for local entrepreneurs
- ❖ The department provided funding to the Arts Commission in the amount of \$40,000. This funding enabled the Arts Commission to enhance community aesthetics and to support the arts in all its forms within the community
- ❖ The department launched a new website that provides essential information on financial resources, business development tools, and job placement
- ❖ The Economic Development Department has spearheaded a move to transition its tourism development component to a separate, private-nonprofit entity. "Destination Oregon City, Inc," is designed to operate as a completely separate entity to develop, direct, coordinate, and implement all tourism-related strategic plans and activities on behalf of the City. Funding of this legal entity will come from Transient Lodging Tax funds. Its funding will be used to increase the operational capacity of the local tourism industry through training/education and technical assistance, and not as a donor organization to nonprofits
- ❖ The department administered the Community Enhancement Grant program (CEGP). Nonprofit organizations can receive up to \$50,000 in grant funding to improve and address social, economic, and environmental challenges facing the Oregon City community

GOALS AND PROJECTS

❖ COMMISSION GOAL – SUPPORT ECONOMIC DEVELOPMENT & TOURISM

- ♦ Ensure a smooth transition, necessary support and coordination between the Destination Marketing and Management Organization
- ♦ Review the process for public and private event planning, the city grant process, including the Metro Enhancement Grant program and whether the application submittals and review processes can be simplified and improved
- ♦ Focus on the marketing and development of the employment lands within the Thimble Creek Concept Plan and along Meyers Road
- ♦ Complete the feasibility study for the expansion opportunities of broadband in Oregon City

- ♦ Participate in discussions with Clackamas County to determine the future of the downtown County Courthouse
- ♦ Identify opportunities to support downtown Oregon City businesses in response to the relocation of the County Courthouse, including updating the parking study, potential business support programs, and employee parking opportunities
- ♦ Investigate opportunities to expand the enterprise zone, vertical housing tax credit, and other programs in the mixed use, commercial, employment, and industrial areas to support and encourage businesses, employment, and housing investments in Oregon City

BUDGET HIGHLIGHTS

The upcoming budget continues to focus on community programs & grants for special projects that support Commission goals. This includes funding for various Economic Development initiatives, including efforts to support the small business community, as well as assisting with the management of a transition of the tourism program from municipal government to a separate legal entity.

Community Programs & Grants includes Tourism Promotion and the Metro Enhancement Grant program which both have funding carrying forward from unused spending in the prior biennium. Expenditures consist of the following:

Community grants	\$ 800,000
Tourism promotion	525,000
Economic development incentive	300,000
Business promotion	<u>250,000</u>
Total	<u>\$ 1,875,000</u>

INFORMATION TECHNOLOGY

OVERVIEW

The Information Technology Department delivers strategic and technical support in Information Technology (IT), Geographic Information Systems (GIS), and Asset Management, to provide technical user support and guidance to all city departments. IT has partners with all departments to help with technological issues and solutions, and also to help build better processes utilizing our understanding of city technological resources while supporting the needs of the city.

The IT Department supports the City's technological infrastructure consisting of hardware, software, networks (including wireless and mobile), facilities and Software as a Service (SaaS) applications consistent with the City's Information Technology strategic plan.

Supported services include User Security Training, business productivity and collaboration software, email, remote access, active directory administration, security, both physical and technological, document archiving, database administration, enterprise application deployment / development, Cloud Management, website management and support, and the management of contracted technology services.

IT partners with private and other regional, county, and state agencies for specific purposes. Risk management services include virus and malware protection, data backup, Network and Endpoint monitoring and disaster-recovery, firewalls, security certificates, and secure online payment processing.

ACCOMPLISHMENTS

- ❖ Elevated the Information Technology Department to be a more strategic, collaborative business partner with all city departments as well as other regional city, state and county governments
- ❖ Implementation of OneDrive, Teams and SharePoint across the city
- ❖ Deployed Multi Factor Authentication (MFA)
- ❖ Development and Deployment of a city-wide Intranet site

- ❖ Updated multiple facilities access management system and deployment of badge and new access cards and processes city-wide
- ❖ Updated Network Monitoring tool which includes a 24 X 7 human operated Security Operations Center
- ❖ Updated Endpoint virus application
- ❖ Updated Endpoint Firewall management tool
- ❖ Expanded use of Office 365 for improved security while realizing significant cost savings
- ❖ Upgraded wireless network system at the pool with planned expansion citywide
- ❖ Continued Security Awareness training.
- ❖ Implemented updated cloud phone system, Ring Central
- ❖ Developed and implemented a new Website Project Page application with updated functionality, staff process and project awareness and able to be supported by city resources
- ❖ Implemented and Updated Mobile Device Management System to better manage city-wide mobile devices
- ❖ Developed a process to manage and support all city domains and DNS

GOALS AND PROJECTS

- ❖ **COMMISSION GOAL -- INVEST IN FACILITIES AND INFRASTRUCTURE**
 - ♦ Continued adoption of the IT Strategic Plan
 - ♦ Build and implement IT Infrastructure improvement plans by utilizing current capabilities more effectively
 - ♦ Review migrating to a more robust cloud data center or other Cloud Services
 - ♦ Consolidate existing services for improved user experience and lower total cost of ownership, improving security processes and disaster recovery
 - ♦ Separating Supervisory Control and Data Acquisition (SCADA) from the city network
- ❖ Migrate the Tyler System to their Software as a Service (SaaS) environment
- ❖ Improve GIS security and capabilities while retaining public access to needed resources

- ❖ Develop IT governance framework utilizing standards such as ITIL or FAIR
- ❖ Develop record retention framework and review all PCI and PII compliance requirements
- ❖ Analyze long-term staffing needs
- ❖ Migrate to a .gov domain for improved security and to follow state guidelines.
- ❖ Develop the cities AI policy framework

BUDGET HIGHLIGHTS

This budget continues to include initiatives that follow the IT Strategic Plan as well as the Commission Goals. This includes needed hardware replacement for the city servers, licensing true-up for our primary city-wide Enterprise program, needed database licensing, updated network hardware, disaster recovery and emergency operations initiatives, cybersecurity enhancements, utilizing cloud resources and solutions, improved wireless and guest access with improved backup internet and continued current operational services.

Professional & Technical Services includes contracted managed services for Server, Firewall, Network support as well as cybersecurity, domain and certificate support.

The current Technical Services contracts are budgeted at \$316,700 for the biennium.

Repair and Maintenance Services includes the following for the biennium:

Network monitoring	\$ 228,500
System/Data Backup	143,000
Software licenses	83,600
User and server hardware	45,500
Data Center Cloud services	39,000
Other	29,700
Total	\$ 569,300

Capital Outlay includes the following for the biennium:

Tyler SaaS	\$ 667,600
System/Data Backup	143,000
Cloud phone system	97,500
Website	69,000
Total	\$ 1,179,100

GEOGRAPHIC INFORMATION SYSTEMS

OVERVIEW

The Geographic Information Systems (GIS) program is responsible for mapping and other spatial data services for the City. This involves developing, maintaining, and distributing spatial data layers, performing spatial analysis, developing applications to answer location questions, and publishing maps. GIS supports all City departments, as well as contractors, businesses, and the general public, with timely access to geographic data layers and mapping tools.

The GIS Division works closely with: Public Works, to map the utility systems; Building, to display address and permit locations; Planning, to analyze zoning and resource constraints; and Engineering, to maintain as-built drawings, plat maps, and standard drawings. GIS is also a central component of developing enterprise technology solutions for the City.

ACCOMPLISHMENTS

- ❖ Upgraded the entire GIS environment to support new features and functionality and

to continually improve services with a more modern and supportable platform

- ❖ Developed a new map-based application to allow the public to explore current city projects and easily access project details as well as allow city staff to easily maintain a list of active projects
- ❖ Developed Lead / Copper compliance map application to allow city staff to inventory water lines and to allow the public to verify the status
- ❖ Continued support of web mapping apps to allow for data collection in the field by City employees (Inspector ADA sidewalk/ramp assessment)
- ❖ Continued support for emergency operations to supply needed maps for evacuations or other emergency services
- ❖ Continued support for Public Works to supply mapping services and data to address public concerns and needed information for system improvements or regional reporting
- ❖ Integrated Geotechnical documents, agreements and covenants into the GIS platform

BUDGET HIGHLIGHTS

The current budget includes phase II of the memorial for the Cayuse Five on the McLoughlin Promenade. The maintenance of streetlights and audit services have been moved from General Government to Transportation and Finance, respectively. Contributions for the Willamette Falls Heritage Coalition and Willamette Falls Locks are included in the current budget.

Professional & Technical Services include legal fees.

Repair & Maintenance Services include building maintenance and utilities for City Hall.

Other Services fund the city-wide general property and liability insurance.

Transfers Out include the following:

Transfer to Transportation Fund	\$1,591,000
Transfer to Community Development Fund	1,252,600
Transfer to Library Fund	642,800
Transfer to Engineering Fund	103,000
Total	\$ 3,589,400

FACILITIES

Total 4.0 FTE

FACILITIES

OVERVIEW

The Facilities department oversees approximately 320,000 square feet of commercial space across 14 sites in Oregon City. The department provides assistance in responding to on demand work orders from building managers, and ensures that those City owned buildings are safe, secure, comfortable, and compliant with all occupancy regulations for commercial facilities. They oversee building security access and manage the City's security cameras.

ACCOMPLISHMENTS

- ❖ Replaced historical and contemporary wood flooring at Library with one continuous system to visually tie the buildings together and improve performance
- ❖ Upgraded security system for Community Development
- ❖ Collaborated with IT team to utilize grant funding for installation of security cameras and access control systems at Pioneer Community Center
- ❖ Increased staffing levels and provided faster response to city wide work orders
- ❖ Assisted Public Works rental properties with roof replacement project
- ❖ Painted the exterior of the Cemetery office and Ermatinger House
- ❖ Replaced the highest public capacity exterior deck at EOT
- ❖ Continued code compliance reviews of City and fleet fire extinguishers, elevator

permits, fire detection and suppression systems, safety inspections, parking lot repairs and striping, first aid kits, and AEDs, at all City buildings

- ❖ Replaced emergency backup batteries at Library
- ❖ Replaced scheduled portion of City Hall rooftop HVAC units
- ❖ Upgraded sections of lighting at City Hall, Public Works, and Pool to higher efficiency LEDs, with the help of Energy Trust rebate systems

GOALS AND PROJECTS

- ❖ Work with consultants and Energy Trust projects to improve utility consumption at RLPS and Library
- ❖ Install access control system and upgrade camera systems at Pool
- ❖ Replace Library carpet
- ❖ Roof replacement for Public Work's warehouse
- ❖ Condense and centralize individualized vendor services across the City to provide greater oversight and quality control
- ❖ Continue to work with IT to upgrade and modernize our alert system hardware and call out infrastructure to remove all reliance on POTS copper service

POLICE

Total FTE 59.25

Consists of 45 sworn and 14 non-sworn positions, plus part time hours for background checks.

This chart reflects the City's organizational reporting structure. For information about how budgeted expense is allocated to, and reported within, funds and departments, see the Personnel portion of the Additional Information section at the end of this document.

POLICE

OVERVIEW

The Police Department provides quality and professional law enforcement services to the residents of Oregon City by working with the community and the neighborhoods to help identify and rectify conditions that may lead to the occurrence of crime; by providing efficient and effective officer response to emergencies and requests for assistance; by providing community education in crime prevention and awareness; by providing internal leadership, strategic planning, and staff and policy development; by cooperating and liaising with the municipal court, state and federal law enforcement; by enhancing traffic safety; and by investigating and clearing crimes and violations of the City's codes and ordinances.

MISSION

The Department strives for a safe community, positive community relationships through excellent customer service, well-trained employees who are committed to teamwork, and a satisfying work environment where employees are empowered and have a voice. The Department is part of the community and serves its residents with integrity, courage, professionalism, excellence and commitment.

DEPARTMENT GOALS

❖ COMMISSION GOAL – INCREASE COMMUNITY ENGAGEMENT OPPORTUNITIES

- ♦ Continue the Citizen Police Academy to familiarize residents with the operation of the police department
- ♦ Continue outreach and event programs such as National Night Out, OCPD Summer Camp, etc.
- ♦ Refine and improve the engagement strategy to enhance two-way engagement and communication and build new relationships in the community
- ♦ Enhance the City's use of online engagement and gather engagement data to track progress

❖ COMMISSION GOAL – REDUCE HOMELESSNESS

- ♦ Develop partnerships with other local and regional governments to develop local and regional solutions including Oregon City's needs in serving the homeless population
- ♦ Provide for social services while utilizing enforcement as needed to meet community members and businesses expectations for a safe and inviting City

SIGNIFICANT BUDGET CHANGES

Realignment of FTE to maximize efficiencies and still meet the needs of residents

Notable increases in Intergovernmental Agreements for necessary services, such as 911 emergency dispatch, electronic health record databases, County radio system, etc.

POLICE OPERATIONS

OVERVIEW

The Police Department protects lives and property in our community through partnering with residents and promoting public safety and crime prevention through education and enforcement.

The Police Department includes 45 sworn personnel. The sworn staff, at full strength, consists of the Chief of Police, two captains, six patrol sergeants, one training sergeant, 24 patrol officers, one school resource officer (SRO), one COPS grant officer, and three traffic officers, along with a traffic sergeant. Also included is the detective unit, consisting of one detective sergeant and three detectives. Special assignment officers from the patrol division include four canine units, one member on the Clackamas County Sheriff’s Office Interagency SWAT team, and two crisis negotiators who are assigned to SWAT.

These sworn positions are supported by eight non-sworn personnel responsible for administrative functions such as technological support, records processing and retention, behavioral health response, training, evidence control, grant administration, policy and procedures, and community service / public education coordination. Emergency (911) dispatch is handled by a dispatch contract with Clackamas County Communications.

ACCOMPLISHMENTS

- ❖ Maintained community awareness and involvement by attending neighborhood association meetings, quarterly Chief’s Advisory meetings, National Night Out, other events, and community meetings
- ❖ Updated body cameras and video retention

system software for entire department, through Axon’s TAP program

- ❖ Purchased in-car camera systems to replace all outdated traffic in-car camera systems and equipped our entire patrol fleet
- ❖ Entire review of department policies and procedures, also an ongoing project goal
- ❖ Hiring and retaining officers for continued growth in the community
- ❖ Transfer to Red Dot Site (RDS) pistols for entire patrol staff
- ❖ Received the following grants:
 - ♦ Entered a grant with Clackamas County for the City-led Homelessness Initiatives for a non-sworn homeless outreach specialist
 - ♦ Awarded approximately \$160,000 in grants for equipment and traffic enforcement
 - ♦ All staff wellness training
 - ♦ Developed and administered the Youth Opioid Prevention Grant Program (YOPGP) award of \$20,000 in 2023 and 2024

GOALS AND PROJECTS

- ❖ Purchase and equip two new patrol cars and two new staff cars per fiscal year
- ❖ Hiring and retaining officers for continued growth in the community
- ❖ Review all department policies and procedures
- ❖ Reaccreditation with the Oregon Accreditation Alliance
- ❖ Continue to support and expand officer wellness programs
- ❖ Continue to find grant funding opportunities

Total Police	\$ 21,680,485	\$ 23,571,776	\$ 25,753,300	\$ 13,455,300	\$ 13,937,300	\$ 27,392,600

BUDGET HIGHLIGHTS

The increase in Personnel Services includes cost of living and pay grade (step) increases along with health insurance increases.

The increase in Materials & Services includes a \$212,300 increase to contracted emergency dispatch services, a \$86,400 increase for other professional and technical services, and increased operating costs (utilities, landscaping, etc.) associated with the public safety building.

Professional & Technical Services are broken out as follows:

911 Dispatch	\$ 1,232,300
IT professional services	170,000
Police radios (Clackamas)	178,700
Records management	112,700
Legal fees	<u>10,400</u>
Total	<u>\$ 1,704,100</u>

CODE ENFORCEMENT AND PARKING

OVERVIEW

This program enhances community livability through fair and efficient enforcement of Oregon City Municipal Code. Responsibilities include responding to complaints and assisting residents in finding solutions to code violations.

Additionally, this program is responsible for downtown parking operations and enforcement of regulated parking areas.

The garbage pickup services franchise fee agreement stipulates that 4% of gross receipts would be designated for clean-up related activities. These revenues fund the city garbage collection contract, clean-up activities, and nuisance abatement of hazardous conditions throughout the City.

ACCOMPLISHMENTS

- ❖ Increased coverage to 7 days a week
- ❖ Improved safety in the Municipal Lot (i.e., new sidewalks, tree replacements, and updated lighting)
- ❖ Keep OC Clean Project
- ❖ Brought online registration for vacant property owners to City’s new website

GOALS AND PROJECTS

- ❖ Conduct a new parking study in 2025 after the County courthouse relocates
- ❖ Reassess downtown parking and permit zones
- ❖ Implement Graffiti removal project
- ❖ Continue to update and create new code language for improved livability
- ❖ Plan for future capital improvements to the Municipal Lot (i.e., paving and safety features such as cameras)

BUDGET HIGHLIGHTS

The Code Enforcement budget remained relatively consistent in the biennium, with most increases being inflationary in nature.

Personnel Services include the reduction of one Code Enforcement Officer.

Professional & Technical Services are composed of legal fees for services and Code radios.

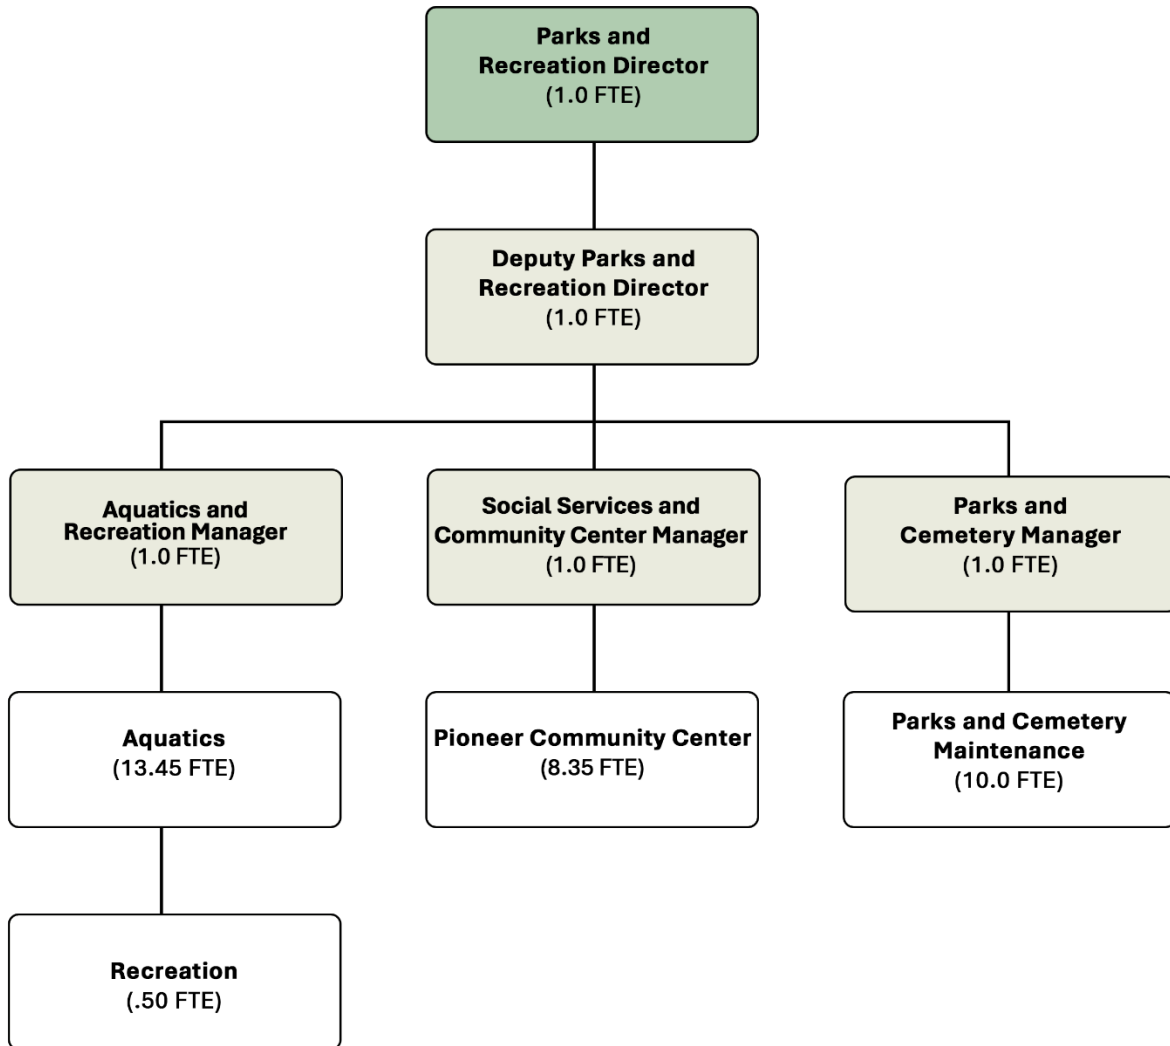

Repair and Maintenance Services include primarily waste disposal for all City locations of \$238,000, as well as other maintenance services, including vehicle, building, and equipment maintenance, totaling \$47,400.

Special Programs & Services are composed of:

Flower basket program	\$ 112,000
Nuisance abatement	<u>20,600</u>
Total	<u>\$ 132,600</u>

PARKS AND RECREATION

Total 38.39 FTE

This chart reflects the City’s organizational reporting structure. For information about how budgeted expense is allocated to, and reported within, funds and departments, see the Personnel portion of the Additional Information section at the end of this document.

PARKS AND RECREATION

OVERVIEW

The Parks and Recreation Department creates community in the City through people, parks, and programs. The Department provides space to learn and play as well as programs, services and activities for groups of all ages. The department promotes health and wellness through its recreational facilities and programming; it also maintains the cemetery. The functions of the Parks and Recreation Department are assigned to five major programs: Parks Operations Maintenance, Aquatics & Recreation, Community Events and Admin, Pioneer Community Center, Ermatinger House, and Mountain View Cemetery.

MISSION

To create recreation, leisure and cultural opportunities by providing high quality parks, facilities, programming and support services to people of all ages. We enhance the quality of life within the community.

DEPARTMENT GOALS

- ❖ **COMMISSION GOAL – INVEST IN CITY FACILITIES AND INFRASTRUCTURE**
 - ◆ Complete End of the Oregon Trail master plan
 - ◆ Complete Aquatics and Recreation Center master plan
- ❖ **COMMISSION GOAL – IMPROVE PARK LANDS AND NATURAL RESOURCES**
 - ◆ Complete tree canopy assessment on parkland
 - ◆ Implement a deferred maintenance program to replace or repair outdated assets in parks
 - ◆ Implement the Clackamette Park Master Plan – Phase I

SIGNIFICANT BUDGET CHANGES

The budget includes funding for deferred parks maintenance.

PARKS MAINTENANCE

OVERVIEW

The Parks and Cemetery Maintenance department provides the community with a system of neighborhood, community and regional parks which include play equipment, sports facilities and open green spaces. The department oversees 38 park sites, 2 boat ramps, a 56-acre cemetery and an RV Park. The department ensures these facilities are safe, clean and ready for use. We provide picnic facilities, shelters, restrooms and other facilities to support an active recreation program.

ACCOMPLISHMENTS

- ❖ Completed playground repairs throughout the Park system
- ❖ Identified and constructed new ADA improvements in playgrounds and on walkways
- ❖ Completed pollinator gardens at River Access Trail and the Swimming Pool
- ❖ Completed multiple improvements to our spray parks and irrigation systems to reduce water usage
- ❖ Cooperatively worked with Oregon City Youth Sports to renovate multiple infields throughout the system
- ❖ Cooperatively worked with Oregon City Soccer to install a new goal cage at Chapin
- ❖ Cooperatively worked with GOCWC and Oregon City Parks Foundation on ivy removal at Atkinson Park and Waterboard Park
- ❖ Continued to identify sites and plant trees and native plant material as part of reforestation goals
- ❖ Completed training for staff including Certified Playground Safety Inspector and Pesticide Applicator Licensing

- ❖ Completed the Oregon City Parks and Recreation Master Plan update
- ❖ Began implementation of the Clackamette Park Master Plan with archaeological investigations
- ❖ Successfully awarded an Oregon State Marine Board Boating Facilities Grant for archaeological work on the new boat ramp site
- ❖ Developed a 20-year Capital Improvement Plan in conjunction with the Parks system development charge (SDC) update and the Parks and Recreation Master Plan update
- ❖ Parks system development charge (SDC) update in progress

GOALS AND PROJECTS

- ❖ Maintain city parks and open spaces to the highest possible standards with available resources
- ❖ Seek funding options to create sustainable revenue streams
- ❖ Implement Metro Local Share projects, with community input on project selection
- ❖ Implement Clackamette Park Master Plan with stakeholders and public process. Prioritize boat ramp relocation while seeking funding sources
- ❖ Develop a 5-year Parks Capital Improvement Plan with public input on prioritization
- ❖ Support ongoing Tree City USA designation
- ❖ Address trail maintenance and repair needs ensuring ADA compliance
- ❖ Complete playground upgrades and repairs throughout the parks system
- ❖ Complete shelter, bench, and picnic table upgrades and repairs throughout the parks system.
- ❖ Seek opportunities for community engagement

BUDGET HIGHLIGHTS

This budget includes additional maintenance costs associated with inflation and increased material costs. Significant expenses are highlighted below:

Repair & Maintenance Services refer to supplies and equipment maintenance. Vehicle maintenance and tree maintenance accounts for the majority of these costs.

Operating Materials & Supplies account for materials purchased for parks operations including equipment to improve sports fields.

Special Programs include Transient Room Taxes paid by the RV Park.

Capital Outlay includes Metro Local Share funding for a new dog park and habitat restoration at Wesley Lynn Park (\$105,000) and a restroom replacement at Hillendale Park (\$400,000).

CEMETERY

OVERVIEW

Cemetery Operations provides families with options for the needs of their loved ones to be placed in a pleasant and serene surrounding. The city cemetery, including the historically important Pioneer Cemetery, is maintained, enhanced and protected. Operations of the Mountain View Cemetery include full body burials, cremations garden, mausoleum, and grounds maintenance.

ACCOMPLISHMENTS

- ❖ Installed a new niche wall at Mt. View Cemetery
- ❖ Completed Veterans Memorial Renovation

GOALS AND PROJECTS

Prior to the 2025-2027 biennium, Cemetery expenditures were recorded in the Park Maintenance department.

BUDGET HIGHLIGHTS

Repair & Maintenance Services refer to supplies and equipment maintenance as well as vehicle maintenance accounts for the majority of these costs.

Operating Materials & Supplies account for materials purchased for cemetery operations including chemicals, boxes and liners, headstones, and name plates.

RECREATION AQUATICS

OVERVIEW

The Recreation and Aquatics Division provides high-quality programs, events, and facilities that serve all ages in our community. We strive to meet high standards in aquatic safety, customer service, and facility maintenance, ensuring a safe, fun, and well-supervised environment. As the only public swimming pool in Oregon City, we play a vital role in offering programs that teach lifesaving water skills, promote lifelong fitness, and support overall community health. In a city surrounded by bodies of water, expanding access to swim lessons and water safety education remains one of our highest priorities.

Beyond the pool, we provide enriching experiences through our youth camps, giving children opportunities for recreation, social connection, and personal growth. Our commitment to community engagement extends to hosting and supporting beloved events such as Movies in the Park, the Daddy-Daughter Dinner Dance, and various cultural series that celebrate the diversity of our city.

Through these efforts, the Recreation and Aquatics Division remains a cornerstone of community enrichment, fostering connections, lifelong learning, and public well-being.

ACCOMPLISHMENTS

- ❖ Continued surveying and improving our swim lesson offerings and finding new ways to provide water safety education
- ❖ Received a grant to purchase our own Movies in the Park equipment, allowing us to support more cultural events and expand water safety resources
- ❖ Continued to provide a safe, professional, and clean facility for the community and keeping up on the building improvements needed to continue operations
- ❖ Continued to offer programs, such as swim lesson tests, longer day camps, and special events like our Glow Swims that appealed to the public, drove up attendance, and brought in additional revenue

- ❖ Contracted with new businesses to help expand swim lesson offerings during slower times of the day
- ❖ Invested in training aquatic staff as Lifeguard Instructors to allow for more staff to help with certifications, better onsite supervision, and higher quality in-service training
- ❖ Increased participation in our Junior Camp Counselor program
- ❖ Expanded offerings for full day camps in the summer
- ❖ Completed a series of cultural events in 2024 with expanded partnerships

GOALS AND PROJECTS

- ❖ Maintain the facility to ensure continued upkeep and safety for the public. Priority projects being the plastering of the pool shell, retiling, and redoing the deck surface
- ❖ Increase training and certifications for Head Lifeguard Staff. Ensure all Head Guard Staff are Lifeguard Instructors, identify more to become Pool Operators to align with public codes and improve the quality of programs offered
- ❖ Evaluate programs against trends to identify areas that are underserved and continue to seek creative ways to program the pool and community room to meet those trends
- ❖ Strive to be fiscally conservative and program facility space and time efficiently to maximize revenue to help offset increased expenses
- ❖ Implement new ways of providing water safety education and getting more access to members of the community for swim lessons as formal swim lessons prevent drowning by 88% and drowning continues to be the lead cause of death for children 1-4 and second leading cause of kids 5-12
- ❖ Keep growing our volunteer opportunities within our programs, including a junior swim lesson instructor program
- ❖ Continue to seek additional partnerships within the community and work with the schools to offer programming during school hours, including swim lessons, fitness classes, and certification classes

Total Recreation Aquatics	\$ 1,533,528	\$ 1,877,051	\$ 2,203,700	\$ 1,498,300	\$ 1,555,800	\$ 3,054,100

BUDGET HIGHLIGHTS

Previously, this budget was divided between two departments: Recreation and Recreation Aquatics. To improve consistency and better reflect operational oversight, we have consolidated the items from Recreation that fall under the responsibilities of the Aquatic and Recreation Manager into the Recreation Aquatics. This adjustment ensures a more accurate allocation of resources, recognizing that many staff members and resources serve both Recreation and Aquatics programs. By streamlining these budgets, we can enhance efficiency, improve financial tracking, and better support the shared needs of both divisions.

Personnel Services increases include the addition of an Aquatic Coordinator, who will

oversee scheduling during late afternoons and evenings when management is not onsite. This position will enhance staff training and retention, elevate the quality of water safety programs, and ensure greater compliance with aquatic codes by maintaining a Certified Pool Operator certification. Having a dedicated staff member with this certification onsite will provide consistency in facility operations. Additionally, this role will support increased in-service training requirements and help uphold the standard of care essential for a well-managed aquatic facility.

Repair & Maintenance Services includes electric and gas utilities as well as costs to maintain the pool building.

PIONEER COMMUNITY CENTER

OVERVIEW

The Pioneer Adult Community Center is a multipurpose facility offering nutritional, recreational, educational, and social services to adults in the community. The primary goal of the Center is to enhance the quality of life for older adults and disabled residents of the community and provide an opportunity for the elderly to maintain an independent lifestyle.

The program serves approximately 37,000 Meals on Wheels, 7,000 congregate meals, and provides 6,000 rides each year. In addition, approximately 18,500 visitations occur for the Center's recreational opportunities and nearly 60,000 units of social services are provided annually. The Pioneer Center is a highly used facility and is rented for various private events and meetings. Approximately 90,000 people are served annually as staff strive to serve to accommodate as many users as possible. The division continually seeks to collaborate to host events and activities that benefit our community and its residents.

ACCOMPLISHMENTS

- ❖ Expanded the Meals on Wheels program from 2 delivery days of service to 4
- ❖ Reopened the congregate dining program fully to 5 days of service per week
- ❖ Completed scheduled slider door replacements to enhance safety and security of facility
- ❖ Completed ADA upgrades to all door hardware throughout the building
- ❖ Completed the reception reconfiguration project with ADA upgrades
- ❖ Received a grant award for the congregate dining program in the amount of \$22,482.45 for enhanced patron experience through the purchase of new tables, décor, linens, sound and kitchen equipment
- ❖ Received a grant award in the amount of \$50,000 for the installation of security cameras throughout our property as part of

the State's transportation infrastructure grant

- ❖ Completed successful recruitment for the vacant positions of Social Service Programmer and Rental and Events Coordinator
- ❖ Expanded staffing to include needed PT Van Driver and Fitness Instructor as programs reopened and expanded
- ❖ Successfully recruited and managed 115 new volunteers during this biennium
- ❖ Passed all required inspections and audits

GOALS AND PROJECTS

- ❖ Enhance programs and services to provide full use of the Pioneer Center and meet the needs of the aging and disabled population and the community
- ❖ Manage budget to support services to seniors and disabled in the most productive way
- ❖ Monitor customer needs and program trends; add needed programs or eliminate underutilized programs
- ❖ Continue to seek additional partnerships within the community
- ❖ Recruit and manage a large pool of volunteers for continued high service requests once re-opened
- ❖ Continue to offer staff training to ensure high quality of customer service
- ❖ Invest time, effort, and funding into professional development and staff retention
- ❖ Complete kitchen remodel project to replace equipment that poses maintenance challenges, non-useable and outdated equipment
- ❖ Complete roof replacement project
- ❖ Increase community engagement and marketing opportunities to educate, inform, and gather feedback and input

BUDGET HIGHLIGHTS

Materials & Services have remained fairly consistent with minor increases in the food nutrition program, recorded under Special Programs, which is grant funded.

Repair & Maintenance Services includes utilities, janitorial, and building maintenance costs. The increase in the biennium is attributable to anticipated increases in janitorial service costs, as well as projected increases in utility costs.

COMMUNITY EVENTS AND ADMIN

OVERVIEW

Community Events and Admin provides a full range of recreational activities and opportunities to the residents of Oregon City in settings which are safe, sustainable, green and clean, preserving our past and building for our future. This budget also supports overall department administration functions including the positions of Parks and Recreation Director and Assistant Parks and Recreation Director. The objective of the division is to provide overall direction and support and administration of Parks and Recreation, implement major park acquisition and development projects per the Park Master Plan and plan, develop and maintain community events.

ACCOMPLISHMENTS

- ❖ Created a new 4th of July event held in 2024 using a city-sponsored event grant
- ❖ Fostered several new community partnerships to diversify access to recreation programs and compile resources to add more recreational opportunities for the community

- ❖ Successfully held another season of Concerts in the Park, with many new upgrades and partnerships.
- ❖ Began long-term planning for increasing community events year round to provide additional opportunities for the community to enjoy

GOALS AND PROJECTS

- ❖ Maintain existing quality of programs while increasing recreation opportunities for the community by utilizing contract services
- ❖ Be a strong and reliable resource of recreational events for the community
- ❖ Continue to provide a series of special events that draw attendances from surrounding communities and contribute to civic pride
- ❖ Develop and implement new events in fall, winter, and spring to increase our offerings for the community
- ❖ Increase sponsorship opportunities and partnerships to offset increased expenses from new and enhanced community events
- ❖ Focus on implementing consistent policies department-wide to improve our visitor experience and ensure consistent service

Total Community Events and Admin Programs	\$ 665,890	\$ 828,946	\$ 893,150	\$ 296,900	\$ 293,500	\$ 590,400

BUDGET HIGHLIGHTS

This is an increase for Concerts in the Park as the price for bands, music, licensing, security, porta potties, etc. have all risen, causing this program cost to be a lot higher. We have also added expenses related to the new annual 4th of July event.

Special programs includes an increase of \$25,000 for marketing and social media support to increase our community outreach efforts. We anticipate increased revenue from these efforts.

Software costs represent the SmartRec reservation system that is utilized by all divisions within Parks and Recreation.

Special Programs are composed of the following:

Concerts	\$ 90,000
Events	90,000
Trail News	<u>76,000</u>
Total	<u>\$ 256,000</u>

ERMATINGER HOUSE

OVERVIEW

The Ermatinger House budget supports the preservation, interpretation, and educational outreach of this historic site, ensuring its long-term sustainability as a community and cultural asset. As one of the oldest homes in Oregon, the Ermatinger House serves as a vital link to the city's past, and our budget prioritizes historic preservation through dynamic educational programming. By expanding field trips, guided tours, and hands-on learning experiences, we aim to engage students, residents, and visitors in the rich history of Oregon City. Funding is allocated to maintaining the structural integrity of the house, developing high-quality interpretive materials, and hosting events that bring history to life. Through these efforts, we strive to foster a deeper appreciation for local heritage while creating new opportunities for learning and community engagement.

ACCOMPLISHMENTS

- ❖ Continued strong partnership with the Friends of the Ermatinger House, providing monthly events, Free Museum Days, and opening of a new exhibit
- ❖ Fostered several new community partnerships to expand field trip offerings. This year we are anticipating having over 1,000 kids participating in our field trips compared to the 400-500 in the last biennium
- ❖ Continued to work with community partners to explore programming and fundraising

opportunities. Implemented our Friday Night Frights that helped raise money for the Ermatinger House and other community partners

- ❖ Improved quality of Field Trip program content and gained new volunteers for our field trips

GOALS AND PROJECTS

- ❖ Maintain existing quality of programs with them main area of focus being our field trip programs and monthly special events
- ❖ Promote Friday and Saturday guided tours through targeted marketing, social media, and partnerships with local organizations
- ❖ Implement the new fee structure by charging admission for all visitors, tour or not, and adjusting the child rate to start at age 4 instead of 12. Offer family rates and one free museum day per month still
- ❖ Continue large fundraisers like our Friday Night Frights that draw attendances from surrounding communities and contribute fostering support for heritage sites
- ❖ Evaluate current interpretive plan and provide more education on the indigenous community
- ❖ Purchase items for a gift shop, field trip supplies, and updates to interpretive panels with savings from maintenance costs this biennium

ERMATINGER HOUSE EXPENDITURES

Description	2019-2021 Actual	2021-2023 Actual	2023-2025 Amended Budget	2025-2026 Proposed Budget	2026-2027 Proposed Budget	2025-2027 Proposed Biennium

Total Materials & Services	-	-	71,250	42,400	43,800	86,200
Total Ermatinger House	\$ -	\$ -	\$ 144,550	\$ 90,200	\$ 94,000	\$ 184,200

BUDGET HIGHLIGHTS

As this is a relatively new budget, additional line items have been introduced to improve financial tracking and ensure a clearer allocation of resources. To address the growth of our educational programming, particularly our expanding field trips, we are increasing part-

time salaries to support on-call museum educators. These staff members will be scheduled only when field trips occur, ensuring where revenue from field trips will support the additional cost of staff, and while enhancing the visitor experience and being able to continue to grow the field trips and take larger groups of kids.

**END OF THE OREGON TRAIL
INTERPRETIVE CENTER**

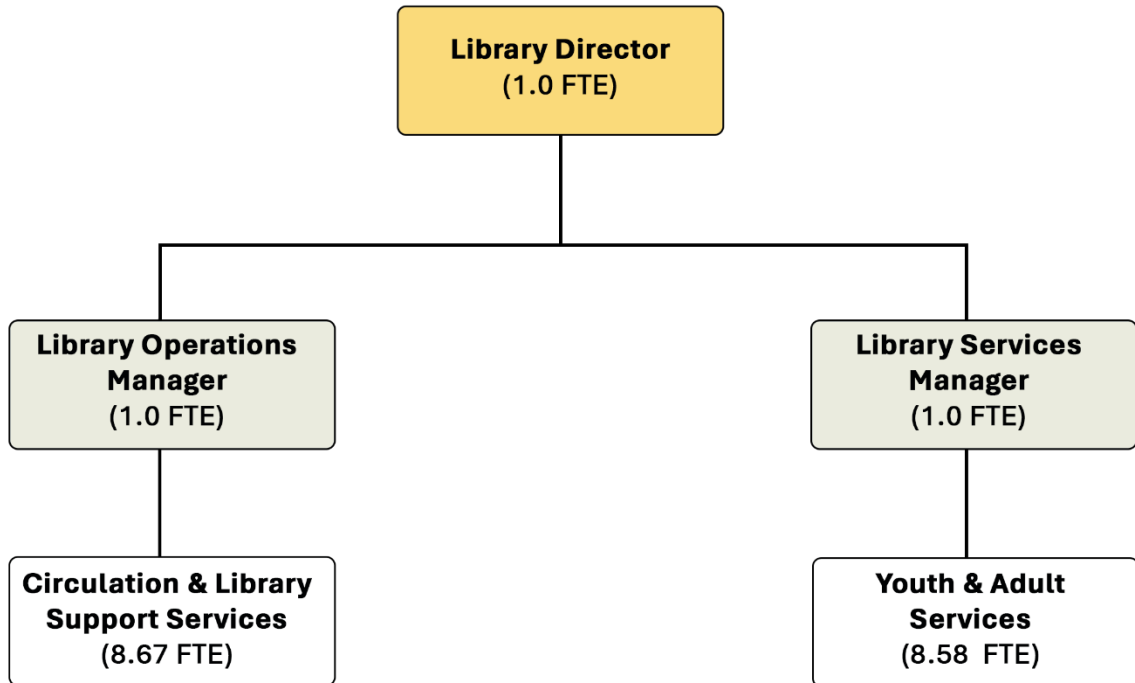

When pioneers completed their six month journey along the Oregon Trail, they found themselves in Oregon City at a place called “Abernathy Green.” Today the End Of The Oregon Trail Interpretive Center sits on that very location. More than a museum, it is an interactive experience that shares the stories of

the pioneers who made that great journey as well as the indigenous peoples who called the area home for centuries prior. Families get a little taste of what life was like in early Oregon, and come away with an appreciation of their state's history and what they have today.

LIBRARY

Total 20.25 FTE

This chart reflects the City's organizational reporting structure. For information about how budgeted expense is allocated to, and reported within, funds and departments, see the Personnel portion of the Additional Information section at the end of this document.

Library

LIBRARY FUND

The entire operations of Oregon City Public Library are accounted for in the Library Fund. Approximately 90% of its funding comes from Clackamas County Library District tax revenues, which pay for the majority of library operating expenses, including personnel, materials, and facility maintenance costs. Debt Service payments (principal and interest) are for bonds issued for the construction of the library

expansion. Per Ballot Measure 3-435 passed by City voters in May 2014, the City intended to repay these bonds using existing revenue sources, including the Library District and City funds.

The table below compares total resources and requirements for the Library Fund for the upcoming biennium, the current biennium, and the two previous biennia.

LIBRARY

OVERVIEW

The Oregon City Public Library is unique among City departments, in that its defined service area includes not only the 38,000+ residents of the City, but approximately 23,000 residents of unincorporated Clackamas County as well. All residents within the Library’s 110 square mile service area are assessed the same Library District tax rate of \$0.3974 per thousand of assessed value. Per Oregon law, this rate cannot increase. The annual Library District assessment on a property valued at \$500,000 is approximately \$199. In FY 23/24, approximately 54% of the Library District tax revenues received were paid by City residents, while 46% were paid by residents of unincorporated Clackamas County.

Per FY 23/24 data provided by the State Library of Oregon, the Oregon City Public Library had the 14th largest service area population out of approximately 136 public libraries in the State. When looking at public libraries which only have a single location (and not multiple branches), the Oregon City Public Library has the 4th - largest service area population in the State.

The Library achieved an overall satisfaction rating of 83% on the 2024 Oregon City Community Satisfaction survey, the highest level of satisfaction with any City service. This rating is 19% higher than both national and regional averages.

Specific Areas of Library services that survey respondents living in both the City and in unincorporated areas indicated should receive more attention in the next biennium include availability of physical resources, availability of digital resources, outreach programs, events for children and events for seniors. Addressing these community-identified priorities has been factored into the Library’s 25-27 biennial budget proposal.

ACCOMPLISHMENTS

- ❖ In partnership with the Oregon City School District (OCSD) and Clackamas County, developed and implemented the Student Library Card program which allows OCSD students to sign up for a library card as part

of their annual school enrollment. This partnership is the first of its kind in the Clackamas County Library District

- ❖ Successfully replaced all wood flooring in the Library. The project was completed on-time and within budget and the new floors have been well-received by the community
- ❖ Modified Library operating hours to better match demonstrated community usage and demand
- ❖ Completed revisions to the Library’s Collection Development Policy
- ❖ Conducted first ever statistically-valid satisfaction survey of unincorporated residents of the Oregon City Public Library service area
- ❖ Implemented new process for allowing after-hours usage of Community Room by designated Neighborhood Associations and Community Planning Organizations
- ❖ Developed bylaws and significantly increased advisory role for the Teen Advisory Committee
- ❖ Developed a Young Teen Advisory Committee (YTAC) for middle-school students
- ❖ Installed a new, permanent Circulation Desk which allows staff to more effectively provide quality customer service
- ❖ Developed the Library’s first 2-year Tactical Plan, which supports overall Strategic Plan by identifying specific, high-impact projects that directly support Strategic Plan foci
- ❖ Based on specific recommendations from our Teen Advisory Committee, upgraded the furnishings and fixtures in the Teen Room (including a new plant wall) to create a more inviting, comfortable space for Teen patrons
- ❖ Revived the “One Community, One Book” community reads program (last offered in February, 2020). Over 300 copies of the book “The Place We Make” by local author Sarah Sanderson were given away
- ❖ Updated the Library’s Behavior Policy, to improve both staff safety and ensure a safe, positive library atmosphere and experience for patrons

Library

- ❖ Created a Library Display Policy to articulate the guidelines and priorities which library staff utilize when creating Library Displays
- ❖ Implemented a formal Books By Mail program for homebound library patrons
- ❖ Partnered with the Pioneer Community Center to implement a Books on Wheels program, which allows Meals on Wheels recipients to receive and return Library books as part of the regular meal deliveries
- ❖ Implemented a new Seed Library
- ❖ Received an 83% overall satisfaction rating on the 2024 Community Satisfaction Survey, 19% higher than regional or national averages

GOALS AND PROJECTS

❖ COMMISSION GOAL – CREATE A DEI & SAFE COMMUNITY & WORKPLACE

- ♦ Continue to identify and reduce/mitigate/eliminate barriers that residents experience when accessing Library services
- ♦ Continue to support Resolution 20-19 by providing safe spaces for conversations and learning opportunities to fight racism and inequity

❖ COMMISSION GOAL – INVEST IN FACILITIES & INFRASTRUCTURE

- ♦ Continue to budget for and invest in scheduled capital repair and replacement projects to ensure the long-term viability of the Library facility

❖ COMMISSION GOAL – INCREASE COMMUNITY ENGAGEMENT OPPORTUNITIES

- ♦ Continue to identify underserved communities and develop outreach/service plans
- ♦ Continue to strengthen and expand partnerships with Oregon City School District and other community partners
- ♦ Expand the Library’s capacity to conduct outreach and provide access to library materials and services

throughout the entire Oregon City Public Library service area through the acquisition of a Library Outreach Vehicle and deployment of Remote Book Lockers

❖ COMMISSION GOAL – REDUCE HOMELESSNESS

- ♦ Continue to build relationships and develop partnerships with local agencies, service providers, and community groups
- ♦ Continue regular Library outreach efforts at The Father’s Heart and LoveOne shower events
- ♦ Continue to review and update Library behavior policies and protocols, and to provide supplemental training and support for Library staff
- ♦ Ensure that the Library continues to be a safe, welcoming space for all patrons

❖ COMMISSION GOAL – SUPPORT ECONOMIC DEVELOPMENT & TOURISM

- ♦ Continue to develop and offer programs which explore the history of Oregon City and Clackamas County
- ♦ Continue to identify opportunities to partner with and support the local business community

❖ COMMISSION GOAL – INCREASE HOUSING OPPORTUNITIES

- ♦ Continue to provide meeting space where the City can present information and collect community feedback regarding housing options

❖ COMMISSION GOAL – IMPROVE PARK LANDS & NATURAL RESOURCES

- ♦ Continue to promote our popular Seed Library and related programs to provide free seeds to gardeners, to promote saving and sharing of good quality plant genetics that grow well in the microclimate of our region, to provide opportunities for the teaching of new self-reliant gardening skills, and to encourage a culture of sharing and community

Program Participation	18,640	20,092	22,998	11,105	11,183	11,536	12,000	12,500

¹ In FY 24/25, the Library entered into a partnership with the Oregon City School District (OCSD) and Clackamas County to allow all OCSD students to sign up for library cards as part of annual school enrollment. The significant increase in projected new registered borrowers for FY 24/25 reflects the availability and first-year usage of this new program.

² Each year in October, cardholder accounts with no activity for 3 years are purged from the system. The number of new registered borrowers combined with the number of purged accounts results in the net change to annual registered cardholders.

³ When this number is negative, it indicates the library borrowed more from other LINCC Libraries than it lent. When this number is positive, it indicates the library lent more to other LINCC libraries than it borrowed. Our goal is to be as close to zero as possible, preferably with a positive total (indicating the Library is a net lender to the LINCC cooperative).

⁴ FY 22/23 and later totals are impacted by post-COVID operational changes as well as by changes in statistics collection implemented in order to be more consistent with State Library of Oregon guidance.

Library

BUDGET HIGHLIGHTS

The proposed budget includes a new 1.0 FTE Public Services Manager position to manage the Library's Youth Services and Adult Services areas. This new position will provide much needed management support for the Library, which operates 7 days a week, and employs more than 30 individuals. The new position will also allow more attention to be paid to employee development, as well as areas ranked as top priorities by the community, including outreach and programming. Costs for the position will be

funded from existing revenues as well as the Library's fund balance, which is composed primarily of historically unexpended Library District operating revenue.

Repair & Maintenance Services includes utilities, janitorial, and building maintenance costs. The increase in the biennium is attributable to anticipated increases in janitorial service costs, as well as projected increases in utility costs.

COMMUNITY DEVELOPMENT

Total 16.0 FTE

COMMUNITY DEVELOPMENT

OVERVIEW

Community Development is responsible for working with the community to guide growth and development within the city limits in accordance with the community's needs and applicable legal framework. The Community Development Department is comprised of the Planning Division and Building Division; the first and the last steps of the development process.

The Planning Division performs long-range planning projects and community engagement, interprets and applies Municipal Code standards and appropriate Comprehensive Plan policies to proposed development projects, land use education and outreach, administration of the City's preservation program, participation in regional policies, and management of the Planning Commission, Historic Review Board, and the Natural Resources Committee.

The Building Division is responsible for issuing building, plumbing, heating/cooling, and electrical permits to ensure the safety of the buildings throughout the community. The permitting process includes reviewing plans and conducting inspections of work for compliance with the State of Oregon Building Codes and the City's Municipal Code.

MISSION

Community Development is Planning and Building for today and tomorrow. Committed to serving the public with excellent customer service. Future focused.

Strive to:

- ♦ Provide the tools and information for the public to make informed decisions
- ♦ Ensure the full community voice and visions are heard
- ♦ Provide predictability and knowledge within our expertise
- ♦ Treat people with fairness, equity, dignity, and consistency
- ♦ Empower and assure customers through complex and difficult processes
- ♦ Avoid ambiguity with clear and kind communication
- ♦ Accommodate without compromising safety

DEPARTMENT GOALS

❖ COMMISSION GOAL -- INCREASE HOUSING OPPORTUNITIES

- ♦ Anticipate state mandates and tailor local policies to best fit the needs of the community while balancing public infrastructure investment for current and future residents
 - Expand housing choices and develop a housing strategy

❖ COMMISSION GOAL -- IMPROVE PARK LANDS & NATURAL RESOURCES

- ♦ Protect and preserve our environmental and natural resources for a healthy, sustainable community
 - Focus efforts on preserving and protecting the city's tree canopy

PLANNING

The Planning Fund accounts for the City’s long-range planning, current planning, and general planning assistance provided to the community.

The following table includes total resources and requirements for the proposed biennial budget, the budget for the current biennium and actual

data for the two previous periods. The largest source of revenues are pass-through revenues (excise taxes collected on behalf of the Oregon City School District), followed by internal service charges and land use applications. The largest expenditure is for personnel, as expected for a service department.

PLANNING

OVERVIEW

The Planning Division works with the community to determine how to prepare for the future. The Division works toward solutions, focusing on issues created by the built environment. Planning is not an isolated activity. Rather, it relies on participation of the entire community. The Planning Division brings together data, community member's ideas and opinions, civic leader's goals, and good planning practice into a deliberative process of community decision making.

The Planning Division is responsible for all long-range and current planning as well as implementation of the Oregon City Comprehensive Plan and associated Municipal Ordinances. The Division is responsible for reviewing private and public development within the City including annexations, zone changes, master plans, detailed development plans, site plan and design reviews, subdivisions and partitions, conditional use permits, sign permits, natural resource overlay district permits, floodplain protection, historic reviews, home additions, middle housing and land divisions, street tree removal requests, and various other land use related reviews. The division addresses daily inquiries from the public through phone calls, emails and staffing of the department counter, while working closely with the Building and Development Services Departments to coordinate and improve permit review.

Planning staff consists of the Community Development Director, a Planning Manager, two Assistant Planners, one Senior Planner, and an Administrative Assistant.

Long-range planning supports the community with the development of the Municipal Code, comprehensive plan policies, vision documents, and economic development. The Planning Division also facilitates community engagement and education with the Planning Commission, Historic Review Board, Natural Resources Committee, and Development Stakeholders Group, while providing city

representation to Metro and other statewide planning and policy discussions.

ACCOMPLISHMENTS

- ❖ **COMMUNITY ROOM:** The space in the Community Development Building formerly used for a gym was converted into a multipurpose meeting space. The Facilities staff played a pivotal role in the conversion by overseeing the renovations, furniture purchases, and installation of audio-visual equipment. This room is now used for large city staff meetings, Neighborhood Association meetings, community groups, and the Natural Resources Committee meets in person in this room.
- ❖ **BUILDING UPGRADES:** The Community Development building has a new alarm system, and the building joined the rest of the city buildings by migrating access control to the Avigilon system. The security upgrades were in collaboration with Facilities and IT departments.
- ❖ **ADVISORY COMMITTEES:** The Natural Resources Committee positions are now filled and meeting in person. Historic Review Board has a full committee and is also meeting in person in the Libke Commission Chambers. Planning Commission will also have a full committee and continues to meet in person in the Libke Commission Chambers. Community Development staff are taking minutes for both HRB and PC which helps keep minutes up to date and lowers our costs for transcription services.

GOALS AND PROJECTS

- ❖ **COMMISSION GOAL -- INCREASE HOUSING OPPORTUNITIES**
 - ♦ Anticipate state mandates and tailor local policies to best fit the needs of the community while balancing public infrastructure investment for current and future residents
 - Expand housing choices and develop a housing strategy
 - Planning staff tracked housing legislation throughout the 2023 and 2024 sessions

- Planning staff responded to one section of SB1537 (2024) by submitting an application for exemption from the mandatory adjustments section of the bill. It is currently under review by the Department of Land Conservation and Development
 - In calendar year 2023 the Planning and Building Divisions permitted 16 single family units and 65 were built. Additionally, 305 multi-family units were permitted and 212 were built
- ❖ **COMMISSION GOAL -- IMPROVE PARK LANDS & NATURAL RESOURCES**
- ♦ Protect and preserve our environmental and natural resources for a healthy, sustainable community
 - Focus efforts on preserving and protecting the city’s tree canopy
- Planning staff will continue to administer the Street Tree removal and replacement program as well as review any removal and replacement proposed by City staff on City owned property with diligence and an eye toward replacement and retainment when possible
 - Friends of Trees hosted a planting event on December 14th, 2024 at Rivercrest Park. They will host a spring planting event on March 8th, 2025 at Weslyn Park
 - The Arbor Day Foundation named the City of Oregon City a 2024 Tree City USA to honor its commitment to effective urban forest management for the 12th year in a row
 - The Natural Resource Committee continues to support a healthy tree canopy through their work program

Community Development – Planning

BUDGET HIGHLIGHTS

The proposed budget anticipates lower overall revenue than in the last than in the last biennium based on comparisons of projections to actual revenues. Estimated expenses for the next biennium are approximately 14% lower than the 23-25 biennium estimated expenses. In this next biennium we have increased the training budget which can be used for individual professional development as well as department-wide training and team building.

Professional & Technical Services is comprised of consultation for natural resources, for natural resources, legal descriptions associated with annexations, and a hearings officer for

expedited and middle housing land division appeals.

Community Grants is a program that awards funds to homeowners of designated historic structures to assist with repairs and improvements.

Capital Outlay includes the Planning department's portion of a bathroom upgrade and a new customer kiosk to provide an option for customer's utilizing the new E-Permitting system.

BUILDING FUND

The Building Division, while housed in the Community Development Department, operates under dedicated funding that requires revenues generated by permits to be utilized for Building Division expenses only. Total resources and requirements in the Building Fund are

shown below by type and by expenditure category for the proposed biennium, the current biennial budget and the two prior periods.

Licenses and Permits represent the department’s main revenue source while Pass-Through revenues are funds collected and remitted to the State and Metro.

BUILDING

OVERVIEW

The Building Division is committed to the improved safety and livability of Oregon City by ensuring that construction is safe and built to adopted standards. The Oregon Structural, Residential, Electrical, Plumbing, Mechanical, Energy, Accessibility and Solar Codes, as well as a number of national and state standards regulate how a building is to be constructed; ranging from how strong the walls must be to how much insulation must be in them. The Division is responsible for plan review, issuance of permits, and progress inspections on commercial, industrial and residential developments as well as community education and outreach.

ACCOMPLISHMENTS

- ❖ One of the big accomplishments of this team is the plan review and permit issuance of the Clackamas County Courthouse. The development went through a design build process which is very different from typical submittals and given the nature of the use, it is a complicated building
- ❖ Permit staff worked with consultants to implement the e-Permitting system. This system is still under development and will fully go live the summer of 2025. However,

we have made the trade permits (mechanical, electrical, and plumbing) available on the new system. E-Permitting allows customers to apply for their permits on-line, submit all required plans and documents, and track their review progress

- ❖ Building staff have been or are training to be certified to review and inspect electrical permits which provides more flexibility for the department and better ability to respond to customer requests for inspections
- ❖ In calendar year 2023 the Planning and Building Divisions permitted 16 single family units and 65 were built. Additionally, 305 multi-family units were permitted and 212 were built
- ❖ The Building Division issued Certificates of Occupancy for 387 multi-family units in 2024 and 2025 for the apartments on Maplelane Road

GOALS AND PROJECTS

- ❖ Improve staff efficiency and customer experience by continuing to cross train employees in multiple types of inspections and plan review
- ❖ Continue to pursue and support staff obtaining more certifications giving us the ability to perform a wider variety of inspections

Building Division Permit Activity								
Permit by Type	2020 Results	2021 Results	2022 Results	2023 Results	2024 Results	2025 Estimated	2026 Projected	2027 Projected

BUDGET HIGHLIGHTS

Based on comparing actual revenues to estimated revenues there is a decrease in permitting activity. It is difficult to tell if this trend will continue. Permitting activity may There will be a continued need for an on-call structural engineer with specialized developments.

Pass-through payments include permitting fees collected on behalf of other agencies.

Capital Outlay includes the Building department’s portion of a bathroom upgrade and a new customer kiosk to provide an option for customer’s utilizing the new E-Permitting system.

PUBLIC WORKS

FTE above	43.00
Additional Part-Time	<u>5.71</u>
Total FTE	48.71

This chart reflects the City's organizational reporting structure. For information about how budgeted expense is allocated to, and reported within, funds and departments, see the Personnel portion of the Additional Information section at the end of this document.

PUBLIC WORKS

OVERVIEW

The Public Works Department is one of the largest within the City. The department contains various funds and programs split between the following groups:

Engineering Services is responsible for the planning, design, construction, and database mapping for Oregon City public infrastructure including capital improvement projects, development projects, and asset management.

The Operations Group is responsible for operating and maintaining the Oregon City public infrastructure systems including Transportation, Water Utility, Wastewater Utility, and Stormwater Utility, as well as managing the City’s fleet.

Right of Way (ROW) Services coordinates with a variety of internal staff and utility providers to oversee implementation and documentation of the City’s adopted ROW ordinances and construction inspections.

The Public Works staff plans, constructs, and maintains these systems with a close eye on high quality, progressive practices, controlling costs, and customer service. Revenues and

expenses are dedicated for the purpose of these departments. Additionally, each fund within the department transfers monies to pay for services provided by other departments. Transfers out of the Department funds are also made to save for future equipment replacement, and future facility needs. The Department is also responsible for the management of the ROW including ensuring work in the right-of-way is compliant with City standards and requirements.

MISSION

To provide the Oregon City Community with safe, enhanced, sustainable, and financially sound systems for potable water distribution, wastewater collection, surface water management, and multi-modal transportation.

DEPARTMENT GOALS

- ❖ **COMMISSION GOAL -- INVEST IN FACILITIES & INFRASTRUCTURE**
 - ◆ Prioritize projects in the transportation master plan to maximize safety and connectivity
 - ◆ Secure a \$16 million WIFIA loan to help fund Water infrastructure needs

Public Works Performance Measures

ENGINEERING FUND

Engineering accounts for all fees charged, and expenditures incurred, associated with private development engineering pre-applications, land use reviews, technical plan reviews, construction monitoring and inspections. This includes site plan reviews, subdivision/ partition plat reviews, right-of-way permits, grading permits, erosion control permits, temporary and permanent obstruction permits, and street/easement vacations.

The following table includes total resources and requirements for the upcoming biennium, the current biennium, and the two previous biennia.

Revenues in the upcoming biennium are budgeted lower than the previous biennium due to lasting impacts triggered by the pandemic

which continues to be resulting in a slowdown in development. The pandemic contributed to much apprehension and uncertainty, which slowed the rate of development. Hopefully the economy will begin to recover from the downturn in the upcoming biennium, the lag in project timing through the land use process is expected to linger into the biennium. As such, charges for engineering services, such as development review fees, have been proposed at 72% of the previous biennium.

Overall, the total revenue for the Engineering Fund is projected to be 7% higher than what it was in the previous biennium. This means it will be \$125,600 higher than the revenue for the previous biennium due to an increase in internal service charges and increased interest income revenue.

ENGINEERING

OVERVIEW

Engineering is the main Public Works Department point of contact for the community, title companies, engineering firms, utility companies, and construction companies. It serves as the administrative division of Public Works and provides all System Development Charge (SDC) calculations for building permits.

ACCOMPLISHMENTS

- ❖ Completed a variety of projects including Cayuse Five Tribute Project, Clairmont Area Waterlines Phase 2 Project, 2023 Roadway Reconstruction Project, 2024 Roadway Reconstruction Project, and the traffic signal and safety improvements as part of the Beaver Creek Road ARTS project
- ❖ Several projects were completed as part of the Inflow and Infiltration (I&I) Program, this includes Linn Basin Project 1, Rivercrest Basin Projects 1-4, and Molalla Avenue Project. These sewer collection system projects are part of the City Commission approved I&I program, to rehabilitate public sewer lines and lateral lines to private properties associated with these projects
- ❖ Pedestrian safety initiatives were implemented as part of the Holcomb Boulevard Safe Routes to School Project
- ❖ The City Commission approved a \$33 million dollar list of infrastructure improvements to the water system, to be partially funded through the Water Infrastructure Innovation Act (WIFIA) which is a loan through the Environmental Protection Agency (EPA)
- ❖ The Sidewalk Replacement Assistance Program, authorized by City Commission has authorized over \$150,000 in the 2023-2025 biennium to residents, to repair damaged sidewalks
- ❖ Continued to manage, and enhance, the City's EnerGov permitting program. This biennium's efforts included implementation of EnerGov upgrades and efforts to move to e-review
- ❖ Adopted Oregon City Street Design and Construction Standards

- ❖ Completed adoption of the Park Place Urbanization Study
- ❖ Continued supporting the ongoing efforts to amend Municipal Codes related to a variety of engineering and public works initiatives
- ❖ Continued program to audit the backlog of open franchise permits and worked with the franchise providers to complete the ROW repairs needed to close existing permits
- ❖ Continued to increase ROW revenues through telecom, wireless and other ROW service agreements, audits, and regular scrutiny of provider programs
- ❖ Continued supporting conceptual engineering work on the Tumwata Village site related to public infrastructure and utilities anticipated within the sites
- ❖ Supported the City's efforts to coordinate with regional partners including Oregon Department of Transportation, Metro, Clackamas County, TriMet, Tribes, B & B Leasing, Union Pacific Railroad, and major franchise providers on a variety of topics such as transportation planning, solid and food waste, capital project coordination, grants and financial auditing
- ❖ Continued to coordinate with other departments on solutions for climate friendly and equitable housing, comprehensive planning, homeless strategies, special events, property management, and volunteer coordination
- ❖ The ROW program continued its improved permitting process requiring all ROW users to apply and receive permits for use of City ROW. The program ensures the sustainability of the ROW and equitable use of the ROW, by all utility providers
- ❖ The ROW program continued audits of franchises, increasing the revenues paid by right-of-way users

GOALS AND PROJECTS

- ❖ Continue providing quality engineering customer service to community members, boards and commissions, other city departments, and developers. This includes maintaining an open dialogue with

homeowners, developers and those seeking to develop property in the community. Through mutual understanding of conceptual development plans, staff continue to work to educate the community, and developers on city design and construction standards, while supporting opportunities for growth

- ❖ Continue providing meaningful updates to the City Commission regarding policy related issues specific to funding long and short-term capital improvement needs of the City’s transportation and public utility systems
- ❖ Process no-fee permits for work within the right-of-way by franchise utilities and conduct related inspections
- ❖ Continue processing and reviewing land use applications and design plans for compliance with Public Works standards, master plans, National Pollutant Discharge Elimination System (NPDES) requirements, and the Municipal Code
- ❖ Update design and construction standards for use and implementation by the development community (water, wastewater, stormwater, and transportation) as needed
- ❖ Support policies or written guidelines to improve consistency in development and land use reviews
- ❖ Monitor/inspect construction of approved private development plans

- ❖ Provide SDC calculations for development projects
- ❖ Work to implement a paperless environment including digital plan reviews and digital files
- ❖ Continue programs that ensure equitable use of the city’s ROW and encourage the provision of advanced and competitive utility services on the widest possible basis to businesses and the community
- ❖ Continue programs to secure fair and reasonable compensation to the city and its residents for use of the right-of-way
- ❖ Enhance staff training opportunities relating to Diversity, Equity and Inclusion (DEI) subject matter, anti-harassment, and performance coaching
- ❖ Complete Public Works Facilities Master Plan refinement, which identifies where the remaining items still located at Old Center Street will be moved to. This includes moving forward with and completing the work to construct a new decant facility, and a magnesium chloride (deicer) storage system, and sanding rock storage facility
- ❖ Continue the I&I Program Management focusing on delivering effective and responsible projects to rehabilitate the City’s aging sewer system
- ❖ Continue the WIFIA Program, utilizing our Environmental Protection Agency (EPA) low-cost, long-term loans for upgrading our water system

BUDGET HIGHLIGHTS

This budget includes transfers of \$50,000 allocated to the Public Works Community Facility Fund for facility improvements, and \$26,000 to the Equipment Replacement Fund for equipment replacement reserves for the biennium.

Professional & Technical Services includes the following:

Legal	\$120,000
Engineering	<u>65,000</u>
Total	\$185,000

TRANSPORTATION FUND

The Transportation Division maintains the City’s transportation system, to include roadways, pathways, sidewalks, traffic signals, pedestrian rectangular rapid flashing beacons (RRFB’s), signage, pavement markings and guardrails. Operations are performed to enhance pedestrian, vehicular and bicycle mobility, while also protecting the surrounding environment.

The Transportation Fund is a dedicated fund used to cover expenses relating to transportation and is divided into two units: Transportation and Pavement Maintenance. The Transportation unit handles general transportation activities to include staffing and materials and services, and capital outlay for

transportation projects. The funding sources are from state gas tax revenues and Clackamas County vehicle registration fees. The Pavement Maintenance unit is funded for road repairs and reconstruction projects through pavement maintenance fees.

The revenues and expenses of the two units are kept separate from one another for accountability purposes. Any amounts remaining at year end (revenues exceeding expenditures) are restricted for future years’ transportation projects.

The table below compares total resources and total requirements for the upcoming biennium, the current biennium, and the two previous biennia.

Transportation	2019-2021 Actual	2021-2023 Actual	2023-2025 Amended Budget	2025-2026 Proposed Budget	2026-2027 Proposed Budget	2025-2027 Proposed Biennium

The charts below show the percentages of resources and requirements in the Transportation Fund.

TRANSPORTATION

OVERVIEW

The Transportation Division is responsible for road maintenance, traffic management, right-of-way safety improvements, signalization, signage, pavement markings, landscape maintenance (including street trees and landscaped medians), guardrails and street furnishings maintenance, emergency response, city beautification, and municipal elevator maintenance. It maintains approximately 146.2 center line miles of roads (including 5.2 miles of alleys), 165.5 miles of sidewalks, and 971.9 acres (1198.5 acres when including State and County ROW) of rights-of-way. Operations in this division are accounted for in the Transportation Fund within the Transportation and Pavement Maintenance units. The division includes 12.32 FTEs including shared supervisory and administrative personnel.

The Division objective is to follow the most effective and current methods (best management practices) to continually improve and manage the City's transportation system and infrastructure. This means being flexible and responsive to changes or challenges (adaptive management), to ensure the city's transportation infrastructure is efficient, well maintained and safe. To accomplish this, the Division follows a Five-Year Pavement Maintenance Plan to prioritize road repairs, and road upgrades, including asphalt paving, pavement milling, overlays, and yearly repairs and/or seals to street cracks and potholes.

ACCOMPLISHMENTS

- ❖ 112 requests for service were submitted by residents and 400 work orders were completed
- ❖ Over 20 lane miles of city streets were sealed with 84,100 pounds of crack seal applied by city crews
- ❖ Planted 18 trees; trimmed 1,145 trees
- ❖ Repaired 13 City-owned streetlights; converted 27 City-owned streetlights to LED
- ❖ Managed \$4.9 million in contracted pavement maintenance projects
- ❖ Operations maintenance projects included:

- ♦ 170,924 square yards of slurry seal that covered 16.9 lane miles of city streets. (\$360,018)
- ♦ 490,157 lineal feet of nominal 4" pavement striping. (\$84,753)
- ❖ Maintained and upgraded 771 street signs, according to the Federal Highway Administration (FHWA) standards
- ❖ In-house crews replaced 2,952 lineal feet of a nominal 4" thermoplastic striping and 16 transverse markings
- ❖ Completed in-house paving projects (potholes, overlays, rut patching, etc.) totaling 3,484 tons of asphalt
- ❖ Street sweepers swept 13,422 miles and collected 6,402 yards of debris
- ❖ Applied approximately 3,354 gallons of Magnesium Chloride (Deicer) to city streets, in response to winter weather conditions
- ❖ Completed transportation improvement projects including Gardiner Middle School Sidewalk Infill, Maplelane Road Roundabout contribution, and Holcomb Boulevard Safe Routes to School Project
- ❖ Completed concept planning for a preferred alternative, adopted by City Commission, for Phase 3 of the McLoughlin Boulevard Enhancement Project, in partnership with Oregon Department of Transportation (ODOT). This phase identified the preferred approach for this third, and final phase, of the plan along the viaduct portion of McLoughlin Boulevard
- ❖ Secured \$4 million in State of Oregon Lottery Bond Funding to complete Main Street 10th Street to 15th Street Improvements. This will provide streetscape and utility improvements along the corridor

GOALS AND PROJECTS

- ❖ Initiate the design and permitting phase for the Hwy 213 & Beaver Creek Road west bound right turn lane project. This project will convert the existing westbound lane-to-northbound yield movement to a free flow movement & construct an acceleration lane

on Highway 213 to assist with congestion management at this key intersection

- ❖ Initiate the design phase of the Washington Street Corridor Improvements, to support transportation access to the former Rossman Landfill site, utilizing a \$4 million federal earmark
- ❖ Complete concept design and a phasing plan for the Linn/Leland/Meyers/Central Point/Warner Parrott Roundabout
- ❖ Identify opportunities for sidewalk and bike lane infill projects
- ❖ Continue to maintain and upgrade street signage, per the FHWA standards
- ❖ Maintain pavement legends, markings and streetlights
- ❖ Manage the Oregon City Municipal Elevator service attendant contract, and security monitoring and required maintenance to maintain our vertical street, constructed in 1955
- ❖ Enhance City aesthetics by managing and maintaining the City’s hanging flower basket program, banners, public art installations, holiday decorations, traffic control (during

community and special events) and emergency road conditions

- ❖ Maintain the Amtrak station by conducting regular inspections and providing ongoing maintenance to ensure the station remains in optimal conditions for public use and safety
- ❖ Improve emergency response and customer support by maintaining a 24/7 on-call service to customer inquiries, and system emergencies ensuring quick resolutions and minimal disruptions
- ❖ Support pavement and roadway maintenance by deploying staff and equipment to effectively provide in-house crack sealing, slurry sealing, and pavement maintenance programs to ensure safe and durable roads
- ❖ Enhance winter weather response to promote safe travel, minimize disruptions, ensure emergency vehicle access, and support business continuity. This includes implementing strategies for adapting to changing weather conditions, maintaining emergency response equipment, deploying staff effectively, and prioritizing the safety of all personnel

BUDGET HIGHLIGHTS

The proposed budget for Transportation Services is funded by revenue collected through state fuel tax allocations, including revenue generated by House Bill 2017 (Keep Oregon Moving), as well as Clackamas County vehicle registration fees.

This budget includes transfers of \$300,000 allocated to the Public Works Community Facility Fund for facility improvements, and \$540,000 to the Equipment Replacement Fund for equipment replacement reserves.

The Professional & Technical Services budget includes the following items:

Elevator contract and services	\$ 416,000
Engineering	398,600
Elevator maintenance	240,000
Legal	30,000
Utility Locating Services	24,000
Geotechnical	10,000
Traffic counts	8,000
Flagging	6,000
Other	40,500
Total	\$ 1,173,100

The Capital Outlay budget includes the following:

Hwy 213 & Beaver Creek Turn Lane	\$ 468,000
Sidewalk and Bike Lane Infill	360,000
2025 PMUF construction	69,000
De-Icer tanks	27,500
Total	\$ 924,500

PAVEMENT MAINTENANCE EXPENDITURES

Total Pavement Maintenance	\$11,447,111	\$13,025,611	\$ 7,224,000	\$ 4,572,600	\$ 4,782,000	\$ 7,947,800

BUDGET HIGHLIGHTS

This proposed Pavement Maintenance budget is funded from utility fees, specifically designated for pavement maintenance. The funds are used in the City’s annual pavement management and maintenance plan, which includes both contracted paving services and in-house paving.

The following Capital Outlay is budgeted in this department:

2025 Roadway Reconstruction	\$2,135,000
2026 Roadway Reconstruction	2,359,000
Main Street -10 th to 15 th	500,000
2027 Roadway Reconstruction	<u>163,000</u>
Total	<u>\$5,157,000</u>

WATER FUND

The Water Division is responsible for operating and maintaining the City’s potable water storage and distribution system.

Revenues in this fund are projected to increase due to a 3% annual increase in water rates. During this 2025-2027 biennium, capital reserves will be reduced to fund a variety of

larger capital projects planned for construction as part of an aggressive capital improvement program.

The table below compares total resources and total requirements for the upcoming biennium, the current biennium, and the two previous biennia.

Water Operations	2019-2021 Actual	2021-2023 Actual	2023-2025 Amended Budget	2025-2026 Proposed Budget	2026-2027 Proposed Budget	2025-2027 Proposed Biennium

The chart below shows the percentages of requirements by category for the biennium. Capital Outlay account for the majority of expenditures.

WATER

OVERVIEW

The Water Utility distributes and maintains the potable water supply, while ensuring public health is protected. This is accomplished by closely monitoring the system and complying with all safe drinking water standards.

The City's water distribution system consists of 176 miles of water mains, 5 water reservoirs, 1,547 fire hydrants, 35 pressure reducing valves, and 3 dedicated pump stations. These serve over 11,605 active customers. The Division includes 12.72 FTEs, including shared supervisory and administrative personnel.

Oregon City's potable water is sourced from surface water drawn from the lower Clackamas River. The water is treated by South Fork Water Board (SFWB), a wholesale supplier owned equally by Oregon City and the City of West Linn. SFWB operates an intake and pumping station located on the Clackamas River north of the City which delivers raw water to their treatment plant. The treated water is then distributed to Oregon City at five different locations.

Key annual projects include ensuring water quality compliance, managing a backflow and cross-connection program, replacing and upgrading mainlines flushing the system, performing valve maintenance, hydrant maintenance, and maintaining reservoirs and pump stations and conducting leak detection efforts. The City also tracks performance benchmarks related to service quality used to measure performance of the water quality, pressure, and minimum supply levels for fire protection.

ACCOMPLISHMENTS

- ❖ Received 42 service requests and completed 460 work orders
- ❖ Maintained an "Outstanding Performer" rating in the 2021 Department of Health Water System Survey. This is reevaluated every five years, with the next one due for inspection in 2026
- ❖ Completed leak detection checks for 1/3 of the City (56 miles). This work is done annually to reduce unaccounted for water

- ❖ Completed improvements to the Henrici Reservoir including interior and exterior reservoir coatings, passive mixing upgrades, cathodic protection and safety upgrades
- ❖ Completed improvements to the Henrici Reservoir including interior and exterior reservoir coatings, passive mixing upgrades, cathodic protection and safety upgrades
- ❖ The Water Infrastructure Finance and Innovation Act (WIFIA) Program accomplished the following:
 - ♦ Completed construction of the Clairmont Area Waterline Replacement Project Phase 2
 - ♦ Completed construction of the Holmes Lane Waterline Replacement Project
 - ♦ Completed construction of the Main Street (10th to 15th) Waterline Replacement Project
 - ♦ SCADA Security Upgrades are underway
 - ♦ Construction has begun on the Molalla Avenue Water Transmission Main Project
 - ♦ Design is underway on the Henrici Reservoir Pump Station and Transmission Main Project
- ❖ Continued Pressure Reducing Valve replacement and rehabilitation program

GOALS AND PROJECTS

- ❖ The Water Infrastructure Finance and Innovation Act (WIFIA) Program projects the following:
 - ♦ Complete construction of the Molalla Avenue Water Transmission Main Project
 - ♦ Begin construction on the Henrici Reservoir Pump Station and Transmission Main Project
 - ♦ Begin design of Canemah Court Main Replacement Project
 - ♦ Begin design of the High School Avenue Transmission Main Project
 - ♦ Design & construct the McLoughlin Neighborhood Main Replacement Project

- ♦ Design and begin construction of the Molalla Avenue 18" Transmission Main Project
- ❖ Oversee the City's Supervisory control and data acquisition (SCADA) software and radio communication systems
- ❖ Continue to oversee and manage the WIFIA Quarterly Reporting
- ❖ Support the Pavement Maintenance Utility Fund projects as needed for small waterline repairs associated with the paving limits
- ❖ Upgrade the Clackamas River Water (CRW) and Oregon City (OC) Meter Intertie
- ❖ Respond to customer and system emergencies (maintain 24/7 on-call service)
- ❖ Remain compliant with federal/state/local water quality rules and regulations including annual water quality report for distribution system
- ❖ Continue to communicate with the community and businesses to enhance public awareness about water service backflow prevention and winter preparedness to avoid frozen waterlines
- ❖ Continue with annual leak detection program for 1/3 of the City (56 miles per year) to reduce potential unaccounted for water
- ❖ Continue to maintain updates to the City's computerized hydraulic model

Public Works – Water

BUDGET HIGHLIGHTS

This budget includes transfers of \$1,000,000 allocated to the Public Works Community Facility Fund for facility improvements, \$1,500,000 allocated to the Water SDC Fund, and \$209,000 to the Equipment Replacement Fund for equipment replacement reserves for the biennium.

Operating Materials & Supplies includes the following items:

Water purchases	\$ 4,766,300
Fittings and valves	144,200
Meters	92,800
Pipe	80,000
Other operating supplies	<u>167,600</u>
Total	\$ 5,250,900

Professional & Technical Services includes funding for the following:

Technical	\$ 210,000
Engineering	190,000
Environmental	181,000
Consulting	51,600
Legal	40,000
Professional	<u>25,400</u>
Total	\$ 698,000

The following Capital Outlay is budgeted in this fund:

WIFIA Program Projects:

Henrici Pump Stn and Trans Main	\$6,389,000
Molalla Avenue 30" Trans Main	4,558,000
McLoughlin Area Main Replacement	1,706,000
Molalla Avenue 18" Trans Main	1,381,000
Canemah Court Main Replacement	484,000
High School Avenue Trans Main	<u>256,000</u>
Total	\$14,774,000

Other projects:

2025 Roadway Reconstruction	\$40,000
2026 Roadway Reconstruction	<u>64,000</u>
Total	\$104,000

Total Capital Outlay \$14,878,000

WASTEWATER FUND

The Wastewater Division maintains the City’s wastewater collection system in accordance with regulatory standards. This work protects public safety and provides wastewater services by maintaining and improving the collection system, including pump stations, mainlines, laterals and manholes, all while working to protect the surrounding environment. The 2023-2025 biennium continued the City’s Infiltration and Inflow (I&I) reduction program.

An Intergovernmental Agreement (IGA) with Water Environment Services provides 33% reimbursement on I&I reduction projects completed by the City. This IGA is anticipated to generate \$5,018,000 in sewer fund revenue for the biennium.

The table below compares total resources and total requirements for the upcoming biennium, the current biennium, and the two previous biennia.

Wastewater Operations	2019-2021 Actual	2021-2023 Actual	2023-2025 Amended Budget	2025-2026 Proposed Budget	2026-2027 Proposed Budget	2025-2027 Proposed Biennium

The chart below shows the percentages of requirements by category for the biennium. As shown, the largest share of the expenditures is Capital Outlay, followed by Pass-Through Expenses, which are costs collected and remitted to Tri-City Service District for sewage treatment.

WASTEWATER

OVERVIEW

The Wastewater Division protects public safety through the operation, maintenance, and improvement of its wastewater system. The wastewater collection system includes pump stations, mainlines, laterals and manholes. They also respond to emergency system bypasses to reduce hazards to human health and the environment. They are responsible for the implementation of best management practices while performing operations to protect the surrounding environment in order to meet or exceed regulatory standards.

The City's wastewater collection system includes 14 pump stations, 8 STEP Stations, and 139 miles of both force main and gravity pipes, all of which serve over 11,340 customers. The Division includes 10.15 FTEs, including shared supervisory and administrative personnel.

Once wastewater is collected, it is conveyed to, and treated by, Clackamas County Water Environment Services (WES). WES provides wastewater treatment services at the Tri-City Water Resource Recovery Facility, located on the Clackamas River in Oregon City. The water resource recovery facility provides wastewater treatment for the cities of Gladstone, Oregon City, and West Linn, as well as other Clackamas County jurisdictions outside of the Tri-City district. Daily operations are managed by WES. Each of the partner cities is responsible for its own collection and conveyance system as well as billing customers for services.

ACCOMPLISHMENTS

- ❖ Received 19 requests for service from residents and completed 896 work orders
- ❖ Completed 59.4 miles of sanitary sewer TV inspection
- ❖ Completed 37 miles of sanitary sewer line cleaning
- ❖ Completed the following Inflow & Infiltration Reduction Projects:
 - ◆ Rivercrest Basin, Phases 2, 3 & 4
 - ◆ Linn Basin, Phase 1
 - ◆ Molalla Avenue Project
 - ◆ Ongoing support with sewer system

access, evaluation, inspection and troubleshooting associated with the annual I&I program

- ❖ Amended contract with consultants to support the City's I&I reduction program to help augment staff capacity to deliver over \$10 million in I&I focused projects beginning with high priority areas in the Rivercrest, Molalla and Linn Basins
- ❖ Completed the first phase of the Rivercrest Basin I&I Reduction Project
- ❖ Completed the design and construction of the Magnolia Street Sewer Replacement Project

GOALS AND PROJECTS

- ❖ Support through staffing and funding the City's Annual I&I reduction program. This program is funded at \$15 million over the biennium and includes the following services: program management, design services, construction, construction administration and inspection services)
- ❖ Complete design, permitting and installation of Generator Replacements at the following Pump Stations:
 - ◆ Settlers Point
 - ◆ Parrish Road
 - ◆ Barclay Hills
 - ◆ Hidden Creek
 - ◆ Newell Crest
 - ◆ Amanda Court
 - ◆ Noble Ridge
- ❖ Support the City's annual paving program with underground repairs and surface restoration associated with the program.
- ❖ Initiate and support a 10-year long (2023-2033) manhole rehabilitation program
- ❖ Continue the I & I reduction investigation program including TV inspection, smoke testing, public education, and public policy
- ❖ Complete annual small works, pipe replacement, and separation projects per Sanitary Sewer Master Plan and Capital Improvement Plan through routine

operations and maintenance, such as:

- ♦ Line cleaning, TV inspections, and root intrusion control
- ♦ Facility management of 22 wastewater pump stations (including 8 STEP systems)
- ♦ Oversee the City's Supervisory control and data acquisition (SCADA)

software and radio communication systems

- ♦ Annual pipe repairs (small works) identified through routine inspections and emergency response
- ❖ Communicate with residents to enhance public awareness about sewer connection responsibilities and maintenance

Public Works – Wastewater

WASTEWATER EXPENDITURES

BUDGET HIGHLIGHTS

This budget includes transfers of \$800,000 allocated to the Public Works Community Facility Fund for facility improvements, and \$332,000 to the Equipment Replacement Fund for equipment replacement reserves for the biennium.

The following Capital Outlay is budgeted in this fund:

WES Eligible Inflow & Infiltration Projects:

Linn Basin, Phase 3	\$ 3,567,000
McLoughlin Basin, Phase 1	2,766,000
Linn Basin, Phase 2	2,093,000
McLoughlin Basin, Phase 2	1,227,000
Newell Basin, Phase 1	1,091,000
2026 Manhole Rehabilitation	556,000
Linn Basin, Phase 4	494,000
2027 Manhole Rehabilitation	374,000
Molalla Avenue	32,000
Rivercrest Basin, Phase 4	23,000
Total	\$12,223,000

Other Projects and Equipment:

Settlers Point I&I Project	\$1,775,000
Generator Replacement Project	975,000
Manhole Circle Cutter	45,000
2026 Roadway Reconstruction	23,000
Total	\$2,818,000

Total Capital Outlay **\$15,041,000**

Professional & Technical Services includes funding for the following:

Engineering	\$460,000
Technical	300,000
Legal	30,000
Environmental	1,200
Total	\$791,200

STORMWATER FUND

The Stormwater Division maintains the City’s stormwater management system which includes stormwater conveyance, flood control, improving water quality, pollution remediation and reduction, and ensuring that stormwater runoff is properly managed. This work provides a safe and reliable stormwater system and

implements watershed protection and restoration actions that consistently promote surface water quality and stream health.

The table below compares total resources and total requirements for the upcoming biennium, the current biennium, and the two previous biennia.

Stormwater Operations	2019-2021 Actual	2021-2023 Actual	2023-2025 Amended Budget	2025-2026 Proposed Budget	2026-2027 Proposed Budget	2025-2027 Proposed Biennium

The chart below shows the percentages of requirements by category for the biennium. As shown, Materials and Services accounts for the largest portion of Stormwater expenditures.

STORMWATER

OVERVIEW

The Stormwater Division operates and maintains the City's stormwater system to ensure efficient conveyance, flood control, and water quality improvement. It focuses on reducing pollutants in stormwater runoff, managing flow to prevent flooding, and implementing watershed protection and restoration actions to promote healthy streams and water bodies. The division's primary goals are to improve stormwater quality and control flow, safeguarding public health, property, and the environment.

The Stormwater Division manages the stormwater collection and treatment systems within the city limits of Oregon City including 23 drainage basins, 97 detention ponds, 4,595 catch basins, 25 miles of above ground streams, and 26 underground detention tanks. There are 9.55 FTEs including shared administrative and supervisory personnel.

Each year a section of the City's storm system is inspected for structural integrity, root intrusion and service line connections. As determined from these inspections, storm lines are then cleaned and debris and sediment are removed, pipes with significant structural damage are repaired or replaced. Stormwater ponds and swales are maintained through mowing, trash pickup, and grate cleaning on detention ponds and swales throughout the City.

In addition to providing customer service and 24-hour emergency response, the division operates a water quality first strategy by taking the lead in coordinating the implementation of healthy streams including tree planting and stream restoration projects, identifying and recommending culvert replacements and outfall retrofits, all for improved water quality/quantity and fish passage.

ACCOMPLISHMENTS

- ❖ Received 21 requests for services from residents and completed 448 work orders
- ❖ Completed over 257 erosion control inspections, issued 10 notices of non-compliance and 8 Stop Work Orders

- ❖ Completed Municipal Separate Storm Sewer System Permit (MS4) requirements, that included:
 - ♦ Municipal Code Amendments (OCMC 8.08 & 17.47) to support Illicit discharge elimination & release of construction site waste into our watershed
- ❖ Conducted site visits to 110% or 141 different private water quality facilities and received 46 private storm water quality facility maintenance reports as a result of the City's inspection program
- ❖ Completed all quarterly stormwater facility inspections for municipal facilities
- ❖ Continued coordinated stormwater sampling program with Clackamas County Water Environment Services and other Clackamas County co-permittees
- ❖ Performed flood control, cleaning, maintenance & repair of the City's stormwater system as reported in 2023-2024 the National Pollutant Discharge Elimination System (NPDES) Annual Report
- ❖ Two sanitary to storm cross connections were discovered
- ❖ Maintained/inspected 97 detention ponds, 10 rain garden, 32 bioswales, 217 roadside stormwater planters, and 4 soaker trenches
- ❖ Inspected and/or cleaned 3100 catch basins and 184 pollution control manholes, 8 vaults, 44 and underground detentions facilities
- ❖ Comply with regulatory requirements associated with the National Pollutant Discharge Elimination System (NPDES) Municipal Separate Storm Sewer System (MS4) Permit
- ❖ Completed the Beemer Way Outfall Upgrade Project
- ❖ Supported Economic Development with the Cove Water Quality work

GOALS AND PROJECTS

- ❖ Complete the Barclay Hills Pump Station Outfall

- ❖ Complete construction of the stormwater system improvements included in the 2025 Roadway Reconstruction Project.
- ❖ Complete design and construction of the stormwater system improvements included in the 2026 Roadway Reconstruction Project.
- ❖ Complete design and construction of the Joyce Court Stormwater Improvements Project.
- ❖ Complete design and construction of the Van Buren Street Stormwater Improvements Project.
- ❖ Utilize industry leading best management practices to adaptively manage the stormwater collection system work programs and infrastructure to comply our NPDES MS4 permit.
- ❖ Continue to formalize storm maintenance evaluation & assessment programs.
- ❖ Develop system replacement needs based on inspection and assessment
 - ◆ Clean lines as needed based on video inspection assessment
 - ◆ Catch Basin Cleaning – 1,800 catch basins per year, 3,600 catch basins every 2 years
 - ◆ Pollution Control Manholes/Vault & Detention Pipe Cleaning – 44 per year or 98 every 2 years
 - ◆ Maintain 357 storm water quality ponds.
- ❖ Upgrade storm systems in conjunction with pavement maintenance projects.

BUDGET HIGHLIGHTS

This budget includes transfers of \$400,000 allocated to the Public Works Community Facility Fund for facility improvements, and \$195,000 to the Equipment Replacement Fund for equipment replacement reserves.

Professional & Technical Services includes funding for the following:

Environmental	\$300,000
Engineering	280,000
Technical	65,000
Legal	<u>20,600</u>
Total	<u>\$665,600</u>

The following Capital Outlay is budgeted in this fund:

Outfall Projects	\$ 1,250,000
Joyce Court Stormwater	466,000
VanBuren Street Stormwater	138,000
Barclay Hills Outfall	115,000
2025 Roadway Reconstruction	92,000
2027 Roadway Reconstruction	87,000
Equipment	<u>52,100</u>
Total	<u>\$ 2,200,100</u>

SYSTEM DEVELOPMENT FUND

System Development Charges (SDCs) are charged as part of the permitting process for new development and redevelopment projects. The purpose of the charges is to help fund the infrastructure improvements and capacity expansions needed to support the additional demand that new development, and redevelopment, places on public systems. These charges are intended to ensure that new development pays its fair share of the costs associated with expanding or upgrading public systems. Oregon City imposes and expends system development charges according to Oregon law (ORS 223.297-314) and the Oregon City Municipal Code.

Charges are collected for the following functions:

- ❖ Transportation
- ❖ Water
- ❖ Wastewater
- ❖ Stormwater
- ❖ Parks

The table below shows total resources and requirements for the System Development Fund in total for the past two budget periods, the current biennial budget, and the proposed biennium. The following pages will show the development charges broken out by function.

System Development	2019-2021 Actual	2021-2023 Actual	2023-2025 Amended Budget	2025-2026 Proposed Budget	2026-2027 Proposed Budget	2025-2027 Proposed Biennium

Public Works – System Development

TRANSPORTATION SYSTEM DEVELOPMENT

OVERVIEW

Provides transportation improvements, outside of those obligated by development, that add system capacity or increase level of service which are essential to ensure traffic flow, reduce congestion, and make the transportation network safer and more efficient for the community, businesses, and visitors. The City’s comprehensive plan and Transportation System Plan (TSP), guide these improvements. They ensure that infrastructure upgrades can accommodate future growth in an orderly manner.

ACCOMPLISHMENTS

- ❖ Completed the Main Street ADA Grant Project
- ❖ Completed the Holcomb Boulevard Safe Routes to School Grant Project
- ❖ Completed the Beavercreek Road ARTS Grant Project
- ❖ Obtained state lottery bond funding for the Main Street: 10th Street to 15th Street Project
- ❖ Completed the Gardiner Middle School Safe Routes to School improvements

- ❖ Continued to maintain updates to the City’s SDC calculator
- ❖ Obtained speed and traffic count data for 2/3 of the City

GOALS AND PROJECTS

- ❖ Initiate the design and permitting phase for the Hwy 213 & Beavercreek Road west bound right turn lane project
- ❖ Initiate the design phase for the Main Street: 10th Street to 15th Street Project
- ❖ Initiate the design phase for the Washington Street Corridor Project
- ❖ Complete the Linn/Leland/Central Point/Warner Parrott Roundabout final concept and utility modification plans
- ❖ Obtain speed and traffic count data for 2/3 of the City. A three-year cycle has been established to complete 100% of traffic counts
- ❖ Continue to complete sidewalk and pedestrian infill pedestrian safety and neighborhood concern projects
- ❖ Complete Intersection Control Analysis for Molalla/Division//Taylor/7th Intersection
- ❖ Continue to seek grants and provide grant match funding as opportunities become available:
 - ♦ McLoughlin Boulevard Shared Use Path
 - ♦ McLoughlin to Canemah Trail
- ❖ Transportation System Plan Update

Transportation Development	2019-2021 Actual	2021-2023 Actual	2023-2025 Amended Budget	2025-2026 Proposed Budget	2026-2027 Proposed Budget	2025-2027 Proposed Biennium

WATER SYSTEM DEVELOPMENT

OVERVIEW

Provides water system improvements, outside of those obligated by development, that add system capacity or increase level of service which are essential to ensure adequate water capacity and make the water system safer and more efficient for the community, business, and visitors. The City’s comprehensive plan and the Water System Master Plan guide these improvements. They ensure that infrastructure upgrades can accommodate future growth in an orderly manner.

ACCOMPLISHMENTS

- ❖ Continued to maintain updates to the City’s SDC calculator including updates to South Fork Water Board SDC’s that we collect on their behalf
- ❖ Completed construction of the Main Street Waterline replacement project, part of the

- WIFIA program
- ❖ Completed design and began construction of the Molalla Avenue Water Transmission Main Project, part of the WIFIA program
- ❖ Began design of the Henrici Pump Station & Water Transmission Main Project, part of the WIFIA program

GOALS AND PROJECTS

- ❖ Complete construction of the Molalla Avenue Water Transmission Main Project, part of the WIFIA program
- ❖ Complete design and begin construction of the Henrici Pump Station & Water Transmission Main Project, part of the WIFIA program
- ❖ Begin design of the High School Avenue Transmission Main Project, part of the WIFIA program

Public Works – System Development

WASTEWATER SYSTEM DEVELOPMENT

OVERVIEW

Provides sanitary sewer (wastewater collection) system improvements, outside of those obligated by development, that add system capacity or increase level of service which are essential to ensure adequate wastewater system capacity and make the wastewater system safer and more efficient for the community, business, and visitors. The City's comprehensive plan and the Wastewater System Master Plan guide these improvements. They ensure that infrastructure upgrades can accommodate future growth in an orderly manner.

ACCOMPLISHMENTS

- ❖ Completed construction of the Connie Court Sewer Extension project. Providing the opportunity for 9 properties to connect to public sanitary sewer service to an area of the city currently on septic tanks. Properties will connect as their existing septic tanks are no longer usable.
- ❖ Continued to maintain updates to the City's SDC calculator, including updates to Clackamas County Water Environment Services SDC's that we collect on their behalf.

GOALS AND PROJECTS

- ❖ Design and construct the Falcon Drive Sewer Extension project. Providing the opportunity for 20 properties to connect to public sanitary sewer service to an area of the city currently on septic tanks

STORMWATER SYSTEM DEVELOPMENT

OVERVIEW

Provides stormwater system improvements, outside of those obligated by development, that add system capacity or increase level of service which are essential to ensure adequate stormwater system capacity and make the stormwater system safer and more efficient for the community, business, and visitors. The City’s comprehensive plan and the Stormwater System Master Plan guide these improvements. They ensure that infrastructure upgrades can accommodate future growth in an orderly manner.

ACCOMPLISHMENTS

- ❖ Continued to maintain updates to the City’s SDC calculator
- ❖ Completed capacity improvements to the stormwater system in Holcomb Boulevard, as part of the Holcomb Boulevard Safe Routes to School Project

GOALS AND PROJECTS

- ❖ Address stormwater infrastructure capacity needs as identified in the Stormwater Master Plan

Public Works – System Development

PARKS SYSTEM DEVELOPMENT

OVERVIEW

The City collects system development charges (SDCs) for parks development to construct projects which provide additional capacity and increase parks and open space facilities and resources. The Parks and Recreation Master Plan and Capital Improvement Plan identify and prioritize projects that are eligible for SDC funding, as defined through Municipal Code. Planning for growth related system improvements is also considered eligible for SDC funding.

ACCOMPLISHMENTS

- ❖ Updated Parks and Recreation Master Plan
- ❖ Updated SDC Methodology and 20-to-30-year Capital Improvement Plan

GOALS AND PROJECTS

- ❖ Utilize Parks and Recreation Master Plan to begin developing strategies for acquisition and development recommendations, pending available funding, to implement
- ❖ Plan implementation of park development, including Park Place Park Phase II, and other SDC eligible projects

FLEET SERVICES FUND

OVERVIEW

The Fleet Division manages the purchase, maintenance and repair of the City’s fleet and equipment. This includes passenger vehicles, dump trucks, street sweepers, vactor trucks, excavators, pickups, trailers, lawn mowers, and other equipment. The Fleet Division also oversees the City’s fuel station, which consists of both gasoline and diesel fuel tanks and pumps.

With two mechanics and nearly 200 pieces of fleet and equipment, the division’s goal is to maintain a functional, safe, and efficient fleet. The Fleet Division aims to balance repair needs with limited resources to ensure the fleet supports the City’s essential services without unnecessary delays or costs.

Fleet Services operates as an internal service fund, meaning it pays for and provides the services to all other city funds and charges those funds for the goods and services provided. Some of the charges are paid for on an actual dollar for dollar (for example, tires installed on a vehicle) while other expenses are allocated on a budgetary basis based on expected and historical use (for example, oil).

ACCOMPLISHMENTS

- ❖ Completed the purchase, acquisition and setup of 23 vehicles and equipment for various city departments

- ❖ Fir Street fueling site is projected to dispense 65,500 gallons of gas and 34,600 gallons of diesel fuel
- ❖ Completed Oregon Department of Environmental Quality required inspections in-house for approximately 60 vehicles
- ❖ Completed the sale of 23 retired fleet vehicles and equipment at auction and 4 trade-ins

GOALS AND PROJECTS

- ❖ Complete the purchase, acquisition and setup of budgeted vehicles for various city departments
- ❖ Complete Oregon Department of Environmental Quality required inspections in-house for approximately 100 vehicles
- ❖ Complete all requirements and inspections for DEQ, obtaining a “Certificate to Operate” for the Fir Street fueling site
- ❖ Continue to provide fueling requirement needs for all city vehicles and equipment at a fair and responsible cost
- ❖ Continue to provide safety training for employees using the City’s fuel station

The Equipment Replacement fund is used for the purchase and replacement of vehicles and equipment. More information about the Equipment Replacement Fund can be found later in this section.

OTHER FUNDS

COMMUNITY FACILITIES FUND

The Community Facilities capital projects fund accounts for the acquisition, construction, and maintenance of facilities. Funds saved in this fund are segregated by purpose. Currently, the fund includes savings for the following:

- ❖ **Public Safety:** Reserves consist of funding for the ongoing maintenance of the Robert Libke Public Safety Building. While the Community Safety Advancement Fund (C-SAF) fee accounts for a significant portion of the revenue in this fund, most of this revenue is transferred out of the fund to the Debt Service fund to pay the debt service

payments associated with the bonds which were issued to fund the construction of the building

- ❖ **Public Works:** Reserves consist of funds set aside from the various Public Works funds for the ongoing maintenance of the Public Works Operations Center
- ❖ **Library:** Reserves include funds saved for future capital maintenance of the expanded Library facility, as well as current capital needs
- ❖ **General:** Reserves consist of savings for general governmental facilities, set aside from annual budgetary savings

The first chart below shows the proposed biennial budget while the second one shows funds set aside for each of the above purposes.

Equipment Replacement

EQUIPMENT REPLACEMENT FUND

Public Works, in conjunction with the user departments, are responsible for evaluating the City's overall fleet purchasing strategy and recommends new vehicles or replacement vehicles based on use, age, and safety requirements. Additionally, different

departments have the need to set aside funds for future major equipment replacement. Vehicles and equipment are initially purchased by the operating department. Once the initial purchase is made, the vehicle is then charged back to that department on annual installments through a savings fund established for future vehicle or equipment replacement purchases.

UTILITY CUSTOMER SERVICE FUND

OVERVIEW

The Customer Service Division operates within Finance in an internal service fund that provides support to various departments across the City. Revenues are from internal service charges to other funds for billing and collection services. The team emphasizes providing high quality customer service to Oregon City residents.

Internal services are provided primarily to Water, Wastewater, Stormwater and Pavement Maintenance utilities. The Division also provides services to Water Environment Services (Clackamas County Sewer) and South Fork Water Board (Oregon City and West Linn Water Treatment) and receives compensation from those agencies. Consolidation of these services

provides the most economical program and minimizes the number of referrals for users with questions.

ACCOMPLISHMENTS

- ❖ Successfully hired a new utility customer service field worker to replace a retired senior tenured staff member
- ❖ Began cross training staff and updates to departmental procedures to ensure redundancy in operations

GOALS AND PROJECTS

- ❖ Continue to improve efficiencies by automating various processes
- ❖ Enhance customer service quality with increased training and new approaches

BUDGET HIGHLIGHTS

Office & Administrative Supplies increased from the prior biennium due primarily to increased credit card fees. The cost of accepting credit cards has continued to increase over the past few years; in part as utility rates have increased and as credit card fees have increased, but especially as more customers have begun to utilize credit card as their preferred method of payment.

Internal Service Charges increased to reflect a more equitable allocation of charges for the services the Division receives from other internal support departments such as information technology, etc.

DEBT SERVICE FUND

The Debt Service fund is used to account for the accumulation of resources used for the payment of principal and interest on long-term obligations, of governmental funds; namely General Obligation Bonds, as well as other types of governmental bonds (e.g. revenue bonds).

During the upcoming biennium, debt principal and interest for the Public Employee Retirement System Bonds and the Oregon City Full Faith and Credit Obligation Bonds will be paid from the fund.

Further information on the City’s debt is included in a separate section later in this budget.

PERS BONDS

The Public Employee Retirement System (PERS) Unfunded Actuarial Liability Bonds were issued by the City in 2005 in the amount of \$17 million

to fund its PERS actuarial liability. These bonds mature in 2028. Revenues to pay the bonds come from resources set aside annually from savings on employer contributions.

COMMUNITY SAFETY ADVANCEMENT FUND (CSAF) BONDS

The City issued \$16,000,000 of voter-approved Full Faith and Credit Obligation bonds dated June 5, 2018, to provide a new police and municipal court facility. The bonds were issued

at a premium of \$1,542,183 resulting in face value of the bonds of \$14,615,000. The bond premium is to be amortized over the life of the bonds, which mature in 2038. Interest rates on the bonds range from 3.00% to 5.00%. Revenues to pay the bonds come from a transfer of CSAF Utility fees designated for such purpose.

Parks Donations

PARKS DONATIONS FUND

This division accounts for fundraisers, collection fees and community and private donations to specific events or facilities and expenditures as designated by the revenue source. All donations received are accounted for separately by donor restriction or purpose.

These funds help offset the cost of community-developed projects, community fundraising events and activities, facility upgrades and events, and special recreational and Heritage events. Additionally, Pioneer Center and Meals on Wheels donations are used to purchase materials for those programs. This new fund was created in the 2023-2025 biennium.

PERSONNEL

OVERVIEW OF PERSONNEL CHANGES

The 2025-2027 biennial budget approves a net **decrease of 5.12 FTE** over the previous adopted 2023-2025 biennial budget. Decreases in FTE are mainly in the General Fund.

Policy and Administration: Net increase of 1.07 FTE

The budget includes the addition of a full-time Community Engagement Specialist and limited duration Municipal Court FTE. Juxtaposed by a .97 net decrease in City Recorder and Economic Development part-time.

General Government: Net increase of 1.0 FTE

The budget includes the movement of a Parks Maintenance FTE, to one Facilities Maintenance Specialist, resulting in a 1.0 increase in Facilities.

Police: Net decrease of 2.48 FTE

The budget includes the addition of one Police Officer, offset by the elimination of one Police Records Specialist, the Homeless Liaison Officer, one Code Compliance Officer and the part-time parking operations, resulting in a 2.48 decrease.

Parks and Recreation: Net Decrease of 3.26 FTE

The budget includes the movement of a Parks Maintenance FTE, to one Aquatics Recreation Coordinator and movement of Recreation part-time staff to Aquatics. The elimination of all seasonal/part-time Parks Maintenance, decrease in Parks Administrative FTE, adjustment of part-time hours at the Pioneer Community Center, and the transfer of one Parks Maintenance FTE to one Facilities Maintenance Specialist at Facilities.

Library: Increase of 1.0 FTE

The budget includes a recalibration between On-Call/part-time Library Assistants and full-time positions. The addition of a Library Services Manager and 1.63 Part-Time Library Assistants, is offset by the elimination of .63 On-Call/part-time Library Assistants and one Librarian.

Community Development: Decrease of 0.25 FTE

The Building Division eliminated the part-time Plans Examiner position.

Public Works/Engineering: Decrease of 2.20 FTE

The Engineering Division eliminated the part-time hourly position, 1.0 Senior Construction Inspector, and 1.0 Senior Project Engineer.

Additional Information – Personnel

As cities grow in population, the demand for services increases, which requires increases in staffing levels. Historically, the City has been consistent in responding to staffing needs given the growth in population and the need for services City-wide.

The chart below shows, for the upcoming biennium and the previous five biennia, Oregon City’s number of budgeted FTE per 1,000 residents.

As shown in the chart below, Oregon City maintains a relatively low ratio of FTEs to population in comparison to neighboring cities.

Note: Some neighboring cities may include outlier services such as Transit/Bus Service, Fire, 911 Dispatch, Golf & Tennis, etc.

PERSONNEL COSTS

Total anticipated costs for wages and fringe benefits are approximately \$76.5 million in the 2025-2027 biennium. This represents an increase of \$6.7 million as compared to the 2023-2025 biennium. Increases in wages are a result of annual cost of living adjustments of 3.0%, during the first and second year of the biennium, and step increases called for in the labor contracts. Additionally, the City will experience a decrease to PERS rates of 21.86%

of wages in FY26 (mainly due to retirements) and an increase to PERS rates 3.23% of wages in FY27, due to PERS legacy costs. The City has two bargaining units, City of Oregon City Employees Local 350-2 Council 75, of the American Federation of State County and Municipal Employees (AFSCME), and the Oregon City Police Employees' Association (OCPEA), which represent approximately 71% of all City positions. Current union contracts expire on June 30, 2025.

CAPITAL IMPROVEMENT PROGRAM

OVERVIEW

Capital Outlay expenditures involve the acquisition or construction of equipment, land, and capital facilities. The Capital Improvement Program (CIP) establishes Oregon City’s budget for capital projects. A capital project is that which improves or adds value to the City’s capital facilities, costs \$10,000 or more, and has a useful life or extends the useful life of infrastructure for 5 years or more. Oregon City’s capital facilities include roads and pathways, parks and cemetery facilities, water distribution system, sanitary sewer collection system, stormwater drainage system, and public and operations buildings. Capital assets, tangible personal property (TPP), and intangible replacements with a cost over \$10,000 each and a useful life of more than 1 year are also included in the annual capital budget. Guiding policies and financing strategies for the CIP are included earlier in this document under the Financial Policies section.

The estimated useful lives of the various categories of capital assets (facilities and TPP) are as follows:

- ◆ Buildings and other Facilities 30-40 years
- ◆ Equipment and Fixtures 8-20 years
- ◆ Roads and Pathways 20-50 years
- ◆ Utility Systems 20-50 years

Total capital spending for the City in the 2025-2027 biennium is budgeted at \$60,434,400 across all funds. Approximately \$54.47 million of the projected spending is on capital projects while \$5.96 million is for TPP and software.

Approximately \$27.76 million, or 51%, of Oregon City’s capital projects represent routine or ongoing capital renewal and replacements. These expenditures are included in almost every budget and will have no significant impact on the operating budget. These projects include annually scheduled roadway or pathway improvements (repaving, reconstruction, or repair), park structure replacement, annually scheduled waterline or wastewater line replacements, and stormwater drainage and water quality improvements. In some instances, these projects may generate operating savings in reduced risks and maintenance costs.

A total of \$26.71 million, or 49%, of budgeted capital projects are for either new construction or significant improvements or upgrades to the City’s infrastructure assets. The majority of these expenditures are for City infrastructure projects; together they total \$54.47 million and account for 90% of the total capital projects budget. The following pages provide additional detail on capital outlay spending; significant projects are explained below:

- ❖ Inflow and Infiltration (I & I) Program – The budget includes funding in the amount of \$14.0 million for transition to a consultant managed I & I reduction program to help augment staff capacity to deliver in I & I focused projects beginning with high priority areas in the Rivercrest, Linn, McLoughlin, and Newell basins
- ❖ Highway 213 & Beavercreek Rd. – The budget includes \$1.2 million for this Transportation project and over half is eligible for System Development Charge (SDC) funding. The City will provide improvements to Highway 213 and Beavercreek Rd. west bound right hand turn lane
- ❖ Roadway Reconstruction – This biennium includes \$4.77 million in funding for pavement preservation. This will include street overlays, reconstruction of potholed pavement, and slurry seals throughout the city. This project will help to improve the city’s pavement condition index (PCI). The PCI is a numerical index that is used to indicate the general condition of pavement. The goal for the 2025-2027 biennium is to increase the City’s PCI from 77 to 78

Additional Information – Capital Improvement Program

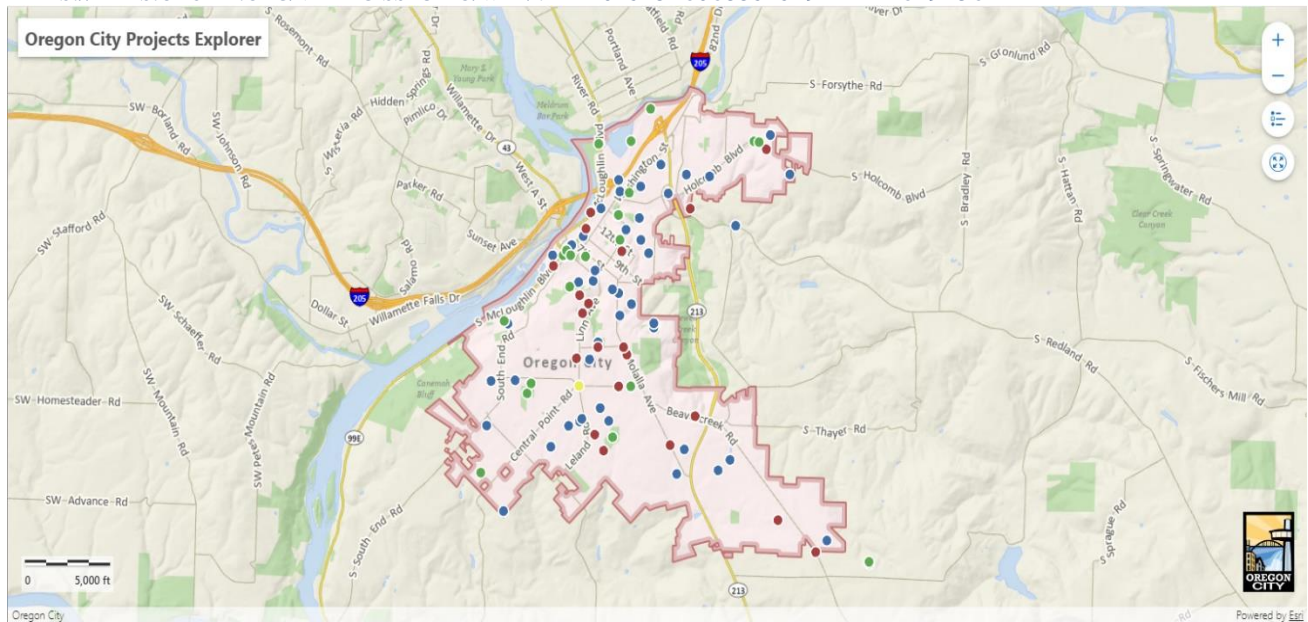

- ❖ **Henrici Pump Station & Transmission Main**– The budget includes \$10.6 million to increase capacity of water transmission to Henrici Reservoir. This is one of several major water projects that is included in the biennium. The city is currently working through the WIFIA loan process. If the loan

application is successful, the city will move forward with a low-interest loan (targeted at 5%).

- ❖ The status of many of the city’s major Capital Improvement Projects can be found here: <https://www.orecity.org/projects>

Every year the city’s GIS Department maps out the Capital Improvement projects that will be occurring during the year. Below is a link to the city’s Capital Improvement projects map.

<https://maps.orecity.org/vertigisstudio/web/?app=0f618dc0c88646a9b4f5eac9d5cfd21>

2025-2027 BIENNIUM CAPITAL BUDGET

The following chart itemizes the 2025-2027 capital budget. Projects are grouped by program as defined below and by funding source. Project information includes project description, annual operating impact, and total dollar amount of capital expenditures for each year of the biennium and the biennial total, and project type as shown below:

Renewal and Replacement: These costs are part of ongoing renewal and replacement programs such as roadway reconstruction or waterline improvements. These projects either have zero operating impact or will over time reduce operating costs.

Improvements and Upgrades: These represent expansion or upgrade projects, such as extension of a water line for improved connectivity or increased capacity of a roadway to improve traffic flow. The projects listed usually have no impact on the operating budget or may over time reduce certain indirect costs (fewer requests for service, reduced traffic congestion and accidents).

New Construction: These represent either the expansion or replacement of a facility (building or infrastructure).

Additional Information – Capital Improvement Program

Project Description	Type	Annual Operating Impact	General Fund	Library Fund	Planning Fund	Building Fund	Equip Repl Fund	Transportation Fund	
			prop taxes, Grant Match, ROW fees, etc.	Special Revenue	plan fees	permit fees	interfund transfers	gas taxes	PMUF

Additional Information – Capital Improvement Program

TANGIBLE PERSONAL PROPERTY (TPP)

TPP are specific items of property excluding real estate that are tangible in nature, have an expected life longer than one year and have a value of \$10,000 or more. The Capital Program includes planning for TPP replacements, and new purchases of vehicles, equipment and furnishings. A total of \$4,377,000, or 7.2% of total capital outlay, is proposed for the 2025-2027 biennium.

Depending on the asset type, most assets are expected to have a useful life of 8 to 20 years. As a result, planned maintenance and periodic replacement is essential. Vehicles, equipment

and furnishings are reviewed for replacement once the asset is 5-7 years old and then annually until replaced. Each department prepares a list of any assets requiring replacement, including a description, location, original cost and estimated budget for the item. These requests are submitted to and budgeted in the Equipment Replacement Fund. Vehicles and motorized equipment are also evaluated by the Fleet Division of the Public Works Department, while computer replacements are recommended by the Information Technology Department. Requests for purchase require cost quotes and justification. The following is a list of requested TPP for the upcoming biennium.

Description	Type	2025-2026 Budget	2026-2027 Budget	2025-2027 Biennium
Public Works, Engineering, and Fleet and Equipment				
New 200-Gallon De-Ice/Pesticide Spray Tank	Replacement	\$ 12,500		\$ 12,500
New 925-Gallon De-Ice Spray Tank	Replacement	15,000		15,000
Aerial Bucket Truck (Replace Vehicle #466)	Replacement	196,700		196,700
Asphalt Distributor/Tack Spray System (Replace #482)	Replacement	54,000		54,000
8 Yard Dump Truck with Plow & Sander (Replace Vehic	Replacement	280,000		280,000
De-Icer System Control Sprayers	Replacement	30,000		30,000
Vactor Trailer (New)	Replacement	162,000		162,000
Ford F-450 Utility Truck (Replace Vehicle 348)	Replacement		145,000	145,000
TV Inspection Equipment & Chassis (Fleet ID 542)	Replacement	500,000		500,000

		\$ 487,000	\$ -	\$ 487,000
Policy and Administration				
Public, Educational and Governmental Equipment	Replacement	\$ 10,000	\$ 10,000	\$ 20,000
Customer Kiosk	Replacement	5,000		5,000
Vehicles	Replacement	55,000		55,000
		\$ 70,000	\$ 10,000	\$ 80,000
TOTAL TPP		\$ 3,159,000	\$ 1,218,000	\$ 4,377,000

DEBT ADMINISTRATION

DEBT SUMMARY

Oregon City will have an estimated \$20.35 million in debt outstanding at the beginning of this budget biennium, or as of July 1, 2025, as described below and consisting of the following:

- ❖ **Public Employee Retirement System (PERS) Unfunded Actuarial Liability Bonds:** City issued \$17 million in bonds dated September 28, 2005 to fund its PERS actuarial liability; matures in 2028.
- ❖ **Library General Obligation Bonds:** City issued \$6 million in voter approved General Obligation bonds dated January 7, 2015 to renovate and expand the Oregon City Library at Carnegie Center; matures in 2034.

- ❖ **Public Safety Full Faith and Credit Obligations:** City issued \$16 million in voter-approved bonds dated June 5, 2018 to provide a new public safety building. The bonds were issued at a premium of \$1,542,183 resulting in face value of the bonds of \$14,615,000. Interest rates on the bonds range from 3.00% to 5.00%. Matures in 2038.
- ❖ **Water Infrastructure Finance and Innovation Act (WIFIA) Loan:** City closed a loan agreement with the Federal Environmental Protection Agency (EPA) on July 20, 2023 for multiple water system improvement projects. Principal payments are deferred until substantial completion in fiscal year 2028 and interest payments at 3.94% will make interest only payments until substantial completion. Matures in 2063.

	Original Debt Amount	Interest Rates	Beginning Balance as of July 1, 2025	Less: Principal Due	Ending Balance as of June 30, 2026	Less Principal Due	Ending Balance as of June 30, 2027
Limited Obligation Bonds							
PERS Retirement Liability	\$ 17,030,000	3.75-4.25%	\$ 4,515,000	\$ 1,690,000	\$ 2,825,000	\$ 1,850,000	\$ 975,000
General Obligation Bonds							
Library Expansion	\$ 6,000,000	3.08%	\$ 3,222,090	\$ 316,130	\$ 2,905,960	\$ 325,867	\$ 2,580,093
Full Faith and Credit Bonds							
Public Safety Building	\$ 14,615,000	3-5%	\$ 10,810,000	\$ 630,000	\$ 10,180,000	\$ 655,000	\$ 9,525,000
Water Infrastructure Finance and Innovation Act Loan							
Water Infrastructure	\$ 16,311,537	3.94%	\$ 1,807,000	\$ -	\$ 8,657,000	\$ -	\$ 14,709,000
Total Debt	\$ 53,956,537		\$ 20,354,090	\$ 2,636,130	\$ 24,567,960	\$ 2,830,867	\$ 27,789,093

COMPLIANCE

City-issued debt contains various legal requirements including debt and rate and revenue covenants as well as mandatory reserves. The City is in compliance with all such requirements and covenants. The City received a credit rating upgrade to AA+ in 2018 from Standard & Poor’s for the general obligation debt.

DEBT LIMITATION

Under Oregon Revised Statutes, general obligation (property-tax supported) debt is limited to three percent of real market value of all taxable property within the City’s boundaries. The legal debt limit for fiscal years 2026 and 2027 cannot be determined until November 2025 and 2026, respectively, when the tax assessor distributes property tax information. The City’s outstanding general obligation debt of \$3.22 million as of June 30, 2025, is significantly below the current debt limitation of \$235.41 million based on the 2024 real value of \$7.96 billion.

Additional Information – Debt Administration

FUTURE DEBT SERVICE REQUIREMENTS

The following table provides a summary of debt service (principal and interest) requirements for the current year, next four years, and thereafter, for Oregon City's bonds.

GLOSSARY

Accrual Basis The recording of the financial transactions of a government, and other events and circumstances that have cash consequences for the government, in the periods in which those transactions, events and circumstances occur, rather than only in the periods in which cash is received or paid by the government.

ADA Acronym for the Americans with Disabilities Act of 1990.

PROPOSED Budget The proposed budget, after approval by the Budget Committee, becomes the PROPOSED budget after City Commission takes action on it. The PROPOSED budget becomes effective July 1 and includes all Commission PROPOSED changes throughout the biennium.

Ad Valorem Tax A property tax based on the assessed value of a property.

Agency Fund A fund normally used to account for assets held by government as an agent for individuals, private organizations or other governments and/or other funds.

Amortization The portion of the cost of a limited-life or intangible asset charged as an expense during a particular period.

Annual Comprehensive Financial Report (ACFR) The annual audit document publishing the City's financial results including notes, statistics, and the auditor's opinion and comments.

Appropriation Legal authorization granted by the City Commission to make expenditures and to incur obligations for specific purposes.

Approved Budget Proposed budget as amended and approved by the Budget Committee and recommended to the City Commission for adoption.

APWA Acronym for the American Public Works Association, an international educational and professional association of public agencies, private sector companies, and individuals in the public works fields.

ARPA American Rescue Plan Act.

Assessed Valuation A valuation set upon real estate or other property by a government as a basis of levying taxes.

Asset Resource having a monetary value and that is owned or held by an entity.

Audit An annual financial examination conducted by an independent auditing firm; final report includes an opinion on the accuracy of financial information and on compliance with laws and regulations.

Balanced Budget The State of Oregon defines a balanced budget as "the total resources in a fund equal the total of expenditures and requirements for that fund".

Additional Information – Glossary

Basis of Accounting A term used to refer to when revenues, expenditures, expenses, and transfers – and the related assets and liabilities – are recognized in the accounts and reported in the financial statements.

Budget A financial and operational plan including an estimate of proposed expenditures and the means of financing them for a given period.

Budget Calendar The schedule of key dates which a government follows to prepare and adopt the budget.

Budget Committee A group comprised of the elected officials plus an equal number of residents for the purpose of reviewing the proposed budget and recommending changes leading to an approved budget. As dictated by Oregon State Statute, the budget committee consists of the governing body and a like number of appointed residents.

Budget Document A written report showing a government’s comprehensive financial plan for a specified period, typically one or two years, that includes both capital and operations.

Budget Message Discussion and explanation of the submitted budget presented by the City Manager as part of the budget document. It includes the City’s financial priorities and goals for the coming budget period as well as a summary of changes from prior years.

Budgetary Basis Budgets are PROPOSED on a basis consistent with Generally Accepted Accounting Principles (GAAP), with the exception that neither depreciation nor amortization is budgeted for proprietary funds and bond principal in the enterprise funds is subject to appropriation.

Capital Assets Long-lived tangible assets obtained or controlled as a result of past transactions, events or circumstances. Capital assets, also referred to as fixed assets, include land, right-of-way, buildings, improvements, infrastructure and equipment costing over \$5,000 with an estimated life of one year or more.

Capital Budget A plan of proposed capital outlays and the means of financing them.

Capital Improvement Program (CIP) A plan for capital expenditures to be incurred each year over a fixed period of years to meet capital needs arising from the long-term work program or other capital needs.

Capital Improvement Project Expenditures which result in the acquisition of land, improvements to existing facilities, and construction of streets, sewers, storm drains and other public facilities.

Capital Outlay Expenditures that result in the acquisition or addition of a capital asset or increase the capacity, efficiency, span of life, or economy of operating as an existing capital asset. It includes expenditures relating to land, buildings, infrastructure, facilities, machinery and equipment.

Capitalization Policy The criteria used by the government to determine which outlays should be reported as fixed assets. For an item to qualify as a capital outlay expenditure it must meet all of the following requirements: (1) have an estimated useful life of more than one year; (2) have a cost of \$5,000 or more per item; and (3) be a betterment or improvement. Replacement of a capital item is classified as capital outlay under the same code as the original purchase.

Capital Projects Fund A fund created to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds and trust funds).

Cash Basis A basis of accounting under which transactions are recognized only when cash is received or disbursed.

Cash Management Management of cash necessary to pay for government services while investing temporary cash excesses in order to earn investment income.

Charges for Service Includes a wide variety of fees charged for services provided to the public and other agencies.

Contingency A budgetary reserve set aside for emergencies or unforeseen expenditures not otherwise budgeted. Contingency may be appropriated for a specific purpose by the City Commission by resolution.

Consumer Price Index A statistical description of price levels provided by the U.S. Department of Labor. The index is used as a measure of the increase in the cost of living (i.e., economic inflation).

Core Services The primary services local governments provide for their residents to ensure safety and livability within a community. Examples include police, recreation, roads, water and permitting.

Debt An obligation resulting from the borrowing of money or from the purchase of goods and services. Debts of governments include bonds, time warrants and notes.

Debt Limit The maximum amount of outstanding gross or net debt legally permitted.

Debt Service Fund A fund established to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

Debt Service Requirements The amount of money required to pay interest on outstanding debt, serial maturities of principal for serial bonds and required contributions to accumulate monies for future retirement of term bonds.

Dedicated funds Resources that are legally or contractually restricted for use on specific programs or projects. Examples include water utility rates, system development charges and grants,

Deferred Revenue Amounts for which asset recognition criteria have been met, but for which revenue recognition criteria have not been met.

Delinquent Taxes Taxes remaining unpaid on or after the date to which a penalty for nonpayment is attached. Even though the penalty may be subsequently waived and a portion of the taxes may be abated or cancelled, the unpaid balances continue to be delinquent taxes until abated, canceled, paid or converted into tax liens.

Department The combination of organizational units of the City headed by a general manager with a specific and unique set of goals and objectives (i.e., Policy and Administration, Police, Community Development, Public Works, etc.)

Depreciation An accounting convention used to charge the expiration in the service life of a fixed asset to the period it benefits.

Additional Information – Glossary

Discretionary funds Resources of a general nature that are not dedicated to the provision of specific services. Examples include property taxes, state shared revenues and investment income.

Employee Benefits Benefits include social security, retirement, group health, dental and life insurance, workers' compensation, and disability insurance.

Enterprise Fund A fund established to account for operations financed and operated in a manner similar to private business enterprises (e.g., water, airport, sewer).

Expenditures Decreases in net financial resources. Expenditures include current operating expenses requiring the present or future use of net current assets, debt service and capital outlays, and intergovernmental grants, entitlements and shared revenues.

Fees Charges for specific services in connection with providing a service, permitting an activity or imposing a fines.

Fiduciary Fund Type The Trust and Agency funds used to account for assets held by a government unit in a trustee capacity or as an agent for individuals, private organizations, other government units and/or other funds

Financial Resources Cash or other assets that, in the normal course of operations, will become cash.

Fiscal Year A twelve month period to which the annual operating budget applies and at the end of which a government determines its financial position and the results of its operations.

Fixed Assets Long-lived tangible assets obtained or controlled as a result of past transactions, events or circumstances. Fixed assets, also referred to as capital assets, include land, right-of-way, buildings, improvements, infrastructure and equipment costing over \$5,000 with an estimated life of one year or more.

Franchise A special privilege granted by a government, permitting the continued use of public property, and usually involving the elements of monopoly and regulation.

Franchise Fee Charged to all utilities operating within the City and is a reimbursement to the General Fund for the utility's use of City streets and rights-of-way.

FTE Abbreviation for Full Time Equivalent. Staffing levels are measured in FTE's to give a consistent comparison from year to year. In most instances an FTE is one full time position filled for the entire year, however, in some instances an FTE may actually consist of several part time positions.

Fund A fiscal and accounting entity with a self-balancing set of accounts in which cash and other financial resources, all related liabilities and residual equities, or balances, and changes therein, are recorded and segregated to carry on specific activities or attain certain objectives in accordance with special regulations, restrictions or limitations.

Fund Balance The difference between fund assets and fund liabilities.

Fund Type Category into which all funds are classified in governmental accounting. Types are: general, special revenue, debt service, capital projects, enterprise, internal service, and trust and agency.

General Fund The fund used to account for all financial resources, except those required to be accounted for in another fund.

Generally Accepted Accounting Principles (GAAP) Uniform minimum standards and guidelines for financial accounting and reporting. They govern the form and content of the financial statements of an entity. GAAP encompass the conventions, rules and procedures necessary to define accepted accounting practice at a particular time. They include not only broad guidelines of general application, but also detailed practices and procedures.

Government Finance Officers Association (GFOA) Professional association of state, provincial and local finance officers in the United States and Canada.

Geographic Information System (GIS) A system designed to capture, store, manipulate, analyze, manage, and present spatial or geographic data.

Governmental Fund Types Funds used to account for the acquisition, use and balances of expendable financial resources and the related current liabilities – except those accounted for in proprietary funds and fiduciary funds.

Grants Contributions or gifts of cash or other assets from another government to be used or expended for a specified purpose, activity, or facility.

Infrastructure Assets Public domain fixed assets such as roads, bridges, curbs and gutters, streets and sidewalks, drainage systems, lighting systems, and similar assets that are immovable and of value only to the government unit.

Interfund Transfers All interfund transactions except loans.

Intergovernmental Revenues Revenues from other governments in the form of grants, shared revenues, financing agreements, or payments in lieu of taxes.

Internal Service Fund A fund used to account for the financing of goods and services provided by one department or agency to other departments or agencies of a government, or to other governments, on a cost reimbursement basis.

Levy Gross amount of property taxes imposed on the assessed value of taxable property. The net amount received by a government will be less than the gross levy as a result of delinquent or uncollectible payments or early payment discounts. Budgets are developed on the basis of the projected amount of property taxes receivable.

Liabilities Probable future sacrifices of economic benefits, arising from present obligations of a particular entity to transfer assets or provide services to other entities in the future as a result of past transactions or events.

Local Budget Law Oregon Revised Statutes (ORS) dictates local budgeting practices. ORS Chapter 294 contains Local Budget Law provisions.

Local Option Levy Ability provided by ORS to ask voters for temporary authority to increase taxes. The maximum length of time for a local option levy is 10 years for capital purposes or 5 years for operations. A local option levy must be approved by a majority of voters.

Additional Information – Glossary

Materials and Services Object classification to account for purchases of materials and services excluding capital outlay, personnel and debt service.

Measure 5 A constitutional limit on property taxes passed by voters in the State of Oregon in November 1990. This law sets maximum tax rates on individual properties of no more than \$5 per real market value for education taxing districts and \$10 for general government taxing districts.

Measure 50 A 1997 voter approved initiative which rolled back assessed values to 90 percent of their levels in fiscal year 1995-96 and limits future annual increases to three percent, except for major improvements. Property tax rates are now considered permanent and not subject to change.

Metropolitan Service Area (MSA) A geographical region with a relatively high population density at its core and close economic ties throughout the area.

Mission Primary purpose of the City which guides city-wide policies, decisions, and activities.

Modified Accrual Basis of accounting in which expenditures other than accrued interest on general long-term debt are recorded at the time liabilities are incurred and revenues are recorded when received. All governmental funds are accounted for using the modified accrual basis of accounting.

Net Bonded Debt Gross bonded debt less any cash or other assets available and earmarked for its retirement and less all self-supporting debt (e.g., revenue bonds).

NPDES The federal Clean Water Act requires that all municipal, industrial and commercial facilities that discharge wastewater or stormwater directly from a point source (a discrete conveyance such as a pipe, ditch or channel) into a water of the United States (such as a lake, river, or ocean) must obtain a **National Pollutant Discharge Elimination System** (NPDES) permit.

ODOT Abbreviation for Oregon Department of Transportation.

Operating Budget Planned, current expenditures and the proposed means of financing them. The annual operating budget is the primary means by which most of the financing, acquisition, spending and service delivery activities of a government are controlled.

Ordinance A formal legislative enactment by the governing body of a municipality. The difference between an ordinance and a resolution is that the later requires less legal formality and has a lower legal status.

Oregon Revised Statutes (ORS) The codified body of statutory law governing the U.S. State of Oregon, as enacted by the Oregon Legislative Assembly, and occasionally by resident initiative. The statutes are subordinate to the Oregon Constitution.

Organizational Unit A responsibility center within a government.

Overlapping Debt The proportionate share, property within each government must bear of the debts of all local governments located wholly or in part within the geographic boundaries of the reporting government.

PERS Abbreviation for the State of Oregon Public Employees Retirement System.

Performance Measure Data collected to determine how the effectiveness or efficiency of a department, program, or activity is doing in achieving its objectives.

Permanent Tax Rate (See Measure 50) Taxing districts were assigned a permanent tax rate maximum in fiscal year 1997-98. This permanent tax rate applies to property taxes for core operations.

Personal Services Object classification to account for compensation to City employees in the form of salaries, wages and employee benefits.

Program A group of related activities to accomplish a major service or function for which the local government is responsible.

Proposed Budget The budget proposed by the City Manager and submitted to the Budget Committee prior to their deliberations.

Property Tax Based off of the assessed value of property times the permanent tax rate and are used as the source of monies to pay general obligation debt and core city services.

Proprietary Fund Types Sometimes referred to as income determination or commercial-type funds, the classification used to account for a government's ongoing organizations and activities that are similar to those often found in the private sector (i.e., enterprise and internal service funds).

Requirements Total expenditures and unappropriated fund balance.

Reserved Fund Balance The portion of fund balance that is not appropriable for expenditure or that is legally segregated for a specific future use.

Resolution A special or temporary order of a legislative body; an order of a legislative body requiring less legal formality than an ordinance or statute.

Resources Total amounts available for appropriation consisting of the estimated beginning carryover balance plus anticipated revenues.

Restricted Assets Monies or other resources, the use of which is restricted by legal or contractual requirements.

Retained Earnings An equity account reflecting the accumulated earnings of an enterprise or internal service fund.

Revenues (1) Increases in the net current assets of a governmental fund type from other than expenditure refunds and residual equity transfers. (2) Increases in the net total assets of a proprietary fund type from other than expense refunds, capital contributions and residual equity transfers.

SAIF SAIF Corporation is Oregon's not-for-profit, state-chartered workers' compensation insurance company.

Shared Revenues Revenues levied by one government but shared on a predetermined basis, often in proportion to the amount collected at the local level, with another government or class of governments.

Special Assessment A compulsory levy made against certain properties to defray all or part of the cost of a specific capital improvement or service deemed to benefit primarily those properties.

Special Revenue Fund A fund used to account for the proceeds of specific revenue sources (other than major capital projects) that are legally restricted to expenditure for specific purposes.

Additional Information – Glossary

Supervisory Control and Data Acquisition (SCADA). A control system architecture that uses computers, networked data communications and graphical user interfaces to interface to the process plant or machinery.

Supplemental Budget Prepared to meet unexpected needs or to spend revenues not anticipated at the time the regular budget was PROPOSED. The supplemental budget cannot be used to increase a tax levy.

Systems Development Charges (SDC's) Fees charged to join or to extend or improve an existing utility system.

Tax Base Oregon law allows cities within the State, with voter approval, to establish a dollar amount of property tax that may be levied on property within the City.

Taxes Compulsory charges levied by taxing districts for the purpose of financing services performed for the common benefit. This term does not include specific charges made against particular persons or property for current or permanent benefits such as special assessments. Neither does the term include charges for services rendered only to those paying such charges, such as water service.

Tax Levy The total amount of property taxes needed to pay for basic government operations as well as sufficient amounts to pay for principal and interest on voter-approved bond issues.

Tax Rate The amount of tax levied for each \$1,000 of assessed valuation.

Unappropriated Ending Fund Balance Resources not appropriated but budgeted to account for the cash flow requirements of operations and to preclude the necessity for short-term borrowing of funds prior to receipt of budgeted revenues, or in the event of a declared emergency.

User Fees Charges for services to the specific entity that directly benefits.

WIFIA Water Infrastructure Finance and Innovation Act. Established by the Water Infrastructure Finance and Innovation Act of 2014, the WIFIA program is a federal loan and guarantee program administered by the Environmental Protection Agency (EPA). WIFIA's aim is to accelerate investment in the nation's water infrastructure by providing long-term, low-cost supplemental credit assistance for regionally and nationally significant projects.
